"During 1901 I suffered from nami cutarrh, which various other remedies failed to relieve.

"Six bottles of Peruna, which I took, entirely cured me, the catarrh disappearing and never returning. "I therefore cheerfully recommend Perons to all similarly afflicted."

Mrs Ellen Nagle, 414 4th street, Green Bay, Wis., writes;

have often heard. Peruna praised and it is more widely known here than any other medicine, but I never knew what a splendid medicine it really was until a few weeks ago when I caught a bad cold which settled all over me.

"The doctor wanted to prescribe, but I told him I was going to try Peruna and sent for a bottle and tried it.

"I felt much better the next mornins and within five days I had not a trace of any lameness or any cough.

"I consider it the finest cough remedy."

Catarrh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucous dropping back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarrh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the refuse and waste of the body, leave it to sour and form uric acid in the system. This is taken up by the blood and through its circulation distributed to all parts of the system. These impurities in the blood irritate and inflame the different membranes and tissues of the body, and the contracting of a cold will start the secretions and other disgusting and disagreeable symptoms of Catarrh. As the blood goes to all parts of the body the catarrhal poison affects all parts of the system. The head has a tight, full feeling, nose continually stopped up, pains above the eyes, slight fever comes and goes, the stomach is upset and the entire system disordered and the Catarrh for about fitteen affected by this disease.
