TROUBLE THE INDIANS.

Eastern Oregon White Men Let Stock Stray Onto Reservation.

Washington, Oct. 3.—Considerable difficulty has been experienced at the Umatilla Indian agency, in Eastern Oregon, during the past year, because of the persistence with which white men, living east and south of the reservation, have allowed their cattle to stray upon the reservation. Many complaints of this trespass were made to Bonded Superintendent Charles Wilkins, in charge, who has advised the Indian office that this trespass has been to the detriment of the interests of the Indians. Orders from him have in many instances put a stop to the trespass, but not always. "Should the same trouble be experienced in the future," says Wilkins, "I will endeavor to have the trespassing animals driven in and impounded, and charge the owners feed in order to redeem their stock. This plan will perhaps once for all result in stopping the nuisance."

Superintendent Wilkins also advises the Indian office that the attendance at the government school at Umatilla showed a marked falling off in attendance during the past year, while the attendance at the Kate Drexel school showed a corresponding increase. This showing in favor of the Catholic mission he attributes to the abrogation of the "Browning rule," whereby Indian parents can now exercise the privilege of sending their children to the school they desire.

NO WAR FOR TIME AT LEAST.

Turkey Gives Assurance That It Will Negotiate With Bulgaria.

Paris, Oct. 3.—Official advices from the Balkans show two distinct signs that war will be averted at least until spring. First, the Bulgarian revolutionary committee has made overtures to the Bulgarian government, and unless hostilities are actually undertaken within the next fortnight, all the preparations will be suspended until spring. The purpose of this, it is understood here will be permitting the declaiming of the Turkish forces through the winter and the completion of the preparations for a decisive move early in the spring.

Second, M. Natchevich, Bulgarian envoy at Constantinople, has agreed to take up the negotiations. He at first refused to act on the ground that Turkey gave no assurances of a desire for an adjustment.

GIVE PREFERENCE TO PESOS.

Army Officers Instructed to Encourage Use of Philippine Currency.

Washington Oct. 3.—General Young, chief of staff, has sent a cablegram to General Wade, commanding in the Philippines, directing that he encourage in every legitimate way the use of the Philippine currency. Following is the text of the cablegram to General Wade:

"Referring to the telegram from your office of the 3d inst., you are advised that while the Philippine coinage law does not modify the legal requirements of the revised statutes of the United States, the secretary of war directs you to encourage in all proper ways the use and circulation of the new currency. To that end you will cause contracts for services and supplies to be made in Philippine pesos, in all practical cases, to the exclusion of Mexican and other forms of local exchange."

BARRACKS FOR RUSSIANS.

Chinese Building Accommodations for Russian Force at Port Arthur.

London, Oct. 3.—The Hong Kong correspondent of the Daily Mail learns that 10,000 Chinese laborers are building barracks at Port Arthur for 50,000 additional Russian troops and that feverish haste is being displayed in every direction.

The Daily Mail considers the dispatch of Japanese troops to Corea a grave move on the part of Japan. The troops are intended to guard her telegraph lines, but it means the occupation of Corea, which Japan will probably refuse to evacuate until Russia evacuates Manchuria. This, adds the newspaper, means a permanent occupation, as it is not expected that Russia will leave Manchuria.

Perils of the Republic.

The Century is to have a group of papers under the title "Perils of the Republic"—the object of them being to call attention by expository papers to a few of the more important unfortunate tendencies of American life. The title of one of the early papers is "The Daily Walk of a Walking Delegate."

DASTARDLY DEEDS

TURKS HURL A NUMBER OF CHILDREN FROM HIGH ROCKS.

Eighteen Women Outraged, Then Shut in a Barn, Which is Set on Fire—Whole Population of District of Razlog Massacred—Seventy-Five Peasants Held as Prisoners are Slain.

Sofia, Oct. 2.—A report issued by the revolutionary committee at Monastir gives details of a long list of atrocities committed by the Turkish troops in September, including the ruthless slaughter of a number of children who were hurled from high rocks. It is stated that the Turks killed over 200 peasants in a number of villages, and while taking 130 villagers as prisoners to Nevak they massacred 75 of them. At another place 18 women were outraged, and then shut in a barn, which was set on fire.

A special dispatch from Rila, Muastir, says that troops recently attacked a neighboring village, that the men fled to the forests, and the soldiers beat and tortured the women and children.

A report from Philippopolis says the war department is again buying horses, and a battalion has gone to the frontier.

Another dispatch from Rila Monastir gives a report that the whole population of the district of Razlog has been massacred or has fled. Three thousand women and children, fugitives from the Turkish soldiery, have arrived at Rila. Many villages around Razlog are said to be burning. The town itself is surrounded with tents occupied by the Turkish troops who avoid fighting and according to the dispatch, attack only innocent people.

EYES OF ALL CHINA ON RUSSIA.

She Must Soon Evacuate Manchuria, or Break Her Agreement.

Pekin, Oct. 2.—Attention is concentrated here on October 8, the date fixed by Russia for its evacuation of Mukden and New Chwang. Russia's action in fulfilling or ignoring her agreement to evacuate will be the chief factor, it is considered, in determining her relations with Japan.

Prince Ching, president of the foreign board, assures the foreign ministers that he is continuing to resist the Russian proposals. Prince Ching told M. Lessar, the Russian minister, that Russia should carry out her agreement first, and then the other concessions she requires in Manchuria would be discussed.

The Chinese papers assert that M. Lessar is pressing for Russian control of the customs and mining rights in Manchuria, in addition to the proposals embodied in the last Russian evacuation scheme.

Uchida Yasuya, the Japanese minister, is opposing the Russian demands. Sir E. M. Satow, the British minister and United States Minister Conger have limited their representations to friendly advice.

TRAIN AND STREET CAR COLLIDE.

Five Persons are Killed and a Score of Others Hurt at Chicago.

Chicago, Oct. 2.—Five persons were killed and a score of others were injured in a collision between the Wisconsin Central Limited passenger train, which leaves here at 6 o'clock, and a Forty-third-avenue street car at Fifty-second avenue tonight. The street car was crowded with passengers returning from the Harlem race track, and every man in the car was injured. The motorman had received the signal to cross and had just reached the center of the track when the passenger train crashed into his car. None of the passengers had time to escape.

The blame for the accident is laid by Motorman Kilroy upon the wet rails of the track. He saw the danger in time to avoid it, and applied the brakes, but the car slid along the track with locked wheels. The passenger train, which was running at a high rate of speed, struck the street car near the center, cutting it squarely in two. It was reduced to splinters in an instant and the force of the collision was such that several of the injured were hurled high in the air and two of the killed met their deaths by striking the ground after being thrown up in the wreck.

Sir Michael Herbert Dead.

London, Oct. 1.—Sir Michael Herbert, British ambassador to the United States, died yesterday at Davos-Platz Switzerland, after a long and plucky fight against consumption, which terminated with tragic suddenness.
