The Limerick Variety.
Some years ago Mons. Paul Villars, London correspondent of the Journal des Debats, went to Limerick on the occasion of a great Nationalist meeting.

On arriving at the hotel he asked for a room in the front of the house. A servant took him to a small dark room looking on to an inner courtyard. Monsieur Villars to the window and satisfied himself that there was a mistake. "This is not the front of the house," said he.
"Oh, yes, sir," the servant said. "It's the back of the front."

TEN YEARS OF PAIN.

Unable to Do Even Housework Because of Kidney Troubles.

Mrs. Margaret Emmerich, of Clinton St., Napoleon, O., Says: "For fifteen years I was a great sufferer from kidney troubles. My back pained me terribly. Every turn or move caused sharp, shooting pains. My eyesight was poor, dark spots appeared before me, and I had dizzy spells. For ten years I could not do housework, and for two years did not get out of the house. The kidney secretions were irregular, and doctors were not helping me. Doan's Kidney Pills brought me quick relief and finally cured me. They saved my life."

BAD BLOOD

THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect and uninterrupted health; because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. Often a sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, leaves the refuse and waste matters to sour and form uric and other acids, which are taken up by the blood and distributed throughout the circulation. Coming in contact with contagious diseases is another cause for the poisoning of the blood; we also breathe the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles of any character S. S. S. is the best remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.

State Treasuries Overflowing.
Through ingenious methods of taxing railroads the treasuries of some States are so swollen that State officers are puzzled to know what to do with State funds. New Jersey's receipts from corporations have filled its treasury. Pennsylvania had a surplus of \$10,000,000 and no debt to speak of. Back taxes received from railroads and the collection of a war claim of \$1,000,000 have enabled Wisconsin to pay extraordinary expenses, put \$643,000 into the State treasury and cut the school tax levy in two.

Prejudices.
"What do they call this skyscraper on the left?" asked the stranger.
"That's the Reliance building," said the native. "It's occupied almost entirely by doctors."
"By doctors? And they call it the 'Reliance'?" Well, well!"

Indian Woman Mine Owner.
An interesting character is an old Mexican Indian woman, Mrs. Hermina Narraz, who has recently sold a mine near Hawthorne, Nev., to an Eastern syndicate for \$90,000. For years she has dressed in men's clothes and personally worked her claim herself, doing washing for prospectors and miners in order to secure necessary money. She says that she now intends to rest and enjoy the results of her long years of privation and hardship.

Something New About Elijah.
The vicar of St. John's Gainsborough, England, says that recently the scholars in his parish were asked to give an account of the translation of the prophet Elijah to heaven, and one boy wrote: "Elijah, the prophet, was carried into heaven by a whirlwind, and the children stood up and cried, 'Go up, thou bald head! Go up, thou bald head!' and before he went up he divided the Red Sea."

In Jumping Over.
Little Dixon, aged three, had just learned that famous nursery rhyme, "Hi diddle, diddle," and electrified his mother one night by exclaiming, as he stood gazing in wonder at the new moon which had just risen.
"OOO-oo-oo, mamma, just look!"
"What is it, dear," said she.
"Why," he answered, in amazement, "that old cow has gone an' kicked a piece right out of it!"

A Nurse for Sick Dogs.
A young New York woman is a trained nurse for sick dogs. For some time she has been a member of the staff of the New York Dog Hospital, where the sick pets of the wealthy are nursed back to health. She often has as many as a hundred dogs to care for. It is her duty to give them their medicine, and in other ways carry out the doctor's orders exactly as a trained nurse would do for human patients.

Baked Custard Pudding.

A pudding of this description is frequently spoiled by being too soft, too dry or lumpy. In frugal cookery, the bread is soaked in boiling water for half an hour, squeezed dry in a cloth, and then all the lumps are beaten with a fork till quite smooth. Mix with three tablespoonfuls of the soaked crusts, a teaspoonful of currants, a teaspoonful of cinnamon, the same of ginger, two tablespoonfuls of flour, three tablespoonfuls of sugar, one of treacle, two of dripping, two eggs beaten up, and a pint of skim milk. Stir all thoroughly, put into pudding dish. Place a little dripping of shired suet all over the top, and at once put the pudding into the oven. Bake slowly for an hour and a half. If this is nicely made and baked, it will, when cold, eat like cake.

Apple Meringue.

