## Spring Humors

Come to most people and cause many troubles,-pimples, boils and other eruptions, besides loss of appetite, that tired feeling, fits of biliousness, indigestion and headache.

The sooner one gets rid of them the better, and the way to get rid of them and to build up the system that has suffered from them is to take

## Whatever You Do, Wise Brothers Advise Good Teeth.

"Cleanliness is akin to Godliness," is a quotation from the greatest book known to man, and it is as widely quoted as any saying ever used. The reason is found in the impressive truth

of the assertion. At the present time when this country is passing through an unprecedented period of prosperity, more and more attention is paid to the refinements of civilization every day. If a man, or particularly a woman, is slovenly now in dress or personal care, they are immediately noticed and severely criti-

It is not hard as a rule to gain an income beyond immediate wants, and the majority of people in the United States are secumulating a surplus. The people as a whole are better dressed and better groomed than they were twenty years ago. Even the luxuries of fash-ionable society are becoming the necounities of the masses.

This is the result of a great commercial age with all its benefits.

Nothing is more conspicuous than a person's teeth. If they are good and white and clean then we are pleased If they are discolored or missing then we are repulsed. The tremendous blessing to humanity conferred by advanced methods of dental surgery is best illustrated by such an office as that of the celebrated Wise Brothers, in the Failing building, Portland, Oregon. Here teeth are filled or extracted abso-Intely without pain. You can be supplied with an entire new set of teeth at a very moderate cost. There is no more trouble about getting your teach put in perfect order here than you have

Let it be etrenuously urged that, if you want to get a ong in the world and be respected and desired by your acquaintances, have your teeth in good condition. There is no excuse for anyone to delay when there are such perfect places as the establishment of Wise Brothers at hand.

The cost is slight. The pain is noth-

BATTLING AGAINST SOCIALISM. The Crusade of Father Reiter Among

Chicago Labor Unions. A movement is on foot in Chicago which should interest workingmen throughout the United States, for it aims to form a coalition of church and labor unions for the purpose of crushing socialism. At its head is a strong character-Father Anton Helter, of the Church of the Seven Dolors, of Buffalo, where he aided in crushing socialism out of the unions. By means of lectures, personal appeals and general discussion of the subject, the man of the cloth who has the good of humanity at heart hopes to persuade the leaders of the labor organizations that there are unknown dangers in socialistic teachings, and that if their unions are to have any influence for good these must be avoid-

Father Helter argues that state socialism is in conflict with the natural law-the law that man may own property, which is older than the state.

"Man existed," he says, "before the state, and he had a right to own before there ever was a state. The state, there-

fore, caunot rob him of the rights which he had before it came into existence, This is in full accord with the law of God, 'Thou chalt not covet thy neighbor's goods.

"The state has not the right to rob any person of his natural rights or the rights of his family. On the contrary, it is the duty of the state to protect these rights. It is for the citizen to preduce and carry on the business, and it is the duty of the state to protect him and his business, and to see that nobody takes undue advantage of him; that justice and right be supreme, and that the weaker will not become the prey of the stronger.'

Father Helter's warfare on socialism has brought him international fame. He is a Bavarian by birth, is 50 years of age and has lived in Buffalo more than twenty-five years. There he built a \$150,000 edifice for the Church of the Seven Dolors and a schoolhouse which accommodate 1,500 pupils. Years ago he took up the study of socialism, finding to the work of combating it a broad at a restaurant in getting your dinner.

The offices are a model for anybody in point of daintiness and cleanliness.

Let it be etvenuously urged that, if through the Culted States, and leading. through the United States, and leading this precaution were omitted, European opponents of socialism long ago accorded him a foremost position as an authority on the subject.

## DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to core deathese, and that is by constitutional remedies. Deafness is caused by an infamed condition of the nucous lining of the Enstachian Tube. When this tube gets infamed you have a rumbiling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the infammation can be taken out and this tube restored to its normal condition, hearing will be desirored forever, nine cases out of the arc cussed by catarrh, which is nothing but an infamed condition of the nucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh, that can not be cured by Hall's Catarrh Cure. Bend for irrulars, free.
