

**LOCAL BITS.**

Dr. I. L. Scofield will hereafter make regular visits to Bend from the 15th to 20th of each month. 14th

Last Wednesday the Bend post-office had the heaviest cancellations in the history of the office, amounting to \$15.34.

Have you seen the "Greetings from Bend" postal cards at the post office store? If not secure some for your friends East. 15th

The governor on the large engine at the P. B. saw mill broke Tuesday, which will necessitate a shut-down for some time.

Mr. and Mrs. P. L. Tompkins were host and hostess at a very pleasant 6 o'clock dinner given to a few of their friends last Saturday.

Rev. Walton Skipworth, presiding elder of The Dalles district of the M. E. church, will preach in Bend on Monday evening, July 2.

The 1906-07 school year will begin September 3, 1906, and last till December 21, 1906; and from January 7, 1907, to June 14, 1907. The usual holidays will be observed, also Thursday and Friday of the second week in March, 1907.

A poster put out by Madras people advertising their Fourth of July celebration says that a ball game will be played between the "Madras and Warm Spring Indian teams." How long has it been since the Madras boys have turned Indian and adopted the ways of the red face?

While Bend was enjoying that delightful shower Monday afternoon, east of town a few miles a heavy hail storm was in progress. The gardens on the Wilkinson places were pretty well destroyed and quite a little damage was done. The fall was so heavy that for a few minutes the ground looked as though there had been a slight snow storm.

E. F. Batten presented The Bulletin with some very choice radishes Wednesday. They were a large white variety, the bodies of which on an average would measure five inches long by five and a half inches in circumference. They were very firm, crisp and had an excellent flavor. Mr. Batten is an A. 1. gardener and takes much pride in his fine garden on Ironwood avenue.

On the evening of July 6 the Christian Endeavor Society will give a social in the B. M. hall. A pleasant musical and literary program will be given, and several amusing contests, shadow pictures, etc. will help to pass the evening pleasantly. Ice cream and cake will be served. Everything connected with this social will be free and it is hoped a large crowd will be in attendance.

Rather discouraging news comes regarding the condition of Mrs. Mike Morrison, who recently had an operation performed at a Portland hospital. The wound from the operation is healing as well as would be expected but some trouble has lately developed in her eyes and there is much danger that she may go blind. Neither do the hospital doctors seem able to relieve her from the severe pains with which she has been afflicted at intervals for many months.

**Carrier Pigeon Lands.**

Lakeview, Haugland.

A remarkable incident occurred at L. P. Klippel's ranch in Summer Lake last Thursday evening. A carrier pigeon flew into the house and lit. It was tired and worn out from a long flight. A silver band encircled each of its legs. On one of the bands was "No. 115, 1905," and on the other was "M. D. C. M." The pigeon was left to rest in the house, the cat spied it and attempted to make a meal on the bird. Someone of the household happened to discover the cat in time to save the pigeon, and, although it was injured somewhat, the bird is still alive and will be all right in a short time. The pigeon will be given its freedom to travel whenever it is able to fly, in order that it may finish its journey. There is no telling from whence it came and where it is going, but undoubtedly it bears important news to someone, who can make out the meaning of the figures and letters.

**Summer School for Teachers.**

In order to give our home teachers and those expecting to teach an opportunity to receive the benefits

of a short normal course, I have arranged for a four weeks' normal institute.

The normal school work will embrace all the branches required for a teacher's certificate. The work will be arranged in two courses and teachers may select either or a part of both courses. Arrangements will be made whereby the drill work can be done during the last 20 minutes of the longer periods, thus enabling those who wish to do so to take drill work in all those studies.

The last week of the normal institute will be conducted along the line of regular institute work, and will be conducted by Prof. L. R. Travers of Pendleton, Ore., who comes to us highly recommended as an institute worker. Every teacher in the county will be expected to attend during the last week and no teacher can afford to be absent. Our institute fund will not be sufficient to meet all necessary expenses and those who attend the first three weeks will be asked to pay a small tuition fee, not more than three or four dollars, according to the number that attend, in order to meet expenses.

The institute will begin July 9 at the Crook county high school building and will continue until August 8, the beginning of the semi-annual teachers' examination.

Co. School Supt.

**LOST IN THE WOODS.**

**Fort Klamath Boy Leaves Home and Cannot Be Found.**

It was reported here last week that Johnny Jackson, the 16-year-old son of Mr. and Mrs. C. C. Jackson of Fort Klamath, has been lost for the last 10 days, says the Central Oregonian. This boy, when an infant, had a sick spell which affected his mind and he has been a great care to his mother, who at present is almost distracted. Lost in the woods and to know not where he may be is awful. He was tracked from the house to the river and back to the cemetery where all trace was lost. Whether his body lies at the bottom of the river or whether he is still wandering half starved in the woods, no one knows but the all seeing eye. A reward of \$100 has been offered for the return of the lost boy, but so far as we know searching parties have been unsuccessful.

**WHAT IT COST.**
