San Franciso Business Houses Attacked-Federal Inquiry Orderse.

Washington, May 29 - Informa-tion that Japanese have been sub-jected to ill-treatment and indignities in San Francisco came to the State Department today from two sources, and Secretary Root has taken measures for the protection of the Japanese through two channels. Ambassador Wright at Tokio cabled that a Japanese restaurant and a Japanese bathhouse in San Francisco had been demolished by a mob, and Viscount Aoki, the Japan-use Ambassador here, laid before Mr. Root dispatches from the Japanese Consul-General at San Francisco detailing the same occurrence.

Mr. Root at once made request on Attorney-General Bonaparte, that the United States District Attorney in San Francisco be directed to make an immediate investigation. Mr.

Bonaparte thereupon telegraphed both the United States District At-torney and the United States Mar-shal at San Francisco to forward re-

ports by telegraph.

One Road Alone Reduces Force 50-000-Others Follow in Proportion to Men Employed.

Chicago, May 25 .- Railroad managers here estimate that by the end of the first week in June the railroads of the country will have discharged between \$0,000 and 100,000 men now employed. Some estimates put the number much higher. This does not take into account the large number of laborers and others dis-minsed because of abandoned extensions and other improvements. Or-ders were recently issued for the strictest economy and the reduction of forces to the lowest possible point.

The New York Central is to reduce many of its pay-rolls fully one-third, If the order is carried out literally in all departments, it would mean the discharge of 50,000 employes on this

Japan Will Support America and Britain at The Hague.

Victoria, B. C., May 28 .- Japanese newspapers received by the steamship Empress of India from Yokohama contain an interview with Count Okuma, one of Japan's most promi-nent statesmen, regarding The Hague peace conference, in which he says:

"If Great Britain introduces an armament restriction proposal for debate, Japan will support it, and possibly also the United States. It would be difficult to speculate, though, on the probable attitude of European powers as to the proposal. With regard to the regulations of military and naval battles rights and during of naval battles, rights and duties of neutrals, regulation of wireless telegraphy and contrabrand of war, Japan and Russia had a claim to advance their views, if view of their practical experience. As far as Japan is concerned, the conference affords the best opportunity of promoting her position in interna-tional politics."
