BEND, OREGON

A GLORIOUS FOURTH

Preparations Made for a Rousing Celebration.

GOOD TIME FOR EVERYBODY

Games, Sports, Barbecue, Music and Fireworks Will Aid in the Day's Entertainment.

Bend's celebration will be a hummer. That's the verdict in the language of the street. An enthusiastic meeting of the committees was held Tuesday night and from now until the great day everything will go forward with vim and vigor.

The Trout Barbecue.

The trout barbecue and basket dinner will probably be the chief feature of the day's entertainment. At least it seems to be the drawing card for many out of town people who have signified their intention to partake of that feast. Prineville is coming over enmasse and they say the barbecue is the drawing card. Ralph Sheldon has been appointed captain of a company of expert fishermen who will begin their work in time to assure a great sufficiency of the wriggling, speckled beauties. A large appropriation has been made to cover the expenses of this feature, teams will bring each day's catch, well packed in ice, to town where they will be repacked and stored in ice. The people may rest assured that there will be "stacks" of trout.

Will Be Well Served.

And they can likewise rest assured that the fish will be properly served, for Charley Cottor will supervise the frying of them and he is the "king bee" of the whole section when it comes to preparing Deschutes trout. The barbecue will probably be served beneath the tall pines south of the P. B. D. Co.'s office and at the end of Wall street. However, the dinner will be only one feature of the day's entertainment. There will be a parade through the streets to the grounds, followed by a program consisting of music and an oration by a prominent speaker. After this will come the barbecue.

The Afternoon Sports.

The sports will be pulled off during the afternoon. There will be a ball game between the high school teams of Prineville and Bend. These teams play fast ball and a good game is promised the lovers of the national sport. There will be races of many kinds, broncho riding, tug of war, catching a greased pig, and trap shooting.

In the evening the bowery dance will be opened for those who like to dance while a fine display of fireworks will furnish amusement for all and will close the day's sport.

Rest Room for the Ladies.

Much attention will be given to the comfort of the visitors. There will be a rest room for the convenience of the ladies, where tired mothers and little ones can go for rest and comfort. This rest room will be free and open to every woman. The streets will be thoroughly sprinkled and the dust laid. The grounds where the speaking, dinner, ball game and sports will take place is the open tract lying at the south end of Wall street. This tract is circled by an irrigation ditch and the grounds will be flooded on the 2nd or 3rd so as to

settle the dust. There is lots of shade, a great big river and a pleasing program will be given. You had better celebrate in Bend.

Following is a list of sports, with the purses:

Ball game, 65 and 35 percent	\$75.00
200-yard pony race, \$10 and \$5	15.00
400-yard pony race, \$10 and \$5	15.00
Boys' foot race, 75 yds., \$2.50 & \$1.	3.50
Men's foot race, 100 yds.	10.00
Pat men's race, 225 lbs. or over, 50 yards	5.00
Ladies' race, 50 yds., \$5 and \$1.	4.00
Back race, 50 yards	2.50
Greased pig	2.50
Broncho riding	10.00
Tug of war	20.00
Free-for-all horse race, \$15 & \$7.50	22.50
Trap shoot, 50-bird event, \$15, \$10 and \$5	30.00
Trap shoot, 25 bird event, \$10 and \$5	15.00
Trap shoot, 25 bird event, \$10 and \$5	15.00

VOTE FOR YOUR CHOICE.

Whom Do You Want for Goddess of Liberty on July 4?

One of the features of the Bend celebration will be a liberty car, with the customary goddess of liberty surrounded by the states of the

TOWNSITE IS SOLD

Entire Holdings of A. M. Drake and Pilot Butte Development Company Sold to a Syndicate.

The Bend townsite, together with all other holdings in this section of Mr. and Mrs. A. M. Drake and the Pilot Butte Development Company, has been sold to a syndicate composed of F. S. Stanley, E. A. Baldwin, Jesse I. Stearns, of the Deschutes Irrigation & Power Company, and John Steidl and J. E. Sawhill of Bend. This news was given to the public at 11 o'clock today at a mass meeting called in the B. M. hall, when Mr. Sawhill stated the above facts. He announced further that the D. I. & P. Co. will move its headquarters back to Bend in the immediate future, and will do all it can to help in the growth of Bend.

