

MAY BE NEW PARIS

Daniel Burnham Tells of San Francisco's Opportunity.

MAY REPEAT FEAT OF NAPOLEON

Says Ground is Clear for Execution of His Plan—May Go To Burned City.

Chicago, April 28.—Daniel H. Burnham, the architect who drew the plans for beautifying San Francisco, returned to his home here yesterday from Europe. He said San Francisco now has it within its power to rebuild itself into one of the most beautiful and convenient cities in the world.

Mr. Burnham, on his arrival, found awaiting him a message from James D. Phelan, president of the association for the improvement and adornment of San Francisco, asking him to go at once to that city. He replied that he could not say until Monday whether or not he could go. Mr. Burnham said:

"The two chief features of my plan, which can now be carried into effect, are those relating to the cutting of diagonal streets and the construction of a splendid outer boulevard which will encircle the whole city."

"San Francisco has a chance to do what Louis Napoleon did in Paris in 1851—the opportunity to make itself one of the beauty spots of the world."

BUILDING MOVEMENT IS ON

Mrs. Oelrichs Declares Purpose—Mages to Build Steel Structure.

San Francisco, April 28.—The work of rebuilding San Francisco will proceed rapidly. Mrs. Herman Oelrichs, of New York, has agreed to repair the Rialto building and to build again on the site of the Crosley. She and her sister, Mrs. W. K. Vanderbilt, Jr., have also stated that they will put up solid office structures on their Montgomery street site.

Thomas Magee, a real estate dealer, will start for New York on May 1 to complete arrangements for the erection of a 12-story steel building on Market street, just above the Mutual Bank building.

The Emporium, a large department store, will resume business on a large scale next week. A temporary structure will be built at the corner of Post and Van Ness avenue.

In two weeks seven floors of the new Monadnock building, which was in course of construction at the time of the disaster, will be filled with offices.

Capitalists are not in the least dismayed or disheartened. James D. Phelan, chairman of the finance committee and multi-millionaire, said:

"Before the earthquake I was asked by certain capitalists to erect a large hotel on the site of the Phelan building, at Market and O'Farrell streets. Since the disaster the proposition has been repeated and even urged. This shows most decidedly that there is no lack of faith in the future of the city."

SAY SOLDIERS SHOOT AND LOOT

Refugees Tell Lurid Story of Slaughter and Plunder.

Des Moines, April 28.—Stories of wholesale robbery by soldiers as well as vandals, of innocent as well as guilty men shot down at sight by military guards, are told by Harry Shostro and W. C. Lane, Iowa men, who spent three days in San Francisco. They reached Des Moines today.

"The soldier is supreme in San Francisco," said Mr. Shostro. "On the slightest provocation they shoot a citizen down and nobody has thus far questioned the act. There has been lots of looting by vandals, but the soldiers have committed wholesale plunder also. I know that when buildings were to be blown up the soldiers would go inside, blow open and loot the safes and then dynamite the walls. I saw lots of soldiers with their pockets bulging with booty that I knew had been stolen, and I overheard one in uniform bragging that he had stolen \$2,000 worth of diamonds. Another told of a fine gold watch he had secured, he said, in this manner."

Both men say they are eager and willing to lay before the war department charges against the United States soldiers, offering specific evidence if necessary.

Build Chemical Factory.

Salt Lake, Utah, April 28.—W. R. Wales, a prominent physician and manufacturing chemist of Denver, was in this city today, and said he would establish a large chemical factory at Portland in the near future, that would employ many persons of both sexes. He will make chemicals for the trade, and invest thousands of dollars in the enterprise. He already has plants at Omaha, Denver, Kansas City and St. Paul. He will establish plants also at Seattle and this city. He is due in Portland within ten days.

Cuba May Give \$50,000.

Havana, April 28.—A resolution was offered in the house today appropriating \$50,000 for the victims of the California disaster.

LOOKING FOR SITES.

San Francisco Wholesalers Want to Begin Business at Once.

San Francisco, April 27.—The first important step toward re-establishing trade relations in San Francisco was taken tonight when the realty men held a hurried consultation with more than fifty important merchants. The object of the meeting was to secure temporary quarters for the wholesalers, six of whom announced they were forced to go into business immediately.

The meeting was called without warning, so the real estate men were not prepared to offer sites. It was decided that the two bodies meet again Saturday morning at 10, to make final arrangements. The realty men discovered that the wholesalers were all ready to move across the bay. The chairman of the meeting, Mr. Triest, announced that land was offered the wholesalers in Oakland practically free of charge for a period of two years.

Triest asked the real estate men for figures and location sites, saying the wholesalers wanted them immediately. From his manner of expression it would appear that some of the wholesale merchants were ready to desert San Francisco and locate in Oakland until such time as at least as San Francisco could be rebuilt.

The wholesalers announced their intention to congregate in one district if possible. They preferred the southern part of the city because of the railroad facilities there. When the real estate men mentioned several sites in the vicinity of North Beach the merchants said these would have to receive second call, as they wanted south of Market street, if such a location were at all possible.

The wholesalers said most of their members were willing to be housed under one or two roofs at the present time, and that they could manage with such quarters for at least a year. They then asked the real estate men for figures on buildings. It was impossible for the latter to furnish this data under present conditions, so the wholesalers agreed to wait for a few days for their answer.

The wholesalers announced that six of their members would require at least 100,000 square feet. Before the meeting adjourned others told the realty men that they intended to join with the six in reopening right away, and, in rough figures, it is estimated that the merchants will need at least 1,000,000 square feet of ground space.

OREGON STATE ITEMS OF INTEREST

MONEY AND FOOD.

People of Oregon Coming to Front With Help for Needy.

