THE BEND BULLETIN.

VOL. I.

BEND, OREGON, FRIDAY, OCTOBER 23, 1903.

NO. 32.

EVENTS OF THE DAY

GATHERED FROM ALL PARTS OF THE TWO HEMISPHERES.

Comprehensive Review of the Important Happenings of the Past Week, Presented in Condensed Form, Most Likely to Prove Interesting to Our Many Readers.

Advertising, like irrigation, must be kept up. One application may do some good, but it takes several to mature the crop.

After being out 20 hours the jury in the Tillman case returned a verdict of not guilty.

Moroccan rebels have won another victory, and the position of the sultan is becoming desperate.

The interstate commerce commission has granted several railroads more time for compliance with the safety-appliance law.

The sultan of Turkey is considering the recommendation of the porte for Turkish participation in the St. Louis exposition.

Through sleeping car service between Chicago and Los Angeles and San Francisco and between Chicago and Galveston is to be established by the Wabash.

The Standard plant of the United States Reduction & Refining company at Colorado City resumed operations, after an illness of six weeks on account of a strike.

Registration frauds in connection with the coming New York election are already appearing. Fifty Italians were given naturalization papers on reaching there.

Surgical instrument dealers, manufacturers and importers of the United States and Canada are about to organize an association to be known as the American Surgical Trade association.

While digging for coal in an abandoned mine near Dravosburg, Pa., Daniel Sorg and two brothers discovered about \$5,000 worth of clothing, drygoods, hardware, etc., secreted in a deserted portion of the mine.

The czar has abandoned his visit to Rome.

Lord Rosebury has come out strongly for free trade.

The fear of war between Russia and Japan is waning.

Chief Newell declares that Oregon is asleep as regards interest in irrigation.

At the Indianapolis, Ind., city election, the Democratic nominee for mayor was elected.

Monastir is becoming peaceful, Turkish soldiers having practically annihilated the insurgents.

The trial of ex-Lieutenant Governor Tillman, of South Carolina, is finished and has gone to the jury.

It is not likely that the government will purchase part of the townsite of Bremerton for use as a naval station as the price wanted is too high.

The Warner valley stock company has received its patent, the document coming direct from the secretary of the interior. The only course now open to settlers in that section is the courts.

War between Russia and Japan appears less probable.

Yellow fever in Texas is spreading. Doctors, however, believe they will soon have it under control.

Three men were killed and as many others injured in a freight wreck in the Kansas City switch yards.

China is said to have negotiated a secret treaty which will allow Russia to remain in possession of Manchuria for 15 years.

Colorado has begun its answer to the suit of Kansas to enjoin the former from further appropriation of the waters of the Arkansas river for irrigation purposes.

The flood in New Jersey is falling, but distress in Patterson is great. Five hundred are homeless and without food. The property loss in that town alone will reach \$2,000,000.

In case of hostilities between Japan and Russia, Great Britain would have to lend her support to Japan. The United States would not be involved as its interests are protected by treaty with China.

SACKED BY MOB.

Striking French Weavers Wreck Homes of Enemies.

Armentiers, North France, Oct. 15.—This town was today given up to riot, pillage and incendiarism, as a consequence of the weavers' strike. Nothing this morning foretold the serious disturbances about to occur, but at noon the strikers, not receiving answers to their demands from the employers, broke out into the wildest excesses. A mob of 6,000 gathered in the great square and urged the troops stationed there to throw down their arms, shouting: "Down with patriotism."

The rioters then spread through the principal streets, breaking the windows of the stores, dragging out the huge display rolls of linen, which they stretched across the streets with the object of impeding the advance of the cavalry. They wrecked shops, sacked the houses of persons obnoxious to the ringleaders, and attacked the banks, in two of which they succeeded in stealing a few hundred dollars from the tills.

One gang set fire to a large quantity of linen in the cellars of Messrs. Becquart's factory. Others broke the windows of houses and threw inside burning straw.

The troops, hampered by the obstructions thrown in their way by the rioters, were for a long time unable to disperse the mob. Finally a determined charge by lancers restored temporary quiet.

After dark the rioters tore up sewer gratings and paving stones and stretched wires across the streets. Women brought piles of empty bottles for use as missiles, while boys swarmed up the lamp posts and extinguished the gas jets. In spite of the efforts of the soldiers the rioters then proceeded to sack the houses, dragging out the furniture, saturating it with petroleum and setting fire to it in the street. Fire was put to two houses belonging to the strikers' employers and one big factory. The local brigade, being inadequate to cope with the conflagrations, an urgent appeal was sent to the neighboring town of Lille, whence a steam pump and reinforcements of firemen were sent.

By midnight, however, the troops and police had gained the upper hand and dispersed the mob. The streets are now deserted except for the armed patrols. The authorities are taking measures to ascertain the names of the ringleaders in the riots.

RUSSIA BLAMES POWERS.