The above news was received gladly by the assembled citizens. It assures that the unfortunate troubles which have existed between the Deschutes Irrigation & Power Co. and the Pilot Butte Development Co. for the past two years will now be a thing of the past and that the development of this region will go forward without the retarding friction that has heretofore existed.

A vote of thanks from the citizens was extended to Mr. Steidl, Mr. Sawhill and Dr. Coe for having accomplished the happy ending of the above-mentioned difficulties. It was also the sentiment of the meeting that the slate should now be wiped clean, all past unpleasantness be forgotten, and everyone pull together with a vim and vigor for the development of this, one of the most favored sections in the great West.

The task of choosing a goddess of liberty was too serious a one for the committee to tackle so it was decided to have the people choose that important personage. Tickets have been printed with a blank line on which to write your choice. Each vote will cost 10 cents. There will be voting places in all the business houses.

The polls are now open and will close at 8 o'clock on the evening of June 30, when the votes will be counted. The committee appointed to poll the vote consists of John Steidl, C. D. Brown and Chas. D. Rowe.

Whom will you have for goddess of liberty?

For Sale.

Forty acres of ditch land, all cleared and fenced; 38 acres irrigable. Good 160 acre homestead joining with canal crossing it. Inquire or address The Bulletin office.

TALK ROAD MATTERS

Proposed Connection with C. & E. Discussed.

COMMITTEE OF FIVE CHOSEN

Will Confer with Railroad Officials and See What Can Be Done—Other Neighborhood News Notes.

REDMOND, June 17.—The Sisters and Corvallis & Eastern road meeting at Redmond Saturday night was quite well attended in point of numbers, though but few delegates were present, Laidlaw, Cline Falls and Gist being the only places that had delegates present. J. N. B. Gerking of Laidlaw was made president and H. P. Jones of Redmond, secretary of the meeting. The committee that was appointed at the Laidlaw meeting to survey and view out the road was not present so no report was had and not much of a definite nature could be decided on.

After some discussion a committee was named to confer with the C. & E. officials with regard to the matter as noted in last week's Chronicle. The committee consists of C. W. Elkins, John Steidl, F. E. Dayton, Alex Smith, and Carl N. Ehret, representing respectively Prineville, Bend, Laidlaw, Sisters, and Redmond.

We feel that if this matter can be carried through, Crook county and a large extent of country to the south and east will be very materially benefited. It was suggested by B. A. Kendall, who has seen the same thing tried in North Dakota, that if the railroad authorities could not be induced to extend their line over the remainder of the grade Crook county people are themselves entirely competent to go ahead and build as much railroad as may be necessary.

C. M. Mudd of Laidlaw was a delegate to the meeting, as was also J. H. Edwards of Sisters. Messrs. Chase and Meredith of Cline Falls were also with us.

Letters were read from forest reserve officials which expressed a willingness to help in building the wagon road either with money or men, or both. Their attitude on the question was quite encouraging.

Mr. and Mrs. L. E. Prickett have returned to their farm near Cline Falls after an extended trip to Idaho.

Our nine months' school closed on Friday afternoon with appropriate exercises. Good progress has been made with all the lower grades represented except the 6th and 8th. We surprised Schoolmaster John Tack yesterday by asking for notes, but he promised more for next week.

A Ladies' Auxiliary mass meeting is called for next Saturday night to discuss matters relating to the fall fair. The call is signed by Mrs. Kennard, president, and Mrs. Jackson, secretary of the board of lady managers.

We had a little frost here last Thursday night. The next morning some of the tomato plants, early corn, cucumbers, watermelons, potatoes, and so on, looked pretty badly wilted, but most of us concluded to "buck up" and not be discouraged. The corn will come out again. Some of the potato tops were so large that they are not all killed, and the rest will come from the tuber. Then we will set out some more tomato plants to take the place of those that were not covered and soon everything will be running smoothly again. Rye and the junipers came through all right so we still have much to be thankful for.

