BEND OREGON.

The Winnek Drug Co.

SUCCESSORS TO CHAS. S. EDWARDS & CO.

Carries a Complete Line of Fishing Tackle, Toilet Articles, Stationery and Patent Medicines.

BEND OREGON.

Local Events of the Week.

You can obtain patent medicines and toilet articles at the drug store, opposite the P. B. D. Co.'s office, Bend.

John T. Bennett, formerly of Shaniko, who has been working on the Tumello ditch, brought his family in on Monday and will engage in carpenter work in Bend this summer.

Through unintentional error the name of Miss Jackie Brock was misspelled "Jackius" last week. The young lady is satisfied to have her own proper name, as any proper young lady should be.

Mr. and Mrs. A. C. Palmer arrived Monday afternoon from Portland and will remain two or three weeks. R. Gilchrist, of Portland, came in with them. They spent a large part of this week in a journey up the river into the heavy timber.

Dr. W. W. Taggart, the eye specialist of Prineville, came out to Bend Tuesday to treat Pauline, the daughter of L. D. Wiest. He will be here for a few days to sample the fishing of the Deschutes and the rich, rare ozone of our atmosphere. The doctor is preparing a booklet on the resources of Crook county, including hunting and fishing; and as stories of the latter are incredulous, he is to verify them by personal experience next Sunday.

The Winnek Drug Company carry a fine line of prescription supplies. Opposite the P. B. D. Co.'s office, Bend, Oregon.

R. Bond whiskey is to be had at the Pioneer Saloon, Shaniko, J. J. Wiley, proprietor. A good grateful drink, refreshing, invigorating.

George Schlecht has enclosed a neat framework for a tent in Garden Row, where he will entertain his friends and keep bachelor's hall in a few weeks.

When you are at Shaniko, remember the Pioneer Saloon is the place to get fine liquors. The best is none too good for you, and we dispense the very best.

Carpenters are rushing work on an addition to the postoffice building. Mr. Staats finds he is pinched for room for his increasing stock, of which more is coming in a few days, and he is even contemplating another addition in the near future.

J. Q. Jamieson, an engineer in the employ of the O. R. & N. Co., went north Tuesday, having spent two weeks in examining the country up the Deschutes to its source and over on the Klamath side of the divide. He had nothing to say about his impressions or conclusions. It is understood that his visit had some bearing on the matter of a Harriman railroad up the Deschutes.

NEW STORE FOR BEND.

WILL OPEN ABOUT JULY 1,

With a full stock of General Merchandise of best quality at Lowest Prices.

Bend Mercantile Company

INCORPORATED WITH CAPITAL OF \$10,000.

UNDER MANAGEMENT OF A. H. GRANT

All Goods at Prineville Prices.

New Building, Complete, Fresh Stock,
the Largest and Best on the Deschutes River

Full Stock of Fireworks for Fourth of July.

Bend. Opposite Pilot Butte Inn.

Will Brock was in Prineville on business the first of the week.

Frank Hodson has built a neat cottage at Deschutes for his family.

H. W. Reed and D. F. Steffa went to Prineville Monday night, returning Tuesday evening.

J. A. Rayl, of Bear creek, has delivered 10 tons of rye hay at the Columbia Southern ditch in the past week at \$22 a ton, baled. Mr. Rayl himself was in Bend yesterday and today.

Dr. Edwards was called to Rosland last night to attend a son of Mr. Beatty, who was reported to be in a critical condition from rheumatism and nose bleeding. The round trip is 75 miles.

The Reception Saloon, Shaniko, offers the most tempting inducements to timber locators going into the woods. The very best brands of whiskies, such as Cyrus Noble, Old Pepper, Hunter Baltimore Rye and other standard goods, always to be had here. Call at the Reception.

The Columbia Southern Railway will sell tickets at all stations at one and one-third fares for the round trip on July 2d, 3d, 4th, good returning until July 6, 1903. Special excursion tickets to Grass Valley and return on July 3d and 4th, and good returning until the 5th, at one fair for the round trip.

Richard King, of King, Hunter & Marsh, has been in bed for a week with an attack of facial erysipelas. He had a sore on his left cheek that had given him considerable trouble. That was yielding to treatment under Dr. Edwards when the erysipelas complication set in. The old gentleman is now improving.

A. M. Kelsay, formerly clerk of Wasco county, but now one of the big sheepmen of the Mitchell country, passed through Bend yesterday, in company with E. E. Allen, on the way to California. The firm of Kelsay & Reeder have four bands of sheep—15,000 in all—on the road to the California market, and Mr. Kelsay expects to overtake them in the vicinity of Silver Lake and escort them to our neighbor state. The trip will occupy five months.

The Bend Mercantile Company is doing a rattling good business, though its store is not yet completed and it has only a partial stock of merchandise in a back room. The novelty of getting goods in Bend at the same prices that are charged in Prineville proves popular. Large quantities of new wares are arriving and there will be a full stock to select from by the Fourth of July. The store will indulge in a great display of fireworks for its first celebration.

