TELEPHONE OFFICE HOURS: Week days from 7:30 a. m. to 12 noon, and from 3:30 p. m. to 6:30 p. m.

FRIDAY, JUNE 22, 1906

FAITH AND THE LACK OF IT.

"Where there's a will, there's a way." The man with a stiff backbone and a determined spirit generally accomplishes what he sets out to do.

This truth is seldom more forcibly illustrated than it was in the inauguration and carrying to completion of the tasks connected with Tuesday's program.

And what was the result? Bend's visitor's returned to their homes pleased with the day's exercises and complimenting the town for the entertainment afforded them.

Is there a moral? To The Bulletin one appears easily to be seen. If the town and country are to experience that degree of growth and development that they deserve, there must be a united stand in every effort that tends to the general good.

Let us forget these matters and labor together for the common good. In union there is strength.

The success that so happily attended Bend's efforts to make last Tuesday a pleasant and profitable day to the visitors within her gates was due largely to the hard work of a few public spirited men and women; and the hardest worked of all of these was our genial "Dad" West.

One of the best indications of the general business done in a town is the receipts at the postoffice. The number of money orders issued at the Bend office during this month is double what it was at the same time last year and the cancellations and sale of stamps have increased in the same proportion.

RESIDENCE BURNED.

Fire Destroys Dr. Coons' House and Nearly All the Contents.

Last Saturday evening the house of Dr. Coons on his ditch land one mile east of Bend caught fire and was completely destroyed, together with practically the entire contents.

It is supposed that the fire started from the kitchen stove. A wood box sitting close behind the stove had been filled with wood and the supposition is that this caught fire from the stove, the flames spreading to the walls.

SHOULD EXAMINE BOUNDARY

Settlers Can See Plat of New Forest Reserve at P. B. D. Co's Office.

Senator Fulton has sent to A. M. Drake a plat of the Fremont Forest Reserve, which is about to be established in these parts by the government.

The boundaries as now proposed are very irregular. In two or three places narrow strips comprising many acres are not included, although they lie in the heart of the reserve.

And what was the result? Bend's visitor's returned to their homes pleased with the day's exercises and complimenting the town for the entertainment afforded them.

At a meeting of the school board last evening the following teachers were elected for the coming year: Miss Ruth L. Reid, principal; Miss Marion Wiest, intermediate; and Mrs. F. F. Smith, of Laidlaw, primary.

IRRIGATED LAND—I have a few choice tracts from 20 to 160 acres each that can be bought at a bargain. P. L. TOMPKINS, Bank Building.

KILLS TWO BEARS.

William Brock Bags a Brown and a Black One Last Monday.

Last week news reached Bend that bear tracks had been seen in the Spring river country, and "Bill" Brock started after them with his three bear hounds, the famous old Nip and Tuck and a pup hound.

Bright and early Monday morning the dogs took the trail of some animal and after a run of about five miles, treed a black bear. "Bill" shot the animal and then started for camp intending to cut a road through which he could take the bear, carcass and all.

Mr. Brock desired to get the two animals to Bend and exhibit them at the celebration as a sample of Deschutes valley game, but the sun got onto the carcasses before he could take care of them and all he was able to save was the hides and a ham or two.

Quite frequently the carcass of a calf or a yearling beef has been found in the Spring river country and it is supposed these bears have been the cause of this mischief.

ANNUAL SCHOOL MEETING.

Director and Clerk Chosen and Annual Reports Made.

At the annual school meeting held Monday afternoon at 2 o'clock in the B. M. hall, John Steidl was elected director to succeed A. H. Grant and C. S. Benson, clerk, to succeed L. D. Wiest.

Clerk Wiest read the yearly report concerning the affairs of the district, the main features of which are as follows:

Table with 2 columns: Disbursements, Teachers' salaries \$1,362.50, Janitor 94.50, Rent for school rooms 134.17, Wood 59.25, Carpentering 17.65, Miscellaneous 165.86

RECEIPTS.

Table with 2 columns: Balance on hand beginning of fiscal year 18.73, County treasurers' and superintendents' certificates 3,067.27, Tuition 59.75, Balance 3,146.75

This balance will be reduced somewhat as there are several bills still to be paid.

