NEWBERG JEWELER CELEBRATES HIS FOURTEENTH ANNIVERSARY

Chas. A. Morris is celebrating his fourteenth business anniversary in Newberg in an unusual way. He has made his store a present of some fine new fixtures and rearranged his stock and furnishings so that it presents a new front to the public. To say that it is an improvement which adds greatly to his store's appearance is simply a mild statement of fact. Two ten foot wall cases with a mirror between have been installed this week, and these match up with a similar unit already in place on the opposite side of the room. This gives the store a uniform appearance as well as greatly increasing Mr. Morris' display space. However, one cannot help but be impressed with the fact that even now, with his large Christmas stock installed, he needs even more room to adequately display his goods.

Fourteen years ago on November 12 Mr. Morris started in business in Newberg with tables carrying his cases and old book cases for wall cases. However, he has built up his business to the point where such equipment could not serve his purpose and has gradually added to his fixtures until now he has a splendidly equipped store. In fact Mr. Morris informs us that he now draws trade from such remote territory as the coast country, Woodburn and Portland by mail, as well as from all around Newberg.

One department of his business of which Mr. Morris is especially proud is his optical department. This has grown from nothing to the point where the Riggs Optical Co., from whom he gets his supplies, reports that he now does more optical work than any other optometrist in any city of twice the size of Newberg, in the state of Oregon.

CARD OF THANKS

We desire to thank the many friends who sought to lighten the sorrows of our bereavement at the death and funeral of our beloved husband and father, and for the many beautiful floral tributes received.

Mrs. B. F. Hevland and children.

The anouncement of the issuance of the following marriage license was published in the Oregonian: Hall-Kinney—Delmer L. Hall, 21, of Newberg, Or., and Daisy Kinney, 18, of Newberg, Oregon.

THINK IT OVER

Just this morning a man came in and said that he had suffered from headache for years. An optician told him that his headaches were due to eye-strain but he did not believe the statement. Since he has been fitted with glasses his headaches have left.

Stop suffering from bothersome eye-strain, poor vision and headaches, by being fitted with our glasses.

Our glasses fit.