Peel and core a half a dozen fine apples; put them in a porcelain-lined dish and pour around them a thin sirup made by boiling together one minute half a cup of sugar and half a cup of water. Flavor strongly with lemon and let them boil in the sirup until partly tender; then set closely covered in the oven, and let them become perfectly tender, but do not let them break. Taste them often with the sirup. When done, cool and set away for half a day, until the jelly in and around them is firm. Then cover with a delicate meringue and brown in the oven. Dredge lightly with powdered sugar and serve as a dessert.

Circle Eggs.

Separate the yolks and whites of four eggs. Without beating the whites turn them into a small pan in which is a bit of boiling lard. Fry the white thoroughly on one side. Meanwhile beat the yolks light, adding half a teaspoonful of salt and a dash of pepper. Turn the beaten yolks into a hot pan and stir until they are firm. Then add two tablespoonfuls of finely chopped ham, bacon or chipped beef. Take up the fried white with a large cake turner, pile the scrambled yolks upon it in a circle and serve hot. This makes a very attractive-looking dish.

"Pot Holders."

Every stylish cake pan has a little hook on the side by means of which it can be drawn from the oven. But in case all are not provided with these new pans, there can be had "pot holders" of felt, curiously shaped, so as to resemble a rooster and even decorated with feather-stitching in silk. The folded wings of the rooster you slip over the edge of pot or pan. Price, 10 cents.

Glazed Sweet Potatoes.

Five sweet potatoes, one egg, half cupful of sugar, half teaspoonful of salt, one tablespoonful of butter. Pare and cut the potatoes in strips; steam until nearly done. Remove from the fire and cool. Dip in egg beaten with the salt, then in the sugar, coating each strip thickly. Place in the pan with the butter and bake a rich brown.

Rabbit Pie.

Clean and joint two rabbits. Soak in salted water for two hours, wash in fresh water and put into a pie dish with a handful of chopped parsley, an onion with ten cloves stuck into it, a dash of grated nutmeg, pepper and salt to taste. Fill the dish with hot water, cover with a good paste and bake for one and one-half hours.

Graham Bread.

Scald two cups of milk, add two level teaspoons of sugar and one level teaspoon of salt. When cool add one-half yeast cake dissolved in one-half cup of lukewarm water, two cups of white flour and a little more than three cups of graham flour. Cover and let rise; shape into loaves, let rise again, and bake thoroughly.

Cookies.

Crease together one and one-half cups of light brown sugar and one-half cup of butter. Add a half cup of sour cream, one egg beaten light, a teaspoonful of baking soda dissolved in a little boiling water, lemon flavoring and flour to make a dough that can be rolled out. Roll thin and bake.

Concord Grape Pudding.

Allow two tablespoonfuls of rice flour, moistened with four tablespoonfuls of cold water and four tablespoonfuls of sugar. Stir into it one pint of boiling grape juice. Stir until thick as blanc mange; pour into mold, put on ice. Serve with whipped cream.

Zenda Pudding.

Two ounces of flour, two ounces of breadcrumbs and two of suet; mix with 4½ ounces of grated coconut, two ounces of sugar, the yolks of three eggs and half a gill of milk. Steam one hour and serve with foamy sauce.

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

You must look well after the condition of your liver and bowels. Unless these are daily acted on by the bowels, poisonous products are absorbed, causing headache, dizziness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable. The dose is only one pill at bedtime.

Getting His Measure.

Aunt Filura was preparing soup for dinner, when one of the neighbors happened in on a borrowing errand.
"Why, Aunt Filura, isn't that an unusually large soup-kettle?" asked the caller, with a calculating glance at the stove on her passage across the kitchen.
"If you're just looking at the kettle, it does seem plumb sizable," said Aunt Filura, calmly; "but when you cast your looks on the extents and pliability of my Enoch's mouth, I reckon 'twon't look any too large, that kettle won't."

Properly Censored.

"When Maxim Gorky dined with me," said a literary New Yorker, "he talked about the Russian censorship. 'He said that in the course of the Russo-Japanese war he had occasion in an article to describe the headquarters of one of the grand dukes. He wrote of these headquarters, among other things: 'And over the desk of his highness's tent is a large photograph of Marie la Jambe, the beautiful ballet dancer.' 'Before this article could appear, the censor changed that sentence to: 'And over the desk of his highness's tent is a large map of the theater of war.'"

The lighthouse at Corunna, Spain, is believed to be the oldest one now in use. It was erected during the reign of Trajan, and rebuilt in 1634.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
