TWO CITY TICKETS

"Citizens" and "People" make Nominations.

THEY AGREE IN PART

Main Fight is for Control of the Council--No Contest for Mayoralty.

Last Saturday night a Citizens' nominating convention was held at the B. M. hall. Wednesday evening a Peoples' convention was held at the Pilot Butte office. Following are the tickets nominated by the respective conventions:

CITIZENS' TICKET.
For mayor--A. L. Goodwillie
For recorder--J. M. Lawrence
For treasurer--F. O. Minor
For marshal--C. M. Weymouth
Four aldermen--two years, J. Frank Stroud, D. McMillan and Millard T. Triplett; one year, (to fill vacancy) Hugh O'Kane and C. D. Brown.

PEOPLES' TICKET.
For mayor--A. L. Goodwillie
For recorder--J. M. Lawrence
For treasurer--F. O. Minor
For marshal--Floyd Lobdell
For aldermen--two years, J. Frank Stroud, Millard T. Triplett and Samuel C. Caldwell; one year (to fill vacancy), E. A. Sather and John H. Overturf.

Thus, the only disagreement is for marshal and three aldermen. C. M. Weymouth, the present marshal, being opposed by Floyd Lobdell, and for the council McMillan, O'Kane and Brown being opposed by Caldwell, Sather and Overturf.

The meeting of the voters Saturday night was called to order by A. L. Goodwillie. Dr. Coe was made chairman, C. M. Weymouth secretary, and Herbert McDonald and Paul Kraemer tellers. A. L. Goodwillie was renominated by acclamation for mayor. F. O. Minor, for treasurer, was nominated by the secretary casting unanimous ballot for him.

For recorder A. H. Grant was named by Ora Poindexter, T. W. Zimmermann by Ralph Sheldon and J. M. Lawrence by William Howell. Grant's homestead, upon which he will be required to establish residence in February, was brought into the question and he withdrew. The ballot resulted in 16 for Zimmermann and 31 for Lawrence, and the latter was declared the nominee of the convention. Floyd Lobdell was proposed by Ora Poindexter for marshal, and Frank Stroud named C. M. Weymouth. Lobdell got 12 ballots and Weymouth 38.

William Howell proposed that J. Frank Stroud, C. D. Brown and D. McMillan, for the long term, and Hugh O'Kane and S. C. Caldwell, for short term, be nominated collectively for aldermen, and the motion carried. Then Ora Poindexter asked the approval of the convention for another list of aldermen composed of A. C. Lucas, E. A. Sather and S. C. Caldwell for long term and Millard Triplett and G. W. Whitsett for short term. This was practically granted when the convention got into a wrangle over parliamentary questions, the chair was overruled on the point that nominations had closed, and the whole council ticket was thrown open again.

A dozen names were placed in the field for alderman. The first ballot resulted in choice of Stroud and McMillan. The second ballot tied Triplett and Brown with 20 votes each, Caldwell receiving 9. On third ballot Triplett received 28 and Brown 20. These completed the long term nominations. O'Kane and Brown were nominated for the short term and the convention adjourned.

At a meeting held in the Pilot Butte office Wednesday evening 35 voters were present and in half an hour they nominated without opposition the Peoples' ticket at the head of this column. Dr. Merrill was chairman and J. H. Overturf secretary.

HOW IT AFFECTS BEND

DRAKE - D. I. & P. CO. CONTROVERSY

Statement of Main Point Involved, by Mayor Goodwillie--No Interference with Irrigation.

