**YOUR CAR DEMANDS PROTECTION OF A SUBSTANTIAL STRUCTURE**

A Simple, Inexpensive Two-Car Garage Constructed of Concrete Blocks.

The amount of money invested in the average automobile or motor truck justifies a substantial garage that will afford the required protection against water, theft and fire. In addition to the fire hazard common to other buildings, garages have a peculiar hazard of their own, due to the presence of oils and gasoline necessary to car operation, making it highly desirable to build the garage out of some non-combustible material.

**Construction of Garage.**  
This has been done in the case of the garage shown in the illustration where concrete is the construction material. In building a garage of this kind, excavation for the foundation is made to a depth of two or three feet. A footing of concrete is put in place, this footing being about 18 inches wide and 8 or 10 inches thick. The foundation wall can be continued to the ground line in monolithic construction if desired or else block can be used, laying them up in cement mortar for the sake of durability. The block construction is then continued up, leaving door openings of adequate width and height and making provision for such windows as are necessary. A fire-resistant roof, preferably of concrete shingles or roofing tile, tops the structure.

**Concrete Floor Needed.**  
Every garage should have a concrete floor. This may be of one course construction, four inches in thickness being amply adequate. It should slope either toward the doorway or toward some point provided with a drain so that the water used in washing the car may be easily and quickly carried away.

**MERRY CHRISTMAS**

## Say It Electrically

This is the age of electricity. Every housewife wants electrical appliances in the home, and electricity is becoming a veritable necessity everywhere. We have many appliances and fixtures which will make splendid Christmas gifts.

**HERE ARE A FEW SUGGESTIONS**

- ELECTRIC PERCOLATORS
- ELECTRIC DISC STOVES
- ELECTRIC CURLING IRONS
- ELECTRIC WAFFLE IRONS
- ELECTRIC HOTPOINT IRONS
- ELECTRIC TOASTERS
- ELECTRIC HEATERS
- ELECTRIC GRILLS

**BEAUTIFUL LAMP SHADES**

- LAMPS OF ALL KINDS
- SPOT LIGHTS
- FLASH LIGHTS
- ELECTRIC FIXTURES

**CHRISTMAS TREE DECORATION LIGHTS**

**STUDENT LAMPS**

You will have to see these to thoroughly appreciate them. They are compact and come in different colors of metal. They will fit almost anywhere and are easily moved about or attached. Use them for bed lamps, closet lights, reading lamps, or in fact anywhere.

**THE TRUE CHRISTMAS SPIRIT**

Period of Good Will and Kindly Thought for Others, Most Important on Calendar.

**T**HAT if, as a Scrooge-like cynic intimates, the Christmas spirit comes to us but once a year, not even he will attempt to assert that we are not the better for it. Think what it would mean if that period of good will and kindly thought for others were dropped from our calendar. No blessed interruption to our too generally self-centered lives; no yearly oasis of brotherly sentiment to purge us, however temporarily, of selfishness and cause us, if only for a few days to think of making others happy.

Pre-eminently the children's festival, as of right it should be since it commemorates the nativity of the Christ Child, it transforms us all, whatever our years, into children of larger growth. We experience anew the glad expectancy of childhood, the thrill that far surpasses any realization, and find our greatest pleasure in the simple childish emotions of love and joy.

And this is the noblest Christmas gift, the gift of the true Christmas spirit that captures and takes possession of each one of us. "Except ye be converted and become as little children ye shall not enter into the kingdom of heaven."—Pittsburgh Dispatch.

**PEACOCK PIE FOR CHRISTMAS**

Gaily Plumed Bird Formerly One of the Principal Delicacies at Yuletide Feasts.

