NUMBER 47

THE BEST YEAR YET FOR PACIFIC COLLEGE

Annual Opening Sept. 18, With Prospects for Biggest Year in Its History

FACULTY WILL BE ENLARGED

New Building Being Erected For Chemistry Laboratory—Standardization Is Sought

Pacific College will open for the registration of students Monday morning, September 18, and all indications point to the biggest and best year in the history of the college.

The faculty will be larger and better prepared than ever before. Of the twelve regular teachers of last year, in addition to the music department, all but two will be actively engaged on the force the coming year. Willard R. Shattuck has resigned to accept a responsible position in Friendsville Academy, Friendsville, Tennessee; while Floyd W. Perisho is taking a full year of graduate work in the University of Iowa, having been granted a year's leave of absence for that purpose.

The position at the head of the department of Psychology and Education, which Professor Shattuck is leaving, has been filled by the election of Grace Mitchell Conover, who is a graduate of Penn College, with an M. A. from the T. Wister Brown Graduate School of Haverford College. She is a successful teacher and will maintain a high standard in this important department.

Chester Jones will be acting head of the Department of Chemistry the coming year. Since his graduation from Penn College he has had successful experience as a school superintendent, and has spent a full year in graduate work toward his Doctor's degree. He is taking this position for a year, and upon the return of Professor Perisho in the fall of 1923, Professor Jones will resume his work for his Doctor's degree.

Two additional teachers will be on duty when the college opens. The first of these will be Chase E. Conover, an A. B. of Penn College and an M. A. of the T. Wister Brown Graduate School of Haverford. He will head the new Department of Economics and Sociology. In addition to successful teaching experience, he held a responsible position in the War Relief work of Friends in France and was for a time in the field work of American Friends Board of Foreign Missions.

A new man will be appointed to head the Department of Mathematics and Physics in the Academy. Negotiations are under way for this position but the name of this teacher cannot yet be announced.

All the others will be back on the force, President Pennington and Professor Lewis with their new degrees, Miss Lewis, Miss Sutton, and Professor Macy with an additional summer term of graduate work.

The college building equipment will be very much better the coming year than ever before. The old college building is being remodeled for the exclusive use of the Academy and Commercial Department. The Academy study room in Wood-Mar Hall has been very much over-crowded during the past year and the new study room in the old building will provide almost a third more space, in a room of better shape. Four new class rooms are being provided in the old building, the west end of the basement is being furnished for cloak and toilet rooms, better lighting is being provided, and the interior redecorated, while this half of the building is being provided with a large furnace of the same pattern as those in Wood-Mar Hall.

The Physics and Biology for both Academy and College are now located in Wood-Mar Hall where this work can be very much better done than in the old college building. The Home Economics work for both Academy and College will be done as heretofore in the laboratory in Wood-Mar Hall.

In addition to these changes a new building is being erected for the chemistry laboratory. This temporary wooden building, which will house the chemistry work until the erection of a permanent science building, will stand just west of Wood-Mar Hall. It will be 24x36 feet in size, with a stock room and an office for the chemistry teacher, in addition to the laboratory.

In addition to these increases in faculty personnel and building equipment, there are to be large increases in the library and in the laboratory apparatus. An appropriation has been made for over two thousand additional books for the College library and these will be on hand for the students the coming year. The apparatus for the science laboratories will be more than doubled, much of this material having already been ordered. The rest will be on its way in the near future.

There has been a general reorganization of the college departments in line with the standardization requirements of the United States Bureau of Education. Though the instruction will be given along a number of other lines, there will be eight regular departments, each with a full-time professor at its head, as fol-

A PRETTY HOME WEDDING IN THE SUNNYCREST DISTRICT

One of the most interesting events of the season at Sunnycrest was the marriage of Miss Sadie Alspaugh and Kenneth J. Markel which occurred at 2 o'clock Sunday, August 20, at the home of the bride parents. The Rev. Mr. Gibson of the Methodist church officiated.