BEND, Or., Dec. 1.--(To the Editor)--So many misleading statements have been put in circulation respecting Mr. Drake's efforts to protect his own interests and the interests of all the citizens of the locality, that it may be well to have a short statement of the central facts. Stripped of legal technicalities and reduced to its lowest terms the controversy between A. M. Drake and the D. I. & P. Co., so far as it holds any public interest, may be stated as follows:

Soon after buying the Drake irrigation interests the D. I. & P. Co. made application for a new segregation of some 56,000 acres of arid land to the northward of Bend, the water to reclaim which--1,000 cubic feet per second--was to be diverted from the Deschutes river just below the Bend townsite. At the time of the transfer it was understood this would be done. The contract made with the state of Oregon was for diversion at this point. The agreement for rights of way over certain of the Drake property contemplated a canal from this point. This insured the passage of water past Bend for that segregation--at least one-third the volume of the river. It guaranteed permanently sufficient water in the river here for power and logging purposes.

Now the D. I. & P. Co., without authority or consent of the state, changes its plan so as to divert the water for this 56,000-acre segregation at the present headworks of the Pilot Butte canal, three miles above Bend, instead of at the point below Bend which its contract with the state and the interest of Bend citizens require. This would leave the river dry at Bend--a condition that is not to be tolerated.

On the ground that recent attempts on the part of the irrigation company to gain water rights up the river do not comply with the law, Mr. Drake today filed notice of water appropriation for power purposes at the damsite near the old bankhouse on the edge of the Bend townsite, his intention being to put this and other power controlled by him along the river to immediate use, in an enterprise for which Mr. Drake has been negotiating within the past month. This will not in the least interfere with irrigation work as contracted for, but it will add greatly to the industrial development of the country.

It should not be forgotten that the company burdened the land of this 56,000-acre segregation with a lien of \$1.27 an acre more than for its other segregations, upon the claim that the works would be more expensive because of the necessity for building a dam to divert the water below Bend. That lien is already in its contract with the state.

There is now no objection by Mr. Drake or anybody else to the building of reclamation works according to contracts duly entered into. Mr. Drake stands ready to give every reasonable aid, including rights of way, for the construction of such works. As a matter of fact he has laid no straw in the way of it. He is placing obstacles in the way of a diversion that is entirely unauthorized, that not

SCHOOL BONDS WIN

\$6,500 Authorized by the Taxpayers.

NEW BUILDING UNDER WAY

Contract Requires Completion by February 10, When Three Rooms will be Occupied.

The third bond election for the Bend school district took place last Tuesday afternoon. Twenty-five votes were polled, of which 23 were in favor of the bonds.

At the first bond election in June only a dozen votes were cast, all in favor of issuing bonds to the amount of \$3,500. Subsequently it was concluded that more money would be required and an election to vote \$5,000 bonds was held. Nineteen votes were cast at this time, all in favor. After the bids for the proposed school building were received it was found that still more money would be needed and a move to authorize bonds to the amount of \$6,500 was started. This culminated in the election last Tuesday afternoon.

The election board was composed of Millard T. Triplett, Charles W. Merrill and James D. Honeyman, and the clerk was Herbert R. Satchwell.

Besides voting the \$6,500 bonds the taxpayers decided that they should be sold under subdivision 31 of section 3389 of the B & C code--that is, to the state land board or other outsider instead of to Bend people. Bend people can get 10 per cent for their money so of course would not buy 6 per cent bonds.

The bonds to the amount of \$6,000 will be prepared and sold at once. They will probably bring a premium between \$250 and \$500.

Contractor Jarvis has begun work on the new schoolhouse and is to have it completed and ready for use by the 10th of February. The contract specifies that in getting labor and materials for the new building those within the district shall have preference, other things being equal.

Awarded Silver Medal.

F. C. Rowlee was up from Redmond Monday and said he had received certificate from the Lewis and Clark exposition that the display of vegetables from the D. I. & P. experiment farm, near Bend had been awarded silver medal.

All persons who executed before notary public the affidavit to the effect that they had not entered a claim for more than 320 acres of non-mineral government land since August 30, 1890, will be required to execute the affidavit again, notary not being an officer authorized by law to take such affidavits. Therefore all who made such affidavits before a notary will save delay in the adjustment of their claim by making them again, before an officer authorized to take affidavits in land matters.
