## EVENTS OF THE DAY

### GATHERED FROM ALL PARTS OF THE TWO HEMISPHERES.

**Comprehensive Review of the Important Happenings of the Past Week, Presented in Condensed Form, Most Likely to Prove Interesting to Our Many Readers.**

The Lewis and Clark exposition is rapidly gaining friends in the senate.

The senate committee will recommend the promotion of General Wood.

Tammany will put up Bomke Cookran to succeed Mayor-elect McClellan in congress.

President Roosevelt has refused to allow a lodge of Orangemen to use his photograph on a banner.

Ferry Heath and other ex-officials are seriously involved in the Conrad-Bonaparte report on postal irregularities.

W. A. McKowan, secretary of the board of regents, robbed the university of California of \$40,000 and spent it on races.

The friars are to get \$7,250,000 for their lands in the Philippines. They originally asked \$13,000,000 and Governor Taft offered them \$4,000,000.

A Santo Dominican plot to kill Minister Powell has been unearthed.

Southern friends of Hanna still have hopes that he will run for president.

Mayor Collins, Democrat, has been re-elected mayor of Boston by a large plurality.

J. Henry Booth, receiver of the Roseburg, Oregon, land office will not be reappointed.

Chicago citizens have organized to put an end to the lawlessness which reigns there.

A Connecticut bank cashier, whose accounts are short, on being surprised by the bank examiner, committed suicide.

President Loubet, of France, will visit Rome in April.

The remains of Herbert Spencer, the philosopher, were cremated.

Marines from the cruiser Prairie have been landed at Colon and sent to Panama.

The Utah fuel company says any miner who desires to return to work must give up the union.

Senator Bailey holds that the Cuban reciprocity bill is invalid because it did not originate in the house.

Rev. Edward Everett Hale, of Boston, has been appointed chaplain of the senate for the session beginning January 1.

Senator Foster has introduced a bill dividing Washington into two judicial districts, north and south. His bill places Seattle in one district and Tacoma and Spokane in the other.

The cotton mills at Adams and North Adams, Mass., and Norwich, Conn., have made a 10 per cent reduction in wages. The order affects 6,000 operatives.

G. M. Stuart is likely to be reappointed postmaster at Seattle.

Comment at St. Petersburg on Roosevelt's message is very friendly.

W. J. Bryan and son, who are touring Europe, held an audience with the pope.

United States Senator Clark, of Montana, is much improved and should be out in three weeks.

Secretary Hitchcock may remove J. Henry Booth, register of the Roseburg, Oregon, land office.

John W. Proctor, president of the civil service commission, died very suddenly in Washington.

The senate committee on privileges and elections will ask Smoot to reply to the charges made against him.

The national Republican committee has chosen Chicago as the convention city and fixed June 21 as the date.

President Hariman announces that Union Pacific cars will soon run into Seattle.

General MacArthur is accredited with predicting war with Germany in the near future.

A nineteen-year-old Vermont love-sick boy aided a woman to slay her husband so he could get a home.

## MORE MONEY TO CRATER LAKE.

Secretary of Interior Asks Liberal Appropriation for Park.

Washington, Dec. 19.—The interior department recognizes that more liberal appropriations are necessary for the improvement of the Crater Lake National Park than have been made in the past. The last sundry civil bill appropriated only \$2,000 for this work and out of this an allowance goes to the salary of the superintendent. With such a meagre appropriation little progress can be made in the direction of constructing roads and making other improvements which will facilitate the access to Crater Lake and other points of scenic interest scattered all through the park. This year, the secretary of the treasury hopes to have at least \$4,000 made available so that the improvements can be made during the summer of 1904.

Mount Rainier National Park in Washington is so far without a superintendent, and, beyond a road survey made last summer, little has been done looking to its improvement. The secretary now asks for \$2,600 to be expended in the management and improvement of this park and on the improvement of roads. The Washington delegation will ask for a larger amount, although there is some doubt if they will succeed in getting it.

## SAW THEIR WAY TO LIBERTY.

Arizona Prisoners Make a Sensational Jail Break.

Tombstone, Ariz., Dec. 18.—A sensational jailbreak occurred here tonight and 13 prisoners effected their liberty by sawing the jail bars and breaking through the jail walls. Two of the prisoners, Bert Alvord and W. A. Stiles, were held as the principals in the Cochise train hold-up in this county a year ago. The former was under sentence of two years to the penitentiary, and the latter had six indictments hanging over him on the same charge. The other escaped prisoners are Mexicans held for petty crimes.

The prisoners left in a body, headed toward the Mexican line. It was learned that the fleeing escapes appropriated a horse belonging to a citizen living below town. The Mexicans on the outside are suspected of assisting the prisoners to escape.