The bride wore delicate blue satin beaded gown and carried an elaborate bouquet of white sweet peas and white streamers, ferns, and golden-glow, and here and there a touch of gladiol. After the ceremony a sumptuous chicken dinner was served to all the guests. Those present were: Mr. and Mrs. Wesley Alspaugh, Edith Alspaugh, Harry, Claude and Elmer Alspaugh, Mr. and Mrs. R. W. Alspaugh, Mr. and Mrs. Fred Sager, and son, Earl, Mr. and Mrs. Lewis Sager, Mr. and Mrs. Fred Luetli, Jr., Mr. and Mrs. Fred Luetli, Sr., and daughter, Clara; Mrs. James Johnson; Mr. and Mrs. Clyde Williamson and three children; Mr. and Mrs. Ben Cowgill; Earl Zuber and Roydon Wilson. The young couple will make their home at Multnomah.

DOUBLE WEDDING SOLEMNIZED IN CHEHALEM CENTER DISTRICT

Once more the wedding bells rang out last Saturday morning as Forrest Staley and Miss Vivian McClafflin and Robert Shires and Miss Violet Staley presented themselves at the parsonage where Rev. Carl Lewis officiated in the holy bonds of matrimony.

The young folks are very well known having resided here for a number of years.

Each happy pair went immediately to the Staley home where also the parents of the bride, Mr. and Mrs. W. J. McClafflin and little daughter, Lucille and Retabell, and the parents of Robert Shires, Mr. and Mrs. Chas. Shires, Mrs. Rush and Benny Shires aside from R. W. Staley and family sat down to the wedding feast. Actually the table groaned with good things to eat including that huge wedding cake and ice cream. The happy "Newlyweds" made ready in the afternoon and departed on a honeymoon trip en route to the different points along the beach where they will spend some time. May they enjoy all the happiness in store for them as they journey on the sea of matrimony for many years to come is the wish of their Chehalis Center friends.

BORN WOHLGEMUTH—In Fernwood district near Newberg, Oregon, August 19, 1922, to Mr. and Mrs. John Wohlgemuth, a son.

The Neighborhood Club of Villa Road was entertained Wednesday afternoon at the home of J. H. Bauman. Twelve ladies and seven children were present. The afternoon was spent with fancy work and sewing, dainty refreshments were served by the hostess.

Iowa: Philosophy and Bible, Psychology and Education, History and Political Science, Economics and Sociology, English and Literature, Modern Languages, Mathematics and Physics, and Chemistry and Biology. The head of each of these departments will devote his time exclusively to college work, doing no academy teaching. Instruction will also be given in Public Speaking, Home Economics, Greek, Latin, Music, etc.

In addition to his work as teacher of chemistry, Professor Jones will also be in charge of the Men's Dormitory, and will coach athletics. He has had considerable experience as a coach, and will doubtless add not a little zest to the work of Pacific's athletic teams for the coming year. The dormitory women will be in charge of Miss Rena E. Johnson of Baltimore, Maryland. She is a trained nurse and will devote all of her time to the work of the Girl's Dormitory. She comes very highly recommended for this position and the College is fortunate in securing her services.

So far as can be judged by the applications for dormitory rooms and applications for admission to the College, the student enrollment for coming year will be the largest in the history of the institution, especially in the college proper.

President Pennington will be absent during the first two weeks of September, attending the Five Year's Meeting of Friends in America, of which he is one of the Clerks. During his absence Professor R. W. Lewis, Vice-President, will be in charge of the college office, and of the preparations for college opening.

Any requests for information will be answered promptly, and any who desire to enter the College in the fall will find it to their advantage to consult with the college authorities as early as possible.

The opening chapel will occur Wednesday morning, September 20, at 10 o'clock, and to this there is a general invitation and the public will be very welcome. There will be special music and an address by the President of the College.

