The above quiet hint should convey some ideas to you these quiet times.

C. W. Kern of Welches, Or., asking that the toll on the Barlow road be abolished. Mr. Kern writes to friends in this vicinity asking them to do what they can to have this petition acted favorably upon by the people at the June election. This road is one of the passes through the mountains near Mt. Jefferson, and annually draws a large income from travelers from Eastern and Central Oregon passing over to the coast. Mr. Kern, with many others, thinks this tax on the traveling public is unjust and should be abolished. The people can decide the question next June.

CITY COUNCIL GETS BUSY

NEW WALKS AND CROSSINGS ORDERED

Police Officer Appointed, Gambling Ordinance Passed and Sunday Closing Ordinance Tabled.

The city council got down to work Tuesday evening and turned out quite a grist of business. The two ordinances introduced by Councilman John Overturf at the meeting of January 10 were brought forward for final consideration. The one relating to the Sunday closing of all business houses except eating houses, drug stores, etc. had aroused much opposition from the citizens. During the past month no small discussion has been heard on the streets concerning this proposed ordinance, and the general consensus of opinion seemed to be in opposition to its passage. Therefore, when it came before the council for consideration it was promptly tabled, and many think will die a natural death.

The ordinance prohibiting all forms of gambling met a more favorable reception. Only two members of the council opposed it and on a vote it carried 4 to 2. As soon as the ordinance is published it becomes effective.

Floyd L. Lobdell was appointed police officer to fill the vacancy caused by the resignation of C. M. Weymouth. There had been considerable opposition to continuing this office, but those favoring its continuance finally won. The office carries a salary of \$65 a month, the hours during which the officer is on duty being from 6 p. m. to 6 a. m.

A sidewalk was ordered laid on Oregon street along block 15. This is the block directly east of Hotel Bend. A cross walk between Hotel Bend and A. B. Estebenet's corner was also ordered. Improvements will be made to the approaches to the cross walk between the B. M. store and R. B. Mutzig's.

H. C. Ellis qualified as city recorder, as did also George Whitsett, Sr., as councilman to fill vacancy caused by the resignation of Millard Triplett.

WHAT HAS BEEN DONE.

MADRAS WELLS GO DRY.

People of That Town Having Difficulty to Get Water.

Many of the wells at Madras which have been supplying the surrounding country to a large extent with water have gone dry. There are two explanations given for this. One is that the great demand on these wells has taken the water from them faster than it can flow in from the springs which feed the wells. Madras as is well known, lies in a natural basin. In this basin it has been possible to get water by sinking wells, but a few miles from town water cannot be found. Naturally, therefore, there has been a great tax on the wells in Madras.

The other explanation is rather extraordinary. Recently a well was drilled there and at the depth of 250 feet the drill broke into a cavity. It is believed by some that the water is now draining into this cavity through this opening. Madras people are now singing, "You never miss the water till the well runs dry."

Sheet and Pillow Case Masque.

The Modern Woodmen of Bend have planned a masquerade dance for the night of Feb. 22. It will be a sheet and pillow case masquerade. For those who initiated, a sheet and pillow case masquerade is one where these articles are used to masquerade the dancers. Numbered coupon tickets will be given each dancer at the door and, latter, in a drawing, the two lucky numbers will draw prizes. Supper will be served by the Royal Neighbors.

SCHOOL BONDS SOLD

Bend's Directors Consider Bids Submitted.

TAKEN BY A PORTLAND FIRM

Bonds Disposed Of at a Very Satisfactory Figure—Many Inquiries Received from the East.

The bonds voted by the Bend school district last summer were sold Monday evening to Morris Bros. of Portland. Their bid was \$6,500 at 5 per cent., principal payable in 10 or 20 years, optional with the school board.