Master Johnny Dorrance starts tomorrow to go to relatives at Newberg.

L. D. Wiest stopped awhile yesterday on his way home from an extended trip. The new Sunday school organ was in place and in use for the first time yesterday. And everyone likes it.

J. O. Hansen made a flying trip to Shaniko and brought back a self-binder and will cut grain this season.

E. C. PARK.

Newsy Letter from Rosland.

ROSLAND, June 17.—To let you know that we are not entirely out of existence we will send The Bulletin a few notes.

Mr. White and party of Washington were looking over the land of this vicinity

last Friday. They were very much pleased with the country, so much so that they all located here.

The trout are biting well. Many anglers are out after the speckled beauties and are having good success.

Chas. Graves of Odell was in town Saturday on business.

The ring of the carpenter's hammer can be heard over all parts of the city and the Rosland hotel is nearing completion.

There are various customs around town, but the whereabouts of the carter is not known as yet. Parties have been suspected but have not yet been caught.

The dance at the Rosland hotel Friday night was a grand success and was well attended by all. The supper consisted of all the delicacies of the season and was appreciated by all those who were there.

George Bogue was up to see Mr. Howard (?) last Sunday on business.

B. Lewis, chief cook at the Rosland hotel, was taken seriously ill shortly after the dance Friday night. Some of his friends told him the cause was due to eating his own cooking. But Dr. Green pronounced it homesickness and says with careful attention he will be out of bed in about two weeks.

E. G. Gourk made a business trip to Bend Tuesday.

A brother of E. J. Green is here on a short visit and to look over some of the land near this place.

RUMEN GLUC.

Tumalo Items.

TUMALO, June 18.—Everything is growing these warm days.

Mr. Smith from the Cook ranch passed through here Sunday.

G. W. and Alice Wimer attended church at Laidlaw Sunday.

John Edwards passed through here on day last week with some horses.

Dr. Coe of Bend was called to Sisters Saturday to attend John Taylor, who is suffering from a relapse of the measles.

F. P. Ground was over from the Willamette Valley last week. He reports the dry spring weather in the valley will make the hay crop short this year.

Reports from Bend and other parts of the desert are that the frost a few nights ago did a great deal of damage to tender garden truck. We are glad to say it did no damage to grain crops.

We expect to see the roads lined with sheep soon going to their summer range on the reserve.

L. D. Wiest of Bend passed through here one day last week going to the Black Butte country.

Mr. Weesner and Miss Steele passed through here Friday going from Sisters to Bend.

John Sisemore of Bend went by Saturday going to the Sisters vicinity. Uncle John must have some attraction over there.

We hope to be able to talk to people north of Laidlaw over the phone soon.

T. A. Jensen went to Bend on business today.

Mr. Hall of Laidlaw was out to the Hightower & Smith mill today after shingles.

Water is now running in the Gibson ditch on Bull creek ridge.

Miss Belle Ramsey was a Tumalo visitor yesterday.

We understand that J. H. Edwards expects to erect a building and put in a store near Gist soon. This will be a convenience to the people and we wish Mr. Edwards success in his undertaking.

Mr. and Mrs. F. P. Smith were at Bend over night last night, returning to the mill near Gist today.

Irrigation is in full blast now and all are busy so we don't see much of anyone, but those we do see say that crops are coming out fine and all expect a big yield this year.

Rosland and Big Meadows Notes.

These lazy days in June are ideal for Dolly fishing and Mrs. Frank West has broken the record so far by landing a six pound spotted beauty.

Uncle John Sisemore made a business trip to Rosland this week.

The dance given at the Rosland hotel was well attended and scored one more in their favor.

Our storekeeper returned from a business trip to Bend on Wednesday.

Mr. Adams from Wasco, who makes an annual jaunt to the Meadows every