**C**HICKEN pie, beefsteak pie, and pumpkin pie, not forgetting apple pie and cheese, the great American Institution—all of these have a familiar ring to our ears, but who of us has ever tasted the famous English dainty of dainties, peacock pie? Yet at one time, this was a favorite Christmas dish which was brought in with a great deal of ceremony by the lady, most distinguished in all the company for beauty and high position. Many times this dish was garnished with the head and tail of the peacock in such a way as to appear that the bird was alive. Knights made vows over it to break spear in defense of beauty and distress. It was this ceremony which gave rise to the once popular oath "by cock and pie."

Probably the use of the peacock pie as a Christmas dish arose from the old belief that the flesh of the peacock is incorruptible which of course would make it a symbol of immortality and new life.

To the people of today the peacock is a symbol of vanity.

**SOME OLD YULETIDE BELIEFS**

Season Supposed to Control the Destiny of Children Born at Gladsome Time.

**A**N OLD superstition says that it is lucky to be born on Christmas Day.

French peasants believe that in addition to being lucky Christmas Day babies have the gift of prophecy; while in Silesia there is a belief that a boy born on Christmas Day will become either a lawyer or a thief.

Among Vosges peasants, children born on Christmas Eve are supposed to be endowed with what is vulgarly termed "a good gift of the gab," while those born on Christmas Day are supposed to have less tongue and better reasoning powers. A daughter born on Christmas Day will grow up to be wise, witty, and virtuous.

A curious bequest for the benefit of Christmas Day babies was left by a man who died in 1915. By the terms of his will each child born in the testator's native town on December 25th receives five pounds as a birthday gift.

**VERY SLOW**  
Mrs. Bug— I've done all my Christmas shopping.  
Mrs. Snail— Well I haven't and I started out a month ago.

**Sad and Solemn Thoughts.**  
"Even at Christmas, when all the world is gay and glad," said the grey-bearded philosopher, "there come to a man sad and solemn thoughts."  
"Yes," agreed the young man who had no watch on the end of his chain, "and the saddest and most solemn are those that come to a fellow when he reads of the marriage of a girl to whom last Christmas he gave a diamond ring on which he is still paying installments."

**Christmas Weather.**  
For Christmas the weather should be of that Pickwickian kind in which the grass is "crisp and frosty," the air has a "fine, dry, bracing coldness," and the day is one "that might induce a couple of elderly gentlemen in a lonely field to take off their greatcoats and play at leapfrog in pure lightness of heart and gaiety.—Youth's Companion.

**WE WISH to thank you for the friendly relations we have enjoyed in the past and sincerely wish you all a Merry Christmas and a Happy and Prosperous nineteen hundred twenty-three.**

**TREATMENT FOR SCALY LEGS**

Affection is Common Among Chickens and is Caused by an Extremely Small Mite.

Scaly leg of poultry is a common and well-known affection of chickens that sometimes causes affected birds to become worthless. It is caused by an extremely small mite that works in and under the crusts that form on the legs. Caraway or sulphur ointment will kill the mites. Scales form

Bad Case of Scaly Leg.

at the point of invasion of the insect, and under them the skin is irritated and bloody. Badly affected birds walk with difficulty, and may even lose a toe; later they become thin, lose their appetites and prove worthless.

To treat scaly leg the feet and legs of affected fowls are held in warm water for several minutes, so that the crusts are softened and can be removed. A mite killer is then applied to the dry diseased surface. The following mixtures are recommended: 1. Oil of caraway, mixed in four times

as much lard or vaseline; or 2. flowers of sulphur, one dram; carbonate of potash, 20 grains; and lard or vaseline, half an ounce. Some poultrymen have used a mixture of one part of kerosene and two parts of raw linseed oil with speedy effect. The legs of the affected fowls are dipped in this mixture, care being taken that the feathers are not wet.

**Spice Cake**  
One-half cup butter, one cup sugar two cups pastry flour, two teaspoonfuls baking powder, 1/4 teaspoonful each of nutmeg, cinnamon and salt, 3/4 cup of water, yolks of four eggs or two whole eggs. Cream butter and sugar thoroughly and add eggs. Sift flour, baking powder, spices and salt together three times and add alternately with water.