The board called for bids on \$6,000 worth of bonds at 6 per cent, payable either in 10 or 20 years. There were numerous inquiries submitted in response to this call, and quite a number of bids placed. The list follows:

- Morris Bros., Portland—No. 1, \$6,400 at 6 per cent.; No. 2, \$6,057.50 at 5 per cent.; No. 3, would buy the full issue authorized by the district—\$6,500—on either of the foregoing terms.
- Browne-Ellinwood Co., Chicago—\$6,045 at 5½ per cent.
- C. H. Coffin, Chicago—\$6,061 at 6 per cent.
- S. A. King, Chicago—\$6,006 at 6 per cent.
- J. M. Holmes, Chicago—\$5,550 at 6 per cent.

The bids submitted were very gratifying to the board. The terms under which the bonds were sold were at one per cent. less than the second best bid and carried a premium of about \$66. This one per cent. interest on \$6,500 for 20 years is \$1,300.

STAGE LINE CHANGES HANDS

G. M. Cornett Buys Back the Bend-Prineville Line.

A deal has been recently closed whereby G. M. Cornett of Prineville buys from the Bend Livery & Transfer Co. its stage line from Bend to Prineville. The sale only includes the stock of the company, consisting of horses and wagons. Mr. Cornett has also released the Cooks from their contract to carry mail from Bend to Silver Lake.

Mr. Stroud reports that Mr. Cornett is seriously considering a change in the time schedule from Prineville to Silver Lake. This change contemplates a new division of the route. One station would be placed at Vandeventer's ranch, which is about 25 miles south of Bend, and another at some middle point between Vandeventer's and Silver Lake. The mail would start from Silver Lake at 2:30 a. m., would arrive at Bend about 5 o'clock that evening and at Prineville between 11 and 12 o'clock that night. For passenger travel this plan has some advantages. The ride across the desert during the summer in day time is uncomfortably warm. The plan being considered would do away with this and would get passengers in Prineville in time to take the daylight stage to Shaniko with a wait of only a few hours.

Mr. Cornett took possession of these lines yesterday, the 15th.

The Little Brother Goes Also.

Many stories and jokes have been told of the "little brother" and his unpleasant pranks when the elder brother and sister "went courting," but Bend now numbers among its youngsters one who has introduced a touch of originality in the usual proceedings. The ride to Laidlaw last Friday evening by two of Bend's popular young couples was a very pleasant affair beyond doubt, but was probably not so pleasant for the little brother, who had stowed himself away under the back seat. It is well known that "Doc" possesses a kind heart, but we did not suppose this quality of the heart led him to take the little brother on these very pleasant trips, such as the one above referred to. For further particulars, "write to or call on" Creed or "Doc."

Another Townsite at Cline Falls.

G. W. Moore, who owns a 40-acre tract at the west end of the new bridge at Cline Falls, is preparing to promote a townsite on his land. He is erecting a store building which will soon be opened to the public with a fine stock of general merchandise. The store is a two-story building, 18x25 feet. The 40-acre tract has been cleared of sage brush and Mr. Moore is preparing to lay it off into town lots.

Brief Statement of Crops Raised on the Experiment Farm.

The Pacific Homestead, a farm journal published at Salem, is having a subscription voting contest and offers as its capital prize a 40-acre tract of land in the Pilot Butte segregation of the Deschutes Irrigation & Power Co. The article speaks of the crops raised last year on the experiment farm near Bend.

Residents of this section know very well what satisfactory results were obtained from this farm, but it will undoubtedly be of interest to Bulletin readers in other localities to see a brief statement of the actual products from this farm. The crops grown were as follows:

Eight and one-half acres of wheat.

Two acres spelt.

One and one-half acres vetches and field peas.

Two acres grass.

One acre onions.

Twenty-three and one-half acres oats.

Two acres Polish wheat.

Six and one-half acres clover and timothy.

Ten acres potatoes.

Three acres garden vegetables.

Eighteen and one-half acres barley.

One acre rye.

Two acres alfalfa.

Two acres carrots and turnips.

Three acres miscellaneous.

The gross yield at market prices was \$42 an acre.

Abolish the Tolls.
