

Get Rid of Scrofula

Bunches, eruptions, inflammations, soreness of the eyelids and ears, diseases of the bones, rickets, dyspepsia, catarrh, wasting, are only some of the troubles it causes.

It is a very active evil, making havoc of the whole system.

The Hon. Andrew D. White's entertaining recollections of his life as a member of the American legation at St. Petersburg during the Crimean war will be continued in the August Number, the Midsummer Holiday Number. These chapters will include, besides much other matter, of timely interest, personal memoirs of Nicholas I and Alexander II of Russia. Later foreign services of Mr. White include his work as a United States commissioner to Santo Domingo and to the Paris exposition; as United States minister to Germany, 1879-81, and to Russia again in 1892-94; as a member of the Venezuelan commission and of the Hague peace commission, and as ambassador to Germany in 1897.

Future Great Men.
The replies of Mr. Root to the newspaper men who interviewed him while he was Secretary of War were often sharp and witty. One day, says the New York Times, a number of them, entering his office, found him signing documents.

"What are you doing, Mr. Secretary?" they asked.

"Appointing lieutenant generals," was the instant reply. As he was signing the commissions of West Point graduates, it is safe to say that none of those commissioned would have doubted that he spoke the truth.

THE SSS BEST TONIC

It increases the appetite, tones up the stomach, invigorates and strengthens the system, and furnishes purer and better blood for the up-building of the run-down constitution. You will find no tonic to act so promptly and beneficially where the health has given way, the strength over-taxed by hard work and close confinement. Those living in the low, marshy sections of the country, exposed to miasmatic poisons and breathing the impure air arising from stagnant pools and swamps, till their systems are filled with malaria and their health undermined, will find S. S. S., a most excellent tonic, and its timely use has many times prevented the serious complications that so often result from malaria.

Good blood, good appetite and good digestion are the foundation stones of good health. S. S. S. supplies all these, containing as it does ingredients for the purification of the blood and also well-known tonic properties, making it the ideal remedy in cases where the blood has deteriorated, the stomach disordered and appetite has failed.

S. S. S. being a purely vegetable compound, leaves no bad after-effects, like the strong potash and mineral remedies, which are bad on the stomach and nerves. A course of S. S. S. now will fortify the system, and the impurities that have accumulated through the long winter months are more readily and promptly thrown off, and the warm weather finds you in good physical condition, instead of weak, run-down, tired and debilitated, with no appetite or energy, as is apt to be the case where the system is neglected and nature is left to take care of herself. If you need a tonic and appetizer, you find S. S. S. the best. Medical advice without charge to all who write about their case.

THE SWIFT SPECIFIC CO., ATLANTA.

Direct Evidence.
The lawyer shook his finger warningly at the witness and said, "Now we want to hear just what you know, not what some one else knows, or what you think, or anything of that kind, but what you know. Do you understand?"

"Wal, I know," said the witness, with emphasis, as he lifted one limber leg and laid it across the other, "I know that Clay Grubb said that Bill Thomson told him that he heard John Thomas' wife tell Sid Shuford's gal that her husband was there when the fight took place, and that he said that they slung each other around in the bushes right consid'able."

Arriving at a Verdict.
Kushequa, Pa., Aug. 1.—(Special)—In this section of Pennsylvania there is a growing belief that for such Kidney Diseases as Rheumatism and Lame Back there is only one sure cure and that is Dodd's Kidney Pills. This belief grows from such cases as that of Mrs. M. L. Davison of this place. She tells the story herself as follows:

"I have suffered from Rheumatism for thirty years and find that Dodd's Kidney Pills have done me more good than any medicine I have ever taken. I was also lathered with Lame Back and I can only say that my back hasn't bothered me since I took Dodd's Kidney Pills."

Considering that Mrs. Davison only took two boxes of Dodd's Kidney Pills, the result would be considered wonderful were it not that others are reporting similar results daily. Kushequa is fast arriving at a verdict that "Dodd's Kidney Pills are the one sure cure for Rheumatism."

The Hero's Plea.
"Brave youth!" exclaimed the father of the girl who had been rescued from a watery grave, "how can I repay you? How can I show my gratitude?"

"Oh, if you only will please let me off," replied the young man.

"Let you off? How do you mean?"

"Don't insist upon the usual consequences; I'm engaged to another girl."