Immediately after the alarm two posses of well armed deputies started in pursuit. The territorial ranger force and all the local officers in the county have been notified, and orders have been given to patrol the boundary line to prevent the prisoners from getting into Sonora. This is the second jail break made by Stiles and Alvord within a year. Stiles wounded Jailor Bravin at the time of the first break.

## SAYS BRITAIN WILL LOSE IT.

Carnegie Makes This Prediction Regarding South Africa.

New York, Dec. 19.—At a meeting here today of the Armstrong association, Andrew Carnegie surprised his hearers by asserting he believed Great Britain would surely some day lose South Africa. He said:

"It is about as certain as we are living that Great Britain will lose South Africa, because the Dutch population there is increasing, while the British are not. The Kaffirs won't work. What would Great Britain give for 9,000,000 negroes, as peaceable and as loving as those in this country. These men give us about 11,000,000 bales of cotton every year and this, I contend, helps make the United States the most powerful nation in the world. Suppose a fleet of British warships would attack us. The president need only raise his hand and say stop exporting cotton, and the war would be won. What a happy country this is to have the negro."

"My knowledge of the question leads me to the opinion that no political measure can ever save or benefit the negro. The Hampton institute shows the only useful solution."

## Friar Land Issue Settled.

Manila, Dec. 19.—An agreement has been reached by Governor Taft and the friars providing for the settlement of the friar land question. The pope has given his approval of the terms of settlement, and the approval of the war department is awaited.

## PASSES CUBAN BILL

### SENATORS ARE FOR RECIPROCITY BY DECISIVE VOTE.

**Ballot is Taken After a Day of Animated Debate—Spooner and Bailey Lead It—Great Rejoicing Throughout Cuba on Receipt of the News There—Street Parades, Speeches and Fireworks.**

Washington, Dec. 18.—By the decisive vote of 57 to 18, the senate yesterday passed the bill carrying into effect the reciprocity treaty with Cuba. The final vote came at the close of the day, which was marked by a debate, which, while at all times animated, was never acrimonious. The principal speeches were made by Spooner, for the bill, and by Bailey, against it. Both senators were subjected to frequent interruptions.

Bailey referred to the agreement of the Democratic caucus to stand solidly on party questions, and warned the Republicans that in the future they could not depend on straggling Democratic votes in support of Republican party measures, regardless of whether they were or were not in accord with Democratic doctrine.

After the passage of the Cuban bill the senate agreed to the house resolution providing for a holiday recess from December 19 to January 4.

### CUBA REJOICES OVER NEWS.

**Fireworks Are Set Off and Parades Are Formed in Large Cities.**

Havana, Dec. 18.—The news that the United States-Cuban reciprocity treaty had passed the United States senate and now only required the signature of President Roosevelt to become operative, has created a profound sensation on the island. While the Cubans have been assured time and again that there was no doubt of passage of measure, the delay in reaching a vote in the senate caused apprehension that could not be dispelled until the cable announcing the vote arrived tonight.

The good news was rapidly spread through the island and impromptu but, at the same time, very joyous celebrations were soon under way. In all of the larger cities, street parades were quickly organized, while in cities and villages alike, fireworks were set off and speeches made by the leading citizens. It is conceded on all sides that the treaty means the commercial salvation of the republic of Cuba.

### EXPLORERS FIND NEW LAND.

**Antarctic Expedition Declares Present Maps Are Inaccurate.**

New York, Dec. 17.—Dr. Nordenskjold and other members of the Swedish Antarctic expedition recently rescued by a gunboat sent to the Antarctic region by the Argentine government have embarked for home on the German steamer Tijuca, says a Herald dispatch from Buenos Ayres, Argentina.

The explorer appeared before the Argentine geographical institute and gave a description of his voyage. He declared the main object of the expedition was not to make a record over other parties for advancing southward, but to make a thorough geographical and biological study of regions never before visited. As for the geographical results, Dr. Nordenskjold said they had drawn the first map of the coast from Belgica canal to the 66th degree. Passing through Louis Philippeland, the explorers discovered land adjoining Louis Philippeland and King Oscarland. They found also that a canal existed between that land and Admiralty strait.

All maps of that country, the explorer said, so far published are inaccurate. There is no broad land, but only a narrow strip full of mountains. The whole region is of granite origin, surmounted by strata, in which fossils abound. In these fossils are many sea mollusks, bones of vertebrates and leaves of trees. The whole region greatly resembles that of Patagonia, of which it seems to be a projection. No lake animals of any kind are found there, but marine fauna are abundant, as well as birds. The climate is exceedingly cold. Winds blow continuously, and sometimes reach the force of a hurricane.

### Soo Concerns Sold at Auction.

New York, Dec. 18.—The assets of the Consolidated Lake Superior company, held by Speyer & Co., for a loan of \$5,050,000, were bought in at public auction by Speyer & Co. today for \$4,500,000. There was the only bid.