The work of moving the P. B. D. Co. sawmill to the ditch line, about three miles up the Deschutes, is well under way. Last week lumber for the messhouse was taken up and the building is now ready to occupy. Mrs. Sarah Hunter and Mrs. Merab Auderway will conduct the establishment. Early this week timbers for the mill were hauled to the place and the construction of the building began. All the log stock has now been worked up and the mill will go to its new locality and be ready for business in a week or so. The stock of lumber left in Bend, though not large when the building activity here is considered, is expected to be sufficient to meet all legitimate demands until there shall be another source of supply. The Steidl & Reed mill will soon be in operation.

After many days of annoyance, accidents, delays, miscalculations and mishaps, the Steidl & Reed sawmill is about ready to begin putting lumber on the market. A bad beginning, a good ending, says the old saw; and here is certainly a chance to prove the saying. A reporter visiting the mill Wednesday found a force of men working under high pressure sawing timber for flooring and enclosing the mill. After this is finished lumber is to be sawed out for building a 400-foot flume to give an additional 6-foot head of water for the turbine. Lack of power has heretofore been the cause of trouble, and the management will lose no more time in experiments, but follow the time-honored method of securing a head of water sufficient to furnish at least 75 horse power.

'RAH FOR THE FOURTH. Features of the Celebration—More Than \$100 Pledged.

PROGRAMME FOR THE FOURTH.
Friday night—Grand ball at West's hall.
Saturday, 10:30 a. m.—Literary and musical programme, near the postoffice.
Saturday, 10:30 a. m.—Athletic games and races.
Saturday, 2:30 p. m.—Ball game between Silver Lake and Bend teams for purse, at diamond near Mr. West's residence.
Saturday night—Ball at West's hall. Brilliant display of fireworks.

After the Bend committee had made arrangements for the Prineville baseball club to play a game here on the Fourth of July, Prineville concluded it wanted to celebrate itself and its baseball team would not come to Bend. Thereupon the Bend committee opened negotiations with the Silver Lake club, which is expected to arrive in time for the dance Friday night and to bring a considerable number of Silver Lake and way patriots to the celebration.

The festivities will open with the Friday night ball, all the arrangements for which are in the hands of a committee composed of A. G. Richardson, M. T. Pratt and Max Wurzeiler. The same committee will have charge of the Saturday night function. There will be the best of music and every facility which a brand new dance hall may provide.

Saturday's programme will open with exercises near the postoffice, consisting of three or four patriotic songs by a quartet, reading of the Declaration of Independence and an oration. J. M. Lawrence, C. S. Benson and Miss Wiest compose the committee having this feature of the celebration in charge. These exercises will be short, occupying in all less than one hour.

The general athletic sports and races, under the supervision of a committee composed of H. J. Palmer, P. B. Gile and Earl Reed, will take place as soon as practicable after the conclusion of the oration. Then there will be an interval for lunch. These contests will be varied and amusing and they are expected to form a most enjoyable feature of the day.

At 2:30 p. m. the ball game will be called. It will be out of the way by 5 o'clock and there will then be an intermission until the dance and fireworks in the evening. The Bend Mercantile Company has arranged for a brilliant display of fireworks, to mark its first Fourth of July. Manager Grant says he will set off at least \$50 worth Saturday evening, and they will be visible for a long distance.

It is probable that a ball team from the Tumello ditch will come over for a hot side contest, just to show that their hearts and muscles are in the right place and that they still glow with patriotic emotions.

Light refreshments will be provided for the convenience of the crowd at the games and ball. No pains will be spared to make it a fitting first celebration for a hustling, growing community.

DAILY STAGE TO BEND.

Booth & Cornett to Extend Shaniko Line to This Point.

Mr. Booth, of the stage firm of Booth & Cornett, was in Bend Wednesday and Thursday and announced that his line would on the 1st of July begin a regular daily stage service to Bend. Now that service is between Shaniko and Prineville and the Vandevort Bros. run the tri-weekly mail stage southward from Prineville through Bend. On July 1 Booth & Cornett will run their through line between Shaniko and Bend, making Prineville a way station instead of a terminus. An adjustment between Booth & Cornett and the Vandevorts is expected to leave the way open for a daily mail service for Bend without prejudice to any existing contracts.

Booth & Cornett also have arrangements under way for running a livery and sale stable at Bend in connection with their stage business. They will probably take the big barn now operated in connection with the Pilot Butte Inn. They are talking of establishing a hotel here, too.

This move of the Prineville stage men is dictated by the movement of business. The tri-weekly stage to Bend from Prineville is not sufficient to handle the traffic and the consequence is that a great deal of the travel has ignored the stage and Prineville altogether, coming through by private conveyance all the way from Shaniko and crossing Crooked river at Forest's or Trail. It has been driven home that the

only way to get the business was to provide the facilities for it. Hence the new daily stage and incidental conveniences. Next will come the railroad.