MRS. KENWORTHY DIED HERE LAST MONDAY

Funeral of Pioneer Oregon Lady Was Held on Wednesday Afternoon—Obituary Given

Matilda T. Haines Kenworthy, daughter of Chalkley and Sarah Haines, was born July 16, 1840, at Damascus, Columbiana County, Ohio, and died at Newberg, Oregon, August 21st, 1922. She was a birth-right friend and was converted at an early date. About 1855 after the death of her father, the mother and eight children moved to Hardin County, Iowa, where they lived some years near Iowa Falls. Later both the Haines and Kenworthy families moved to Oregon and settled in the Willamette Valley in 1871.

Mrs. Kenworthy was sanctified at Canby Campmeeting in 1874 and her fervent prayers and glad "Hallelujahs" have helped many souls.

On March 4th, 1888, she was married to Amos Kenworthy, living near Portland for many years. She has been a member of the Nazarene church for ten years and a "shut-in" crippled by a fall and later by rheumatism. Three years ago they moved to Newberg, and she has prayed much for the salvation of this place. Her niece, Miss Anna, Haines of Washington, has kindly helped Mr. Kenworthy in caring for the patient sufferer. Her missionary zeal is well known. "Blessed are the dead who die in the Lord—and their works do follow them." About a year ago her dear adopted daughter Mrs. Florence Shaver, died. Mrs. Kenworthy leaves to mourn her loss her husband, Amos Kenworthy; her son-in-law, George Shaver, two granddaughters, one brother, nineteen nieces and nephews on her side and eighteen on Mr. Kenworthy's and a host of relatives and friends.

The funeral service was held at the Nazarene church on Wednesday afternoon, her former pastor, Rev. C. D. Norris officiating; interment at Crescent Grove Cemetery near Tigard.

FRED S. STRONG PASSED AWAY IN NEWBERG LAST THURSDAY

Fred Strong who was injured at West Dayton on August 4 while working with a crew which was putting up a new semaphore for the S. P. Co., passed away at his home here last Thursday, August 17 as a result of his injuries and shock. Funeral services were conducted from the M. E. church last Sunday afternoon, Rev. Chas. E. Gibson officiating and interment followed at the local cemetery, services there being in charge of the local Odd-fellow lodge.

Fred S. Strong was born in Phillips county, Kansas, March 28, 1876 and died at Newberg, Oregon, August 17, 1922, aged 46 years, 4 months and 22 days. With his parents he moved to Perrydale, Oregon in 1892. He united with the Christian church in 1894. On October 21, 1917 he was married to Alice M. Tyndall at Newberg, Oregon.

He leaves to mourn his loss, his widow, two sisters, six brothers and a large circle of friends. A precious one from us has gone; A voice we loved is stilled; A place is vacant in our home Which never can be filled. God, in His wisdom, has recalled; The boon His love had given; And though the body moulders here, The soul is safe in Heaven.

LADIES ENTERTAIN

Mrs. Hulda Hanson, Mrs. Mary J. Smith and Mrs. Mary Dobbins entertained about forty ladies of the Woman's Relief Corps and several Grand Army veterans at the home of Mrs. Dobbins last Thursday afternoon. The time was pleasantly spent with fancy work and visiting. Misses Mona Timberlake, Helen Robertson and Baldwin gave several vocal selections which were enjoyed by all. Dainty refreshments of coffee, sandwiches, and ice cream and cake were served by the hostesses assisted by Mrs. Carrie Sanders and Mrs. J. W. Moore.

Mrs. Hanson and Mrs. Smith, who have been at the home of their brother, Fred Amen, for the past year, leave next month for Iowa on business and will then go to California for the winter. Mrs. Dobbins and husband expect soon to go to California where they will care for an invalid daughter.

"The only way to make war impossible is to stop getting ready for war."—Dr. Frank Crane.

WARNS AGAINST SURRENDER TO THE FOES

The Success of Cooperative Associations is in the Balance Says Paul Maris of O. A. C.

