Wm. P. Downing is introducing a breed of ducks into this section that he says are certainly prize takers. From February 1 to May 12 four of these fowls layed 289 eggs, or an average of 72 per duck in 77 days. That's a good record. Mr. Downing brought in a few of these eggs for The Bulletin family to sample and we can verify his statement that they are of fine flavor.

M. V. Gates, accompanied by his daughter, was in Bend Sunday. Mr. Gates is one of the principal owners of the Prineville electric light plant and is interested financially in many light and power plants throughout the West. He had been at Pringle falls and other points on the Deschutes examining water power possibilities with the view of establishing a plant to generate electricity for the Prineville lights.

Wednesday The Bulletin man had a plot of ground plowed that had a crop of potatoes on it last year. Several tubers were turned up that had been in the ground all winter, all of them being in excellent condition and sprouting. One, of the Early Rose variety, had 12 sprouts started with a fine root growth, five of the sprouts averag-

ing 2 1/2 inches in length. Ample evidence of a mild winter and a fertile soil.

"Dad" West had an exciting experience with a range steer last Monday morning. Early in the morning he went out to salt his cows, which had come in from the range. With them he noticed a strange steer. He drove the animal away a short distance, it showing no signs of fighting. However, the minute "Dad" ceased his driving the steer turned as quick as a flash and charged Dad, with lowered head. Dad had nothing with which to defend himself and the steer was upon him in an instant. As the animal lowered its head for the toss Dad grabbed him by both horns and hung on for dear life, and as the animal raised its head in the toss Dad also threw himself away from the animal as far as possible. He was lifted from the ground and tossed about 12 feet. When he picked himself up, ready for the second charge, he saw the animal running away, deserting the field of battle. And Dad was ready to declare a truce also.

BEND BOYS ARE WINNERS.

Defeated Prineville "Cubs" by Score of 12 to 8.

The Bend high school ball team returned home last Sunday wearing the laurel crown of victory and a mighty satisfied feeling. They had redeemed their record and had evened up with the Prineville boys for the defeat sustained at their hands two weeks previously. In the contest on the Prineville diamond last Saturday, the Bend boys played the better ball and consequently came home with the heavy end of the gate receipts, the game having ended with a score of 12 to 8.

The game was a pretty evenly matched contest from start to finish. Prineville never made a score until the sixth inning when two

runners crossed the home plate. The seventh inning the Cubs scored 3; eighth, 2; ninth, 1. Bend scored in the third inning 3, in the sixth, 2; in the eighth, 6; in the ninth, 1.

Prince Staats and Johnny Bates were the battery for Bend; Ed Barnes and Bub Barnes for Prineville. Staats struck out 8; Barnes 9.

Prineville showed the Bend boys a royal good time. Friday night a reception was given them in the old First National Bank building where everyone enjoyed themselves. Refreshments of cake and lemonade were served. After the game Saturday both teams were treated to all the ice cream they could eat, and in fact the boys say treats were offered free and fast wherever they went. Saturday night another pleasant reception was given the boys in the Belknap hall. They were very well pleased with Prineville cordiality.

When the victorious team and those who accompanied it reached Lytle on their homeward way, they were stopped at the residence of Mr. and Mrs. John Steidl and treated to cake and lemonade. Continuing on their triumphant march they reached the Pilot Butte Inn where all hands were again served to ice cream and cake. It pays to win.

Those who accompanied the team to Prineville were: Misses Pearl Hightower, Marion and Pauline Wiest, and Grace Vandeventer, and Sylvester Staats and Clint Vandeventer.