Tumalo Items.

Timber and land locusts are making the roads hot in these parts lately and judging from the amount of inquiry made for timber and other lands there must be a land boom near at hand.

George Gottlieb made final proof on a valuable piece of timber near Tumalo last week.

John B. and Charles L. Wimer went to Bend last week on business. They informed us that Bend is flourishing.

C. H. Spangh was in Tumalo yesterday.

F. F. Smith has gone to Portland on business in connection with some timber land that he bought of the Columbia Southern Irrigation Company some time ago.

Crops are looking fine in these parts and grass was never better and stock of all kinds is sleek and fat.

The Tumalo Trading Co. informs your correspondent that they are building up a nice trade at Tumalo. They have a stock of goods in connection with the Tumalo postoffice and sell goods reasonably. They have no rent or clerk hire, which is a great saving to them.

Mr. and Mrs. W. J. Hightower and also Miss Mary Machee are expected home from Sheridan, Wash., Saturday. We welcome them back as they are worthy people and the country needs many such good people.

Geo. Wimer and W. P. Downing sent to California and had expressed to them 100 Indian Runner duck eggs. They hope to get a start of these noted ducks. They are great layers and easily cared for. Their record is as high as 220 eggs per year.

Take Notice.

Small 2-year old heifer, branded with Z on left shoulder came to my ranch at Powell Buttes last November. Owner can have same by paying charges and by this notice.

Strawberries, cherries and new potatoes at Grant's.

AN EXCITING HOUR.

"Bill" Howell Treats Tuesday's Crowd to Exhibition of Broncho Busting.

The most exciting feature of Tuesday's sports and one that was not scheduled on the regular program, was a feat of "broncho busting" in which "Bill" Howell and a handsome sorrel horse were the star actors.

About 7 o'clock p. m. the fun began in the street before the Hotel Bend. The horse was roped, thrown, saddled and bridled and then the fracas began. When "Bill" struck the saddle the eruption took place, and for many minutes there was a rearing, bucking, plunging jumble of horse flesh and rider.

Once the animal in its frantic plunges bolted onto the sidewalk and straight for the door of the hotel. Stating that there was a scramble and scattering of the people and a hurried shutting of the door only tells half the story.

The handsome sorrel had lots of spirit and put up a game fight but was finally conquered by the intrepid and skillful "Bill". It is said to have been one of the very best exhibitions ever seen by those very familiar with such scenes.

At the close a purse of \$10 was collected from the crowd and presented to Howell.

That Hay Creek Coal.

Will Raithert brought over a small load of Haycreek coal for F. J. Brooks, last week, and with which Mr. Brooks expects to make a number of experiments to test its value for use in the forge.

The coal has been reported to be first-class blacksmith coal, and if this should be found to be true it would mean quite a saving to the blacksmiths of this section of the country, who must now pay about \$40 per ton for blacksmiths coal laid down here.

The department of agriculture at Washington has sent out the following bulletin giving the condition of this year's crop for June:

Table with 2 columns: Winter wheat, average condition 82.7, Spring wheat, average condition 85.5, Spring wheat, average condition 93.4, Oats, average condition 93.7, Barley, average condition 98.7, Winter rye, average condition 89.9, Spring pasture, average condition 88.0

CONTEST NOTICE.

DEPARTMENT OF THE INTERIOR. U. S. Land Office, The Dalles, Oregon, June 2, 1906.

A sufficient contest affidavit having been filed in this office by Gerhard Borgon, contestant, against homestead entry No. 11503, made October 1, 1902, for sec 23, 1p 19 s, r 12 e, w m, by Jasper Seybold, deceased, contestant, in which it is alleged that said entryman died upwards of one year ago that prior to his death he wholly abandoned said tract for more than six months, that he never cultivated or improved said tract or caused the same to be done; that since his death his heirs have failed to cultivate or improve said tract or cause the same to be done; that the known heirs of said entryman are Mark B. Seybold, Springfield, Mo., Edward Seybold, Box 44, Denver, Col., Amos Seybold, Mt. Tabor, Oregon, Seth Seybold, Portland, Oregon, Leonard Seybold, Portland, Oregon, that if there are any other heirs of said entryman they are unknown to applicant that said alleged absence was not due to the employment of the entryman or his heirs in the army, navy or marine corps of the United States in the line of war.