An earnest warning against surrender to the influences opposing cooperative market associations in Oregon is given by Paul V. Maris, director of the agriculture college extension service.

"Oregon has now such large investments of effort and capital in the half dozen commodity cooperative associations recently established that disaster cannot come to any of them without inflicting heavy losses and giving cooperation a setback from which it cannot soon recover," says Mr. Maris.

The success of cooperative associations in California, which brought prosperity to several groups of agricultural producers and benefited the entire state, is cited as an example. The Oregon associations listed are those for marketing wheat, fruit, eggs, hay, mint, wool, and mohair. The new problems of organizing, financing, and managing these associations are in the most part being coped with successfully. One failure, that of the Oregon Dairymen's Cooperative league, is cited and warning given that should others occur it would be very difficult to maintain any of the associations in periods of even mild adversity.

"Such experiences must be avoided, yet the danger of their occurrence is apparent," asserts Mr. Maris. "Group withdrawals have been attempted or threatened within four of the existing associations. There appears to be evidence that unfriendly influence outside the organizations take advantage of internal dissatisfaction to make success extremely difficult."

Mention is made of a report on good authority that a member of the Poultry Producers' Association now defending a suit for contract violation professes to be relieved of any personal expense in the matter. The question is asked, "Whence come the funds for the legal defense and prolonged campaign being carried on against a paid worker?"

"Let those who would avoid the disastrous effects of failure help now to counteract them," Mr. Maris concludes. "The initial days of heavy expense and costly mistakes are past and possibilities of success are demonstrated. Granges, farmers' unions, and farm bureaus everywhere can well afford to give immediate consideration to the problems of cooperative associations. Let us demonstrate that cooperation is a practical possibility in this generation."

MRS. WILLIAM COOPER GIVEN PLEASANT BIRTHDAY SURPRISE

Mrs. Willmer Cooper of 1214, Twelfth street, was very much surprised, when a number of her old friends and neighbors called last Thursday afternoon to celebrate her fifty-fourth birthday. Those present were: Mrs. J. C. McCrea, Mrs. Al Hubbard, Mrs. Archie McCrea, Mrs. Dan Bateman and her two grand children, Clarabell and Georgia Graves. Mrs. Sarah Lyons, Mrs. J. W. Wright, Mrs. C. K. Lewis, Mrs. Howard Parsons, Mrs. Dan Way, Mrs. Rudolph Weber and little daughter, Myra, Grandma Grover, Mrs. Al Wright, Mrs. Roy Cooper and two children, Dorothea and Harold, Mrs. Beatrice Merrell, Mrs. W. B. Miller and the hostess. A post card shower was given her, and Mrs. Dan Bateman was also surprised to receive cards too, as her birthday happened about the same time and she was also fifty-four. After the cards had been given, one lone red candle was lit which stood in the center of a large birthday cake and burned expressing love for the two honored ones. While the candle was burning Mrs. Roy Cooper, daughter-in-law of Mrs. Willmer Cooper, gave a short poem in honor of mothers, after which refreshments were served in abundance, consisting of sandwiches, pickles, cake and lemonade. Assisting in serving were Mrs. Rudolph Weber, Mrs. Beatrice Merrell, Mrs. Al Hubbard, Mrs. Roy Cooper. Following the refreshments Mrs. Dan Way and Mrs. Al Hubbard each gave a very interesting reading. All departed at four-thirty expressing the belief that they would not care for any more supper and wishing the two honored ones many happy returns of the day.

PARTY AT FERNWOOD

Thirty-six Fernwood and Newberg friends of Mr. and Mrs. Charles Shaw gave them a party at their home in Fernwood on Saturday night. It was an evening of music and dancing which none who were there will soon forget.

Besides Mr. and Mrs. Shaw, who are wonderful entertainers, Mr. Honan, father of Mrs. Oliver Evans, added much to the evening's pleasure with several readings.

