

Hood's Sarsaparilla

Has surpassed all other medicines, in merit, sales and cures.
Its success, great as it has been, has apparently only just begun.
It received more testimonials in the last two years than any previous two—over 40,000.
It has the abiding confidence of the people—the strongest proof of its unequalled worth.
It purifies the blood, cures all blood diseases, all humors and all eruptions.
It strengthens the stomach, creates an appetite and builds up the whole system.
It cures that tired feeling and makes the weak strong.
In usual liquid, or in new tablet form, 100 Doses One Dollar.

No Need of It.

"Can't I sell you a painless corn cure, madam," said the peddler.
"No, you can't!" snapped the woman of the house. "I have no painless corns."
Then the door was shut with a sudden slam.—Chicago Tribune.

Reform Needed.

"Senator," asked the reporter, "is there likely to be any reform legislation in the near future?"
"Probably not," answered the eminent statesman, "but the conviction is growing that there ought to be a change in the form of administering the oath in courts of justice."
"In what respect?"
"Well, it is felt that a witness should be sworn merely to tell the truth and nothing but the truth. Telling the whole truth is not only unnecessary in most cases, but is sometimes highly injudicious."

WASTED TO A SHADOW,

But Found a Cure After Fifteen Years of Suffering

A. H. Stotts, messenger at the State Capitol, Columbus, O., says:

"For fifteen years I had kidney troubles, and though I doctored faithfully, could not find a cure. I had heavy backaches, dizzy headaches and terrible urinary disorders. One day I collapsed, fell insensible on the sidewalk, and then wasted away in bed for ten weeks. After being given up, I began using Doan's Kidney Pills. In a couple of months I regained my old health, and now weigh 188 pounds. Twelve boxes did it, and I have been well two years."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Bricks from Sand.

A correspondent of Cardiff, Wales reports that great sand dunes extend for miles along the north coast of the British Channel. These, in addition to being utterly worthless for all purposes, are also a menace to the narrow strip of lowlands between them and the hills. A company of business men have determined to put the sand to some use, and if their works prove profitable an industry will be built up on the dunes. The plan is to manufacture bricks from sand. The experiment has proved a success on the continent where the bricks are produced in several colors and take a glaze satisfactorily. Some experts claim that these bricks made of sand and lime will be the building brick of the future in Wales and the United Kingdom.

What Father Thought.

"A New York teacher of instrumental music was one day telling the father of a pupil, a lad of 10 years, of the progress made by the boy in his studies. 'I think he is improving a great deal,' said the professor. 'He will certainly learn to play the piano.'"
"Is that so?" asked the father, much gratified. "I didn't know whether he was really improving or whether I was merely getting used to it."—Harper's Weekly.

The Man on the Steps.

They were going to the matinee. She was up in her boudoir putting on finishing touches, and he was sitting impatiently on the front steps.
"George," she called down sweetly, "just one minute more until I find my gloves."
Fifteen minutes passed.
"George," came from above, "wait another second. I've lost my pin."
Twenty minutes slipped by.
"George," she whispered, "don't go. One moment. A button just jumped off my shoe."
Long silence. Then George calls wearily:
"Hurry a little, Ethel. If you get down in another five minutes we can make the evening performance. Matinee's over long ago."

HOUSEHOLD TALKS

Frost Cakes.

Beat the whites of six eggs to a stiff froth, adding a little at a time, two cupfuls of granulated sugar; when this is thoroughly whipped in, add two beaten yolks and one-third cupful of butter; then, after another thorough beating, add one cupful of finely-sifted flour in which has been sifted one teaspoonful of baking powder. Flavor with almond, bake in a long tin and when done cover with a boiled icing and cut into squares.

Beef Like Game.

Cut some slices of beef into square pieces, put on each a piece of bacon, dredge flour over them, skewer each into a rolled shape, fry them in butter; when brown add a finely minced onion, a slice of lemon peel, a spoonful of capers, two bay leaves, salt, spice to taste, a wineglassful of vinegar and a glass of diluted black currant jelly; stew till the beef is very tender.