Mr. and Mrs. W. J. Hightower and also Miss Mary Machee are expected home from Sheridan, Wash., Saturday. We welcome them back as they are worthy people and the country needs many such good people.

Small 2-year old heifer, branded with Z on left shoulder came to my ranch at Powell Buttes last November. Owner can have same by paying charges and by this notice.

Specimens of Growing Grains.

G. R. Graham, who lives a few miles southwest of Madras, brought in some fine specimens of this year's grain last Friday morning.

Among them was a specimen of Little Club wheat on which there were over a hundred stalks to one stool, and all headed out finely. A specimen of rye stood over six feet in height, and there were also fine specimens of beardless barley and other grain. They were all grown on Mr. Graham's homestead.

All the Vowels in One Word.

There are but six words in the English language which contain all the vowels in regular order—viz, abstemious, arsenious, anenious, facetious, materious and tragedious. There is but one word which contains them in regular reverse order, and that word is duolateral. Besides the above there are 140 English words which contain all the vowels in irregular order. Twelve of these begin with the letter a, seven with b, twenty-three with c, sixteen with d, fourteen with e, four with f, seven with g, one with h, six with i, two with j, two with k, two with l, two with m, two with n, two with o, thirteen with p, one with q, five with r, nine with s, two with t, fifteen with u and six with v.

Golf Mania.

I have in my time lived on intimate terms with the officers of most nations in Europe. My experience of British officers (among whom I now have the honor to count many friends) is that they are second to none in intellect and instruction, but this, bien entendu, only until golf links and a golf ball become visible. Then they are maniacs. I try to talk to them of scenery, literature, art, politics, etc.—they are polite, of course, the English always are—but I can see instinctively that there is only one subject to interest them, le sacre white ball—A Foreign Visitor in Civil and Military Gazette, Lahore.

Peppermint.

The preparation of peppermint is especially an American industry. The peppermint is cut when in bloom, like hay, dried, placed in close wooden vats and steamed. The oil cells burst and the oil passes upward with the steam, which is condensed and conducted into a receiver, where the oil rises and is piped off. It takes about 350 pounds of dry peppermint to produce one pound of oil. An acre of land yields from six to ten pounds of oil, often more, even as high as fifty pounds.

Looked Suspicious.

Mrs. Jymes—I had unexpected good luck yesterday in looking for a flat. I found an apartment house where the rooms are elegant, the rent reasonable and the agent doesn't object to children. Mrs. Blykely—Mercy! I hope you didn't agree to take it. There must be something wrong with the neighborhood.—Chicago Tribune.

A Queer Bird.

Natural history always interests children, who usually recall explanations of the phenomena in their own way. An account of the habits of the cuckoo, for instance, was apparently absorbed at the time, but was reproduced thus a few days later: "The cuckoo! Oh, that's the bird that doesn't lay its own eggs."

Bright Answers.

"Noah's wife," wrote a boy in an examination, "was called Joan of Arc." "Water," wrote another, "is composed of two gases, oxygen and cambrigen." "Lava," said a third, "is what the barber puts on your face." "A bilizard," declared another child, "is the inside of a fowl."

NOTICE FOR PUBLICATION.

United States Land Office, The Dalles, Or., June 5, 1906.

Notice is hereby given that Frank F. Avery, of Miles, Washington, assignee of Otto Retzlaff, assignee of Walter H. Dodge, has filed notice of intention to make proof on his desert land claim No. 301, for the sec 23, 1p 19 s, r 12 e, w m, before the register and receiver at The Dalles, Oregon, on the 31st day of July, 1906.

SUMMONS.

STATE OF OREGON } COUNTY OF CROOK } In Justice Court for Bend Precinct No. 3—H. C. Ellis, J.P.