Refreshments of sandwiches, cake and coffee were served just before the good-nights were said. Mrs. Shaw kindly gave one of her graceful dances while Mr. Shaw played and sang for her dance. Mr. and Mrs. Shaw are leaving soon for the east and the good wishes of their many friends will go with them and we'll hope to see them back again next summer.

CLE ELUM LADY JOINS HUSBAND IN NEWBERG

Mrs. R. H. Lemon recently sold her home at 312 west Fourth street to Albert Pastarose and with her children, two boys and a girl, left Saturday night for Newberg, Oregon to make her future home. Mrs. Lemon had lived here many years and will be missed by a very large circle of warm friends. Her father, Mr. Feil, established the Echo-Miner Echo, Cle Elum, Washington. Mrs. Lemon was associated with her father in the publication of the Echo and when he died she conducted the paper alone for a year, when she was married and gave up the business. Mr. Lemon is employed at the Gem barber shop in this city and the Lemons will make their home at 204 west Third street.

OREGON GROWERS MEETING ON FRIDAY NIGHT AT 8 O'CLOCK

Don't forget our meeting this Friday night at 8 o'clock. A great variety of subjects will be discussed. The local committee will have a report to make including some rather unfavorable changes in the prune and logan situation since our last meeting. Our director, Mr. Carlisle, will have a report of the last directors' meeting to present to us.

Geo. A. Mansfield, president of the Oregon Farm Bureau, has promised to be with us and to give us a talk on some subject of his own choosing.

Some of our officers from Salem may be with us if it is possible for them to do so, however, it was found that Mr. McNary could not well be present at this time.

Prune-growers are urged to have their prune estimates in by this meeting. If you do not send them in it may be necessary for your committee to make a personal trip thus adding to the expenses of our local plant. Let's keep expenses down.

If any member has any suggestions for the betterment of the Association, or any criticism of present methods, please be free to offer them as this is our association and its success or failure depends on us.

Local Committee.

A PARTY CELEBRATED 45TH ANNIVERSARY OF WEDDING

Mr. and Mrs. Andrew Conner entertained Wednesday evening of last week at their home on Portland Road celebrating their forty-fifth wedding anniversary and Mrs. Conner's birthday.

The rooms were attractively decorated with an abundance of flowers which were expressions of good will from the many friends of the couple. The men in the company were asked to give the dates of their weddings and reminiscences connected with the date. This with guessing contests furnished amusement for the evening.

The guests enjoying Mr. and Mrs. Conner's hospitality and wishing them many happy returns of the day were: Mr. and Mrs. Harry Rockwell and little daughter, Eloise; Messrs. and Mesdames Z. F. Sears, V. A. Vincent, Perry Smith, Will McCumber, Q. B. McCumber, Perry Spenny, and C. A. Walker; Mrs. John Dobbins, Mrs. J. W. Wright, Mrs. Chas. Ogle of Oswego, the Misses Zella Sears, Lois Sears, Tessie Gard, Leona Smith, Lucille Smith, and Eula Vincent, Noah Walker and Albert Seidel.

MISSIONARY PARTY A SUCCESS

The party given last Tuesday afternoon by the Women's Foreign Missionary Society of the Methodist church was quite a success. A company of about sixty ladies was present and expressed themselves as having spent a pleasant afternoon. The program was very enthusiastically received. There were piano solos by the Misses Harriett Baldwin, and Helen Robertson, readings by Mrs. J. E. Hollingsworth and Miss Anna Deach, and a double vocal number by Mrs. Richard C. Williams accompanied by Mrs. Curtis A. Houser.

Following this Mrs. M. C. Wire gave a very interesting talk about the society, its founding and growth. A neat sum was contributed to missions, after which refreshments of coffee and cake were served.

The ladies of the society wish to thank those who took part in the program and all those who helped to make the afternoon a success.

STREET PAVING

The statement in the last issue of the Graphic in reference to remonstrance against paving Fifth street was misleading, in that when they gave total number of feet in remonstrance they failed to count intersections belonging to said property. Also the high school should not be counted either way. Taking these things into consideration there was a majority opposed to paving Sixth street.