Molasses Taffy.

Boil a pint of molasses steadily for twenty minutes, then beat in a scant half-teaspoonful of baking soda and boil for fifteen minutes more, or until a little dropped into cold water is brittle. Stir steadily all the time it is cooking or it will scorch. When done add a teaspoonful of vinegar, pour into buttered tins and, as it begins to cool, pull to a light brown.

Cabbage Tart.

Chop fine a small head and season with salt and pepper; cook in a kettle in just enough water to keep from burning. Take half a cupful of sour milk, half a cupful of vinegar, two eggs, butter the size of an egg, beat together and pour over cooled cabbage in the kettle. Let it boil up once and serve. Can be eaten by a dyspeptic without harm.

Nougat.

Boil a pound of sugar with a gill of water until a little dropped into cold water is brittle. Cover the bottom of a shallow and greased tin with nut kernels, strips of coconut, bits of figs, etc. Stir into the boiling candy a tablespoonful of lemon juice and pour over the nuts and fruit in the pan. Let it get cold, then cut into squares or strips.

Potato Pudding.

Collect the cold potatoes from two or three meals and bruise them through the colander with a wooden spoon. Beat up eggs to the proportion of one egg to three ordinary sized potatoes in a cupful of milk. Beat up with the potatoes to a thick batter and add sugar to taste. Bake in a quick oven and eat with marmalade.

To Keep Meat Hot.

If cooked meat is ready for table before it is required, place it on a dish ready to be served and set this over a pan of boiling water. Put a dish over the meat and a cloth over all. The steam will keep the meat hot for a long time, and does not draw the gravy out or dry it up, as would happen if it were set in an oven.

Milk Sponge Cake.

Into two cups of sugar whip four beaten eggs, a half teaspoonful of salt, the juice and rind of half a lemon, two cups of flour sifted with two level teaspoonfuls of baking powder, and, last of all, a cup of boiling milk, added slowly. The batter is very thin, but do not add more flour.

Shrimp and Tomato Salad.

Remove the shells from cold-boiled shrimp. Cut the tops from ripe tomatoes and scoop out the insides without breaking the skin. Fill the tomato shells with the shrimp, seasoned, and stand each on a lettuce leaf. Put a great spoonful of the mayonnaise on top of each tomato, and serve.

Salmon Mayonnaise Salad.

Boil eight eggs hard and throw into cold water to loosen the shells. Make a cup of mayonnaise and rub into it six slices of boiled or canned salmon. Slice the eggs, lay them among the lettuce leaves and pour over them the salmon mayonnaise.

To Color Ice Cream.

If you wish ice cream to be ornamental you may use beet juice for coloring. It will give you any shade of pink desired. Use spinach for green, or a little butter color will make it a deep cream. All are perfectly harmless.

Egg-cloped Onions.

Fill an earthen baking dish with layers of bread crumbs and boiled onions pulled into small bits, each seasoned with salt, butter and pepper. Fill the dish with sweet milk and bake half an hour.

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectively, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that **SYRUP OF FIGS** is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.

ELEVATES WATER by WATER POWER

THE COLUMBIA HYDRAULIC RAM

PUMPS AWAY UNCEASINGLY WITHOUT ANY ATTENTION

THE COLUMBIA HYDRAULIC RAM is a simply constructed and inexpensive machine that can utilize a small fall of water for the purpose of raising a portion of it to any desired height. It is the farmer's friend in the "dry season" and is indispensable to those owning land high above ditches. It will furnish water for domestic purposes, even elevating pure water of the spring by means of the impure or muddy water, as found in some streams. Requires no attention. Practically no cost of maintenance, there being no parts to get out of order. A ram will pay for itself in a short time. Every ram installed is giving utmost satisfaction. We keep a large stock constantly on hand. Write to our Hydraulic Department today for illustrated literature.
