west side of the river north of Bend. Friday and again Sunday a hunting party consisting of M. G. Coe, Al. Howell, Billy Robinson and C. A. Riddle crossed the river hoping to track the animal to his lair. They failed to find him, however.

W. J. Ward, who has been in Bend examining the timber in this region for a large California firm, left Wednesday morning on his homeward trip, going south over the Klamath Falls route. He had intended to spend several weeks in the timber east and west of Bend, but the heavy snowfall of last Saturday makes further cruising impracticable. It is his intention to return in the spring and complete the work.

Mrs. E. George, who is well known in Bend, and Charles E. Reed, who had charge of the D. I. & P. Co.'s experiment farm last year, were married recently at Prineville, the Rev. Mitchell officiating. The bride, who has been living at Redmond, was taken to Prineville by F. C. Rowlee in his auto to meet the groom, who has been at work on the Johnston farm, and the twin were made one. The couple left on the noon stage the same day for a short trip before going to housekeeping at the farm.

G. W. Eastman and R. A. Rose from North Yakima and Kennewick, Wash., arrived in Bend last Monday with troubles of their own. Some months ago these two men acted as witnesses for a man named Sweet, now living in Minnesota, who had filed on a timber claim in 23-12, several miles south of Bend. Owing to a delay in the land office, a period of 10 months had elapsed from the time of filing on the claim to the time that proof was to be made. When an effort to make final proof was attempted, it was discovered that the witnesses would have to view the claim again before proof could be made. This was due to a recent ruling that witnesses must visit the land within a few weeks of the time of making proof. Consequently Sweet has been put to the expense of sending his witnesses from their distant homes in Washington into the Silver Lake country. They were looking for Commissioner Lawrence before whom to lay their troubles, but on learning of his departure for Roseburg, decided the only thing to do would be to go to Silver Lake, where another commissioner is located. They left for that point Wednesday morning.

A. M. Drake President of Bank. At the annual meeting of the stockholders of the Central Oregon Banking & Trust Co. held last Saturday the only change made was choosing A. M. Drake to fill the vacancy caused by the resignation of W. E. Guerin, both as director and as president of the bank. The other two directors are A. L. Goodwillie and J. M. Lawrence, the former being vice-president and the latter secretary. The bank's business is in prosperous condition.

### POWELL BUTTES MAN SICK.

Injured While Working on the Ditch and Hurt by Horse.

POWELL BUTTES, Dec. 28.—William Johnson has had a serious illness and in fact is not out of danger yet. Some time ago he injured himself when working on the ditch and more recently he was hurt by a horse. On Christmas day he was unable to attend the gathering at the schoolhouse. Last Sunday he was so ill that it was necessary to send for Dr. Edwards. The doctor says he thinks he will be able to pull him through.

Of late we have had some howling winds—something stronger than summer winds. But the winds have always been of short duration and have come in the night when people have not been molested by them.

There has however been a breeze of another kind, almost a tornado in fact, which has not yet altogether stopped. The people have been, ever since the memory of the first settler, getting water from a spring on the Vandevort or rather Williamson ranch. They come there with barrels and tanks of every description. They haul water all the way from two to seven miles. The settlers are very much interested in a well being dug by Mr. Baldwin. He has already got down 120 feet and can plainly hear the water of wind roaring beneath. Mr. Porter of Prineville is drilling a well for Mr. Pancake. The people are all anxious to have them both get water.

Christmas day here like Thanksgiving was observed by most of the people coming together in the schoolhouse where they were entertained with a lecture upon the Passion Play illustrated with beautiful moving pictures.

The people appreciate their new schoolhouse very much. A year ago we had neither school nor church and now we have both, there being services in the schoolhouse every Sunday.

The older pupils are to be congratulated because they can get instruction in anything they wish to study and some of them are taking advantage of this by attending extra hours.

### Powell Buttes Notes.

A grand New Year's party was given at the home of Mr. and Mrs. Frank Bane, on Monday night. There were between 75 and 80 people present. Several hours were pleasantly spent in dancing. The question arose as to who were the best waiters. It was finally decided that among the married folks Mrs. Bussett and Harry Chase were best. And among the young folks Miss Lena Jones and Mr. Gibson.

Lunch was served at 12 o'clock, after which dancing continued until 2 o'clock, when all adjourned to their homes with light hearts.