China, Japan and Britain Held to Have Caused the Present Dispute.

St. Petersburg, Oct. 15.—The foreign office says it has no official confirmation of the reported disembarkation of Japanese troops at Manasampo. Regarding Manchuria, the foreign office states the question is at present closed. The existing situation is the fault of the Chinese, Japanese and British. If China desired to reopen the negotiations and accept certain conditions, the situation could be still changed, as Russia is not rooted to the soil, and could leave if she liked.

Russia is now transporting 50,000 troops, nurses and hospital supplies to the far east. The present strength of the Russian army there is reliably reported to be 283,000 men. Officers detailed for duty in the Orient have been forbidden to take their wives.

PREPARE TO DECLARE WAR.

Nicaragua and Guatemala Will Fight Salvador and Honduras.

Panama, Oct. 15.—According to news received here from Central America, President Zelaya, of Nicaragua, and President Estrada Cabrera, of Guatemala, are preparing to declare war against Salvador and Honduras. Ten thousand Guatemalan soldiers are reported to be marching toward the Salvadorian frontier with a powerful force of artillery. At Santa Ana, 35 miles northwest of San Salvador, a Salvadorian army is being organized under General Regalado. Many war elements have been transported from the port of Acajutla to La Union, which is near the Nicaraguan frontier.

America Shows Interest.

Washington, Oct. 15.—Because of necessary repairs, the cruiser New Orleans has arrived at Yokohama for overhauling. The work will be done by a Japanese firm, and in view of the situation in the far East, every effort will be made to repair the vessel without docking her. The American fleet, in the event of war between Japan and Russia, will be a close observer of the conflict.

AMERICA HAS WON

ALASKA BOUNDARY CASE HAS BEEN DECIDED.

Maps Published Indicating the True Line—All Points Carry—Dominion is Certain to Be Shooked Greatly, but All Agree Her Lawyer Well Performed His Trust.

London, Oct. 17.—The Morning Advertiser announces that it regrets to learn from a source which it regards beyond question that the decision in the Alaska boundary tribunal virtually concedes the American case.

The Morning Advertiser, which appears to be thoroughly satisfied with the reliability of its statement, says the news will be received in Canada with consternation. It gives a map and a detailed explanation showing how the decision will affect Canada, and adds that those who have followed the arguments have been thoroughly satisfied with Clifford Sifton's preparation and presentation of the case.

FOREIGNERS HOLD FEW BONDS.

Treasury Shows That National Credit is Upheld by Domestic Money.

Washington, Oct. 17.—The annual report of the register of the treasury shows that an aggregate of \$15,065,750 of the registered bonds are held by foreigners. Of this amount \$3,211,250 are credited to individuals and \$11,154,500 to foreign insurance companies. The latter amount is all on deposit in this country under the law which requires all foreign insurance companies to deposit with the insurance commissioner of the particular state in which it does business a certain amount of bonds apportioned to the business done, to secure its policy holders.

"The amount of United States bonds thus held by foreign individuals," says the register, "is so insignificant that it may be said that the National credit is entirely upheld by domestic money."

"An annual report of the domestic holdings shows that the consols of 1903 is the popular one with the national banks. Out of a total of \$506,463,350, the banks have on deposit with the treasurer of the United States as security for circulating notes and for deposits the sum of \$458,448,100, leaving to be accounted for \$48,025,250. Of the latter amount \$26,723,850 are held by individuals, the remainder being in the possession of the banks, insurance and trust companies, lodges and societies. The bonds of the various loans on June 30, 1903, were held in this country as follows: Lodges, \$1,750,410; societies, \$2,439,340; individuals, \$208,846,810; with the treasury of the United States in trust, \$498,877,140; in banks, \$63,098,830; insurance and trust companies, \$14,294,570; total, \$786,262,100.

CREW TURNS ON THEM.

Philippine Fugitive is Killed, and His Partner Badly Wounded.

Manila, Oct. 16.—The crew of the boat in which Johnston and Herman, the runaway constabulary officers, accompanied by one constable, started from Guimbal for Cagayanes island, attacked the outlaws on nearing the latter place, killing Johnston and wounding Herman and the constable. Herman killed four of the crew, and the other two jumped overboard. He then put back to Negros, where he sent guns and ammunition to the police and abandoned the boat off Nabalya, Bayanan, where he was in hiding when the last was heard of him.

Saturday night last the police captured the boat, recovering a number of constabulary guns, ammunition and some money. They also buried Johnston, whose body was found in the boat. It is presumed that the crew intended to kill the outlaws and secure their money and arms.

Cruiser Denver on Trial Trip.

Philadelphia, Oct. 17.—The new cruiser Denver, in command of Captain Chase, with a crew of picked men, sailed today for the New England coast on her trial trip. The Denver is an unarmored steel protected twin screw cruiser and one of the smallest fighting vessels in the United States navy. She was designed for service in the Philippine islands. The test of speed will be made on October 22.