J. Frank Stroud and Albert seals, Plaintiffs, vs. S. M. Janney, Defendant.

You are hereby required to appear and answer the complaint filed against you in the above entitled court and cause you or before the 23rd day of July, 1906, and if you fail so to appear and answer the plaintiff will take judgment against you for the sum of \$25.00 upon a contract for the direct payment of money, to-wit: For the balance of an account for the care and feeding of a team of horses, the property of defendant, furnished at his instance and request, between the 17th day of December, 1905, and the 15th day of March, 1906, amounting to \$39.40.

Timber Land, Act June 3, 1893.

NOTICE FOR PUBLICATION. U. S. Land Office, The Dalles, Oregon, May 8, 1906.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1893, entitled "An act for the sale of timber land in the states of California, Oregon, Nevada, and Washington Territory," as extended to all the public land states by act of August 4, 1894,

of St. Paul, county of Ramsey, state of Minnesota, has this day filed in this office his sworn statement No. 202, for the purchase of the sec 23, 1p 19 s, r 12 e, w m, and sec 24, 1p 19 s, r 12 e, w m.

And will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before H. C. Ellis, U. S. Commissioner, at his office in Bend, Oregon, on the 17th day of August, 1906.

He names as witnesses Joseph N. Hunter and William H. Staats, of Bend, Oregon; John Bloss of Sisters, Oregon; and Nellie H. Dewey of Minneapolis, Minnesota.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 15th day of August, 1906.

MICHAEL T. NOLAN, Register.

Timber Land, Act June 3, 1893.

NOTICE FOR PUBLICATION. U. S. Land Office, The Dalles, Oregon, April 24, 1906.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1893, entitled "An act for the sale of timber land in the states of California, Oregon, Nevada, and Washington Territory," as extended to all the public land states by act of August 4, 1894,

of Conley City, county of Douglas, state of Washington, has this day filed in this office his sworn statement No. 207, for the purchase of the sec 23, 1p 19 s, r 12 e, w m, and sec 24, 1p 19 s, r 12 e, w m.

And will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before H. C. Ellis, U. S. Commissioner, at his office in Bend, Oregon, on the 17th day of August, 1906.

He names as witnesses Charles J. Cotter, Richard King, Albert Gates and George Gates, all of Bend, Oregon.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 15th day of August, 1906.

MICHAEL T. NOLAN, Register.

Timber Land, Act June 3, 1893.

NOTICE FOR PUBLICATION. U. S. Land Office, The Dalles, Oregon, May 2, 1906.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1893, entitled "An act for the sale of timber land in the states of California, Oregon, Nevada, and Washington Territory," as extended to all the public land states by act of August 4, 1894,

of Bend, county of Crook, state of Oregon, sworn statement No. 209, for the purchase of the sec 23, 1p 19 s, r 12 e, w m, and sec 24, 1p 19 s, r 12 e, w m.

That they will offer proofs to show that the lands sought are more valuable for the timber or stone thereon than for agricultural purposes, and to establish their claims to said lands before H. C. Ellis, U. S. Commissioner, at his office in Bend, Oregon, on the 17th day of July, 1906.

They name as witnesses Frank G. Minor, Grace A. Jones, J. J. Jones, Erling C. Cox, John Bloss, all of Bend, Oregon.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 15th day of July, 1906.

MICHAEL T. NOLAN, Register.

Timber Land, Act of June 3, 1893.

NOTICE FOR PUBLICATION. U. S. Land Office, The Dalles, Oregon, May 29, 1906.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1893, entitled "An act for the sale of timber land in the states of California, Oregon, Nevada, and Washington Territory," as extended to all the public land states by act of August 4, 1894,

of Bend, county of Crook, state of Oregon, has this day filed in this office his sworn statement No. 205, for the purchase of the sec 23, 1p 19 s, r 12 e, w m, and sec 24, 1p 19 s, r 12 e, w m.

And will offer proofs to show that the lands sought are more valuable for the timber or stone thereon than for agricultural purposes, and to establish their claims to said lands before H. C. Ellis, U. S. Commissioner, at his office in Bend, Oregon, on the 17th day of July, 1906.