The property owners between Meridian street and College street recently paid for double graveling of Sixth street, which would last for years, especially when River street is being hard surfaced, which will take the heavy travel. Pray tell us what the council meant in giving the property-owners information that they would hear remonstrances on the 16th if they did not have a right to say whether they wanted paving or not. And when there was a majority in opposition to have them turned down in favor of the minority.

We commend the action of the mayor and the two councilmen who stood by the majority of property owners. The writer is in favor of paving when it can be done right, having 300 feet fronting on Meridian street.

Respectfully yours,
T. E. Miles.

R. H. CORBETT OF MAC CHOSEN COUNTY CLERK

Newberg is Turned Down By Republican County Central Committee Vote

VOTE 17 TO 13 ON LAST BALLOT

Eight Local Delegates Thought to Have Stood Solidly for the Local Candidate

S. L. Parrett, R. A. Butt, N. P. Nelson, John Rees, Roe Robinson, Dean Calkins, W. S. Bryant, C. R. Chapin, George Lutz, S. M. Calkins, Chester A. Dimond and Victor Rees from the precincts in and around Newberg attended the Republican county central committee meeting at McMinnville last Thursday evening at which time the selection of a county clerk to fill the vacancy which will be left by the resignation of Chas. B. Wilson, was taken up.

The meeting was called to order by County Chairman Sam Laughlin, who stated the purpose of the meeting and called for minutes of previous meeting. Following this the committee selected to make recommendations reported through its chairman, W. B. Dennis of Carlton and offered the four following names, Messrs. Lancelfield, Hadley, Calkins, and Corbett, for the consideration of the meeting.

Tellers were appointed and the meeting proceeded to the selection, after having decided that a majority of all votes cast should be necessary to election. The first ballot gave Dean Calkins 12, R. H. Corbett 9, and Messrs. Hadley and Lancelfield each four, with one blank ballot. On the second ballot Mr. Corbett received 15, Mr. Calkins 13, Mr. Hadley 2, and Mr. Lancelfield 1. A motion was then carried that voting should be restricted to the two highest candidates and on the third ballot Mr. Corbett received 17 and Mr. Calkins 13 votes.

The fine Italian hand of one Otto Heider of Sheridan is thought to have been back of the opposition to Mr. Calkins in view of the fact that this man apparently had it in for Newberg from the start. However neither Mr. Calkins nor the Newberg people are going to feel very badly over the loss of this position which never could mean much either to the individual holding it or to the section from which he came. We feel sure Mr. Calkins is to be congratulated for the successful candidate will now have to enter the lists in November and be elected to the office or he will lose out at the first of the year anyhow.

We sincerely hope that Mr. Heider will get great satisfaction out of this small piece of spite work and we presume from the descriptions of the gentleman and what little we have seen of him ourselves that he will. There has been some talk of turning in and defeating Sheridan's candidate for county commissioner as a retaliatory measure but we hope that no one will give this favorable consideration for Mr. Eppley is too fine a gentleman to be thus treated and we do not believe that he would have favored the treatment accorded Mr. Calkins.

So far as we are personally concerned, aside from the principle of the thing, we cannot help but feel that Newberg won by losing in this instance. However, in view of the fact that Newberg and this end of the county has not a single representative in county or state office and as Mr. Wilson the retiring clerk was a Newberg man, it should have been given to this end of the county rather than to McMinnville, which city has a practical monopoly of county and state offices.

IT'S A THORNY PATH

The newspapers of the country are treading a thorny path with oases far between, and are justified in their complaint of the continued high cost of all materials that enter into their business. For a brief spell since the war caused the price of news print to soar skyward the price declined a few cents per pound, but this week notice was issued by the mills that prices were again advanced almost to war time peak. Other grades of paper used in the job office have also advanced to add to the burden and a strike against the use of paper seems the only alternative to combat the advance.—Sheridan Sun.
