Last Friday Jim Black, the well known vaquero, fell into one of the watering holes at Wetweather springs, and incidentally lost the full flask that is his companion in riding the range. The stuff was taken away on a horse's back, for no wheels had been near the place.

With the June number will begin The Pacific Monthly's series of special editions for the year 1905. They will comprise a number for Portland, for Seattle, for Southern California, for San Francisco and the souvenir number of the Lewis and Clark Exposition, also a special automobile number. The articles of Dr. Wolf von Schierbrand, six in number, on "The Coming Supremacy of the Pacific" are also promised, and the plans contemplated by the publishers will, without question, place The Pacific Monthly far in advance, not only of present competitors, but also into the unreachably class of periodical literature on the Pacific Coast. The Pacific Monthly is sold to regular subscribers at the extremely low price of \$1 a year. We have made an arrangement with the publishers by which we are able to offer it in connection with The Bend Bulletin (both publications) for \$2 a year.