Portland.—Provisions in large supply are pouring in to the relief funds in a large number of Oregon towns. Many cars have been filled with a variety of edibles, including prepared food, eggs, bacon, rice, loaves of bread by the thousand, besides flour and potatoes.

Cooking utensils, stoves, blankets and clothing have been given and purchased in considerable quantities, and will arrive in the Bay City as fast as the trains can be moved south. Collections of money are still going forward and more supplies and funds will be forwarded later.

Portland aid for San Francisco and the other stricken California cities will probably exceed the value of \$250,000. Not less valuable than the money to be spent in the sympathy and love for humankind that prompts the voluntary gifts for relief. Reports from San Francisco show that her people have been touched by the prompt steps taken for their help by neighbor states.

Jacksonville Raises a Fund. Medford.—At a meeting of the citizens of Jacksonville at the City Hall \$750 was subscribed in less than ten minutes for the relief of San Francisco sufferers. The amount has been increased through the efforts of the committee to \$1250, and will exceed \$1500.

The ball team contributes its savings, and a benefit game with Ashland is now in progress. All branches of the Masonic order and the I. O. O. F. A. O. U. W., Red Men, Jacksonville Elks and Native Daughters contributed liberally. There was no rivalry between the business men, but all gave freely and liberally, and made their contributions with as much pleasure as if it had been for their own people.

Salmon Better Than Money. Astoria.—The cash subscriptions made by the citizens of Astoria to the San Francisco relief fund amount at the present time to about \$2850, and beside this the Lower Columbia River cannerymen have donated 725 cases of canned salmon. Two carloads of canned salmon have been shipped. Another car of salmon will be shipped and the committee promises to raise another \$1000.

Roseburg Raises \$1,500. Roseburg.—Roseburg responds nobly to the call for help by the sufferers at San Francisco by contributing \$1500 for relief. A carload of provisions, bread, clothing, bedding and tents have been forwarded. Drain puts in the hands of the relief committee a good collection. A large number of Roseburg citizens are in San Francisco, but all are reported saved.

Clothing in the Carload. Oregon City.—The citizen's committee has forwarded another carload of potatoes, flour, blankets and clothing. The women of the city have organized and collected a great quantity of clothing. One of the largest local contributors is the Oregon City Manufacturing Company, which, in cash and blankets, has contributed about \$1,000.

Good Things from Hillsboro. Hillsboro.—The citizens of Hillsboro dispatched a 60-ton car laden with potatoes, flour, evaporated cream, bacon, beans, blankets and clothing, and representing a cash outlay of \$600, to the relief of the San Francisco sufferers. The committee named by Mayor Cornelius raised the necessary amount in a few hours.

Canvassing at Newberg. Newberg.—At a meeting of the citizens of Newberg called by E. H. Woodward, president of the Board of Trade, it was decided to send two carloads of potatoes to the San Francisco sufferers. Liberal subscriptions were taken at the meeting and a committee was appointed to make further canvass.

Medford Shipped by First Train. Medford.—On hearing of San Francisco's need, Medford dispatched one car of supplies to San Francisco by the first relief train. As soon as possible thereafter a mass meeting was held and arrangements made to send other cars as fast as it could be learned what was especially needed.

Purse from Bohemian Miners. Cottage Grove.—The miners of Bohemian raised \$100 and sent it down to succor the San Francisco needy. This contribution came without solicitation. The sawmills up Row River have also contributed a carload of lumber.

Glendale Adds a Carload. Glendale.—The citizens of this city responded to the call for aid by shipping a carload of provisions on one of the supply trains passing for San Francisco.

FOUR CARS SENT.

Salem Housewives Bake Bread and Bakeries Give Stocks.

Salem.—This city forwarded the following to aid San Francisco sufferers: One carload of potatoes, one carload of flour, one carload of bread and other provisions, one car of breadstuffs and two carloads of bread and potatoes. In addition to this, citizens of Shaw are making up a carload of provisions, and the citizens of Pratum a carload of potatoes. Cash subscriptions have been raised in Salem, amounting to \$3500. Practically every housewife in Salem has baked bread, and the bakeries have delivered over their entire stock. The prisoners in the penitentiary have subscribed \$75 and proffered a 1 their blankets, and to go without bread if necessary. Salem will continue to send supplies every day while there is need.

Corvallis Loads a Car.

Corvallis.—Corvallis citizens hastily assembled at the Courthouse upon information that an organized effort in this state was being made for the relief of San Francisco. At this meeting arrangements were completed for loading a car with provisions and starting it to its destination. The initial contributions from Corvallis include ten tons of flour, 400 bushels of potatoes, 31 cases of eggs, 300 pounds of bacon, 1000 loaves of bread. Other supplies will follow.

Chemawa Students Give Bread.

Chemawa.—The Indian pupils of the training school here sent 830 loaves of bread, being their first contribution for the benefit of the California sufferers. This contribution was sent by Wells-Fargo, and will be followed by others from day to day as fast as the flour purchased can be baked into bread in the school oven by the Indian bakers.

Cooking Utensils from Union.

Union.—A special meeting of the City Council adopted sympathetic resolutions with the San Francisco sufferers and a committee of 50 was appointed to secure contributions for the relief of the victims. The committee loaded one car of provisions, stoves, cooking utensils, blankets and clothing and another carload of flour.

Supplies Ready at Cottage Grove.

Cottage Grove.—The committee appointed to solicit funds for San Francisco relief at the mass meeting has secured \$550. A carload of supplies was purchased, consisting mostly of flour, potatoes and bacon, and went by the first train.

Arlington Raises \$600.

Arlington.—At a mass meeting \$600 in cash was subscribed for San Francisco. Mr. Smith and Smythe & Son, sheepmen, each gave \$100.
