There was an apparent turning from the support of those in office toward new office seekers all over the country. Because the republicans were largely in the lead this took the form of a reversal for the republicans in many places. However, this was not universally true, for in Nebraska the voters rose up and repudiated Senator Hitchcock, the democratic leader entirely. At the same time republicans fell by the wayside in many places. In Oregon Congressman Pat McArthur has been defeated by Watkins, but both Hawley and Sinnott were re-elected. The race for governor was not even close in this state, Walter Pierce winning by a majority estimated at 20,000 over Governor Olcott.

PACIFIC COLLEGE LOST GAME TO HEAVIER LINFIELD TEAM

The Pacific College eleven lost to the heavy Linfield College team in an exciting game last Friday at Mc-Minnville, the final score totaling 20 to 0. P. C. won the toss and chose to defend the north goal. In receiving the ball the ran it back to their own thirty yard line, and by a series of line plunges and forward passes they carried the ball to the livery yard mark and would have. scored no doubt if the break in the game had not gone against them. Linfield took the ball and punted, recovering the fumbled ball on P. C.'s forty yard line. With a series of line plunges, especially off tackle, they carried the ball to the five yard line, where P. C., helped by a penalty, held for downs. Armstrong punted and Hester recovered the fumbled punt. The rest of the half was a see-saw affair until the last three minutes, when Linfield started the crushing attack against the the crushing attack against the Quaker line and were finally able to plumge it over in the last few seconds of play. They failed to make the try, and the score stood 6 to 0 at the end of the first half.

The second half began to show the effect of weight, experience and age and in the two remaining periods the Baptists were able to plunge and pass over two touchdowns, the try in both cases being made, making the final score total 20 to 0.
