It has been a source of great pride to see the progress that has been made in this city, and we have every reason to believe that the future will bring even greater glory.

Pilots will be used to navigate the river, and every effort will be made to ensure the safety of all who venture upon its waters.

In conclusion, we would like to express our appreciation to all who have contributed to the success of this project, and we look forward to a bright future for this city.

SPECIAL ITEMS.

The fight for congressional seats in the next election is now on, and the Republican party in this district will be able to take their choice from a number of able men. The men we are supporting are men who believe in the principles of the Republican party, and who will not be afraid to stand up for their convictions.

The fighting is going to be keen, but we believe that our candidates will emerge victorious. We urge all our friends to do their part in this campaign, and to help us elect men who will represent us well.
