Duncan McMillan returned this week from a two weeks trip to Portland, where he has been purchasing new stock for the B. M. company.

It is cheap to rent a safety deposit box at the bank and have absolute security for your papers to take the risk of losing them. Only \$3 a year.

Foreman E. R. Lester and his right-of-way crew, have been transferred down to construction camp No. 2 to clear the way for ditch enlargement.

Ralph Sheldon is building a house 16x30 feet near the Sheldon Bros' blacksmith shop. His family is expected to arrive from Burns, in about 10 days.

L. D. Wiest has put out 750 strawberry plants this fall and proposes to find out next year what the soil of his homestead will do at raising straw fruit.

Origene Lussler and Robert G. Bowser have leased the Mutzig ranch near the Swalley bridge and gone down there to see what they can do at irrigated agriculture in the coming year or two.

Photographer Bledsoe last week got a very striking view of the Cascade range freshly coated with snow. It has the Deschutes river in the foreground, taken from an elevation on the Sisemore place.

Severt Debing has entered into partnership with George W. Whitsett, formerly of Prineville. Debing & Whitsett this week let the contract to Turner & McReynolds for construction of a saloon building in Bend 32x50. This will be on Bond street near the new livery stable.

Mr. and Mrs. J. M. Walker arrived in Bend last Saturday and have taken rooms in the Orentt hotel. Mr. Walker came from Coquille, Crook county, where he ran a photograph gallery for some years. Both Mr. and Mrs. Walker are photographers. They intend locating here and taking land.

Instead of a debate next Wednesday evening at the Bend Literary and Debating society, it has been decided to have the question of incorporating Bend discussed by W. E. Guerin jr. There will also be an interesting musical and literary programme. All interested in the question for discussion are invited to attend.

Postmaster G. W. Wimer, of Tumalo, brings in some turnips about as big as the monster recently recorded for the Sisemore garden. And he has a lot of them. These turnips are of the variety known as the cowhorn and they grow without any trouble on Bull creek flat—grow to be a foot in diameter and of excellent texture and flavor for table use. These turnips had the benefit of irrigation. The Wimers are bringing a large body of fine land under irrigated agriculture.

A battery of 15 safety deposit boxes arrived this week for the Central Oregon Banking & Trust Company and have been installed in the big vault at the bank. These boxes are themselves fire and burglar proof and they will also be kept in the stone vault. The customer has a key which will not, however, open his box, so loss of

his key will not affect the security of his box. The customer's key must be used in connection with the master key in the hands of the cashier before the safety deposit box can be opened. The master key alone will not do the work. A deposit of 50 cents is required when a key is taken, to be refunded when it is returned. These boxes rent for \$3 each a year and they are going fast.

Trespass Notice.

Notice is hereby given that I have purchased the well-known Sisemore place, a short distance south of Deschutes post-office, and that all forms of trespass thereon, including fishing and hunting, are strictly forbidden under the penalties of the law. Particularly do I wish to give public notice and warning that the path along the river bank to the northward of the county bridge is no thoroughfare and is not open to public use and all persons are cautioned to refrain from passing that way.
