

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of **Hood's Sarsaparilla**

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and cancerous luster on my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." **BUSIE A. HAINES**, Withers, N. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

"Mamma," said the pretty fluffy-haired girl, "I think I ought to go to cooking school, don't you?"
"It isn't necessary, my dear," replied the mother, "I can teach you to cook."
"But that would never do, mamma," protested the fair daughter, "you only know how to cook the ordinary things that people really eat."

OFFENSIVE CATARRH

I suffered for a long time with a bad case of Catarrh, and took a great deal of medicine without any benefit.

I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of your S. S. S. and wrote you. I commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease. **MISS MARY L. STORM**, Cor. 7th & Felix Sts., St. Joseph, Mo.

Wheeling, W. Va., May 29, 1903.
I had Nasal Catarrh for years for which I used S. S. S. with very gratifying results. I tried local applications for some time, and getting no permanent relief I came to the conclusion that the seat of the trouble was in the blood. Knowing S. S. S. to be a good blood medicine I began its use, and after using it for some little while it did away entirely with the offensive mucus in the nostrils, and I did not have to hawk and spit, especially in the morning, to dislodge the catarrhal matter. **FRED H. PERRY**, 1627 South St.

The filthy secretions and foul mucus that are continually dropping back into the throat, find their way into the stomach and are absorbed into the blood. Catarrh then becomes constitutional, and the only way to get rid of it is through the blood. Write us if you have Catarrh, and our physicians will advise you without charge.

Admiral Schley Uses Pe-ru-na In His Home

Peruna Drug Co., Columbus, Ohio.
Gentlemen—"I can cheerfully state that Mrs. Schley has taken Peruna and I believe with good effect."
W. S. SCHLEY.

Battle of Santiago, Where Admiral Schley Made History

One of the greatest naval battles in the world was the fight off Santiago. Never since the dispersion of the Spanish Armada has there been a more epoch-making victory in the onward march of civilization than in the notable event of July 23, 1898, in which the great hero, Admiral Schley, took a leading part.

It was a great naval battle. Without a moment's warning it began. Quick decision, undaunted courage, excellent discipline, resolute self confidence—these combined in Admiral Schley to produce that dash and daring so characteristic of the American soldier.

A man must think quickly in these days. There is no time for slow action. New enterprises arise in an hour. Old ones pass away in a moment.

A multitude of great themes clamor for notice. A man must take sides for or against by intuition, rather than logical deduction.

One day this fighting admiral, Schley, happened to be in company with other admirals who were on various topics of popular interest. The subject of Peruna

was raised—its popularity as a catarrh remedy, its national importance, its extensive use.

One asked his opinion. Without a moment's hesitation, he said: "I can cheerfully say that Mrs. Schley has taken Peruna and I believe with good effect."

Like the battle of Santiago, the thought was sprung upon him without any warning, and he disposed of it with the same vim and decision as he did with the Spanish fleet led by the ill-lated Viscaya.

His words concerning Peruna have gone out into the world to be repeated by a thousand tongues, because he said them.

Like the news of his victory over Cervera, his words concerning Peruna will be caught up by the multitudes and passed from mouth to mouth, across oceans and continents.

Except for an inborn manly independence, in a country of free speech, these words never would have been uttered by an officer in such a notable position as that of Admiral Schley.

Except for a world wide notoriety and popularity, such as Peruna enjoys, no remedy could ever have received such outspoken public endorsement by such a man.

The best medicine—carefulness and temperance.
