Hood's Sarsaparilla promises to cure and keeps the promise.

Getting Rid of Matilda.

Conjurer (pointing to his cabinet)—Ladies and gentlemen, I now call your attention to the great illusion of the evening. I will ask any lady in the audience to step on the stage and enter the cabinet. I will then close the door. When I open it again the lady will have disappeared, leaving no trace.

Husband (to his wife)—Matilda, my love, do oblige the gentleman and walk up.—Answers.

Left-Handed Penmen Not Wanted.

Few business men will employ left-handed person as a clerk or bookkeeper and the prejudice against them extends to the government departments at Washington. The chiefs of those departments are entirely willing to overlook bad penmanship on the part of a really good and industrious clerk, but it is the man or woman who writes with the left hand at which the balk is made. The dead line is drawn just the moment it is ascertained that a clerk is left-handed and he is forthwith informed that if it is his desire to continue in government service will be necessary for him to write with his right hand. This information always a bitter pill for the left-handed penholders, but there is nothing to be done but begin to write with the right hand or "throw up the job," and be anxious to quit government service even for this cause.

Good Time to Die.

That Acid Trouble.

Colusa, Cal., April 18th.—Much has been said and written recently about Uric Acid in the system; what causes it and how to get rid of it. It is known to be the first cause of Rheumatism and many other diseases and has therefore received a great deal of attention from medical men.

Mr. L. E. Moulton of this place claims that he has solved the problem of how to get this acid out of the system. He says:

"I had this acid trouble myself for years. At times the kidney secretions would be very profuse and at other times scant but the acid was always my greatest trouble. Medicine failed to cure me till at last I heard of a remedy called Dodd's Kidney Pills and after taking a box I seemed to be entirely cured. However it came back on me and this time I took several boxes with the result that I was completely and permanently cured. This was three years ago and I have not had a single symptom of the acid trouble since. I am 75 years of age and I am well as ever I was."

"PE-RU-NA TONES UP THE SYSTEM IF TAKEN IN THE SPRING."

SAYS THIS BEAUTIFUL YOUNG GIRL.

MISS MARJORY HAMPTON, OF NEW YORK.

Miss Marjory Hampton, 2616 Third Avenue, New York City, writes: "Peruna is a fine medicine to take any season of the year. Taken in the spring it tones up the system and acts as a tonic, strengthening me more than a vacation. In the fall and winter I have found that it cures colds and catarrh and also find that it is invaluable to keep the bowels regular, acting as a gentle stimulant on the system. In fact, I consider it a whole medicine chest."—Miss Marjory Hampton.

PURE BLOOD Blood Impurities of Springtime—Cause, Prevention and Cure.

Dr. Hartman's medical lectures are eagerly scanned by many thousand readers.

One of the most timely and interesting lectures he ever delivered was his recent lecture on the blood impurities of spring.

The doctor said in substance that every spring the blood is loaded with the effete accumulations of winter, deranging the digestion, producing sluggishness of the liver, overtaxing the kidneys, interfering with the action of the bowels and the proper circulation of the blood.

This condition of things produces what is popularly known as spring fever, spring malaria, nervous exhaustion, that tired feeling, blood thickening and many other names.

Sometimes the victim is bilious, dyspeptic and constipated; sometimes he

is weak, nervous and depressed; and again he may have eruptions, swellings and other blood humors. Whichever it is, the cause is the same—effete accumulations in the blood.

Nothing is more certain within the whole range of medical science than that a course of Peruna in early springtime will perfectly and effectually prevent or cure this almost universal affection.

Everybody feels it in some degree. A great majority are disturbed considerably, while a large per cent of the human family are made very miserable by this condition every spring.

Peruna will prevent it if taken in time. Peruna will cure it if taken as directed.

Peruna is the ideal spring medicine of the medical profession.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