Thoughtful Husband.
"You asked me to bring you some pin money this morning, my dear," said the young husband.

"Yes," she replied, with an air of expectancy.

"Well," he continued, "I thought I might as well save you a trip down town, so I brought you a paper of pins instead."

Not Her Affair.
Uncle Ephraim had put on a clean collar and his best coat, says the Chicago Tribune, and was walking majestically up and down the street.

"Aren't you working to-day, uncle?" asked one of his acquaintances.

"No, sub. I's celebratin' my golden weddin', sub."

"You were married fifty years ago to-day?"

"Yes, sub."

"Well, why isn't your wife helping you to celebrate?"

"My present wife, sub," replied Uncle Ephraim, with dignity, "ain't got nothin' to do with it. She's de fourth, sub."

THE HOUSEHOLD

Egg Croquettes.
Four hard-boiled eggs, three tablespoonfuls of cream, butter the size of a large nutmeg, a heaping saltspoonful of salt, a dash of pepper. When the eggs are very hard and perfectly cold, rub through a fine wire sieve, add the cream, salt and pepper, beating in gradually. Melt the butter and stir in. As eggs sometimes vary in size, a little thickening may be needed to give the right consistency. Use the finest cracker dust, adding a little at a time until the mixture can be moulded into very soft balls. Roll in cracker dust and drop into a deep kettle of hot fat to fry. When they are brown, strain on a wire sieve and serve with lettuce salad. For this purpose the croquettes should be cold. When hot, serve with crisp bacon.

Corn Sautéed in Cream.
Take six ears of juicy, tender corn, and cut from the cob. Place in a saucepan with a gill of hot white sauce, half a cupful of cream and half a tablespoonful of butter; season with half a teaspoonful of salt, dusting of white pepper, and saltspoonful of nutmeg. Cook gently for ten minutes on back of range; place in hot dish and serve.

Precaution in Case of Fire.
Should a fire break out in the chimney a wet blanket should be nailed to the upper ends of the mantelpiece, so as to cover the opening entirely. The fire will then go out of itself. In order to be able to fix the blanket two knobs should be permanently fixed in the upper ends of the mantelpiece, on which the blanket may be hitched.

Canned Peas.
Shell the peas and lay in cold water for a half-hour. Drain and boil in salted water until tender but not broken. Drain out the peas and pack into heated fruit jars, returning the liquid to the fire. Roll up this liquid and while still boiling fill the jars to overflowing with it, sealing immediately. Stand on their heads in a cool, dark place.

Rice Soup.
Wash four ounces of rice, put it on the fire with three pints of boiling water and a pinch of salt. Boil for ten minutes, drain, and pour cold water through it. Put the rice back in the saucepan with three pints of good soup; let it cook gently twenty-five to thirty minutes. Serve with grated Parmesan cheese.

Buttermilk Pie.
Buttermilk pie should be prepared as follows: Beat two eggs to a froth with half a teaspoonful of sugar, a teaspoonful of flour, one pint of buttermilk and a tablespoonful of butter. Whisk all the ingredients together thoroughly and bake with one crust, as you would a fruit pie. Add any spice or flavoring desired.

Almond Custard.
One pint of milk, one-fourth cupful of sugar, one-fourth pound of almonds, blanched and pounded fine, two eggs and two teaspoonfuls of rosewater. Stir over the fire till thick as cream, then set in oven till firm. Just before serving cover with whipped cream, tinted delicately with strawberry syrup or red currant jelly.

Virginia Corn Muffins.
Three eggs, well beaten; two heaping cups Indian corn meal and one of flour; sift into the flour two teaspoonfuls baking powder; add one tablespoonful melted lard, three cups sweet milk, one teaspoonful salt; beat well; bake quickly in rings or small patty pans; serve hot.

Sugared Squash.
Select a firm, sweet squash, a Hubbard by preference, and break into neat serving pieces. Parboil for fifteen minutes. Place in a baking pan, sprinkle each piece thickly with grated maple sugar, place a small nut of butter on each, and run into a slow oven to finish cooking.

To Remove Scorch Marks.
Bake an onion, then squeeze out the juice and mix it with an ounce of full-courched yesterday from his hunting trip to the Willamette valley. He brought in 19 workmen the ditch. Harry Hunter is excited in tonight or tomorrow with more. These will increase the construction force to 80 men, the ones having previously become excited by calls from the harvest.
