John Steidl, Lumberman and Timber Owner.
U. C. Coe, Physician and Surgeon.
H. P. J. McDonald, Mayor of Bend.
E. A. Sather, Merchant.
J. B. Hayburn, Cashier.

A LABOR AGENCY

U. S. Government Takes Up New Work.

H. C. ELLIS RECEIVES LETTER

Department of Commerce and Labor Will Assist Farmers and Others to Secure Laborers.

The United States government is taking up a work that will make of it an extensive labor or employment agency, an agency which will extend throughout the entire country and whose representatives will be found in every hamlet. This work is to be done by the Department of Commerce and Labor, and the agents scattered throughout the length and breadth of the land will be those men in each township who report to the Department of Agriculture the condition of crops during the growing season, or "township correspondents" as they are called. The object is to bring the man who wants to work to the man who desires to employ labor, thus furnishing work to the vast number of immigrants who come to our shores and also to those citizens who are out of employment.

H. C. Ellis of Bend has recently received a letter from the Department of Commerce and Labor, through the Division of Information, which explains quite fully the plans of this new work. Extracts from this letter follow:

"The Division of Information is seeking to get into direct communication with all of the farmers within the United States who may wish to employ farm labor or domestics, or who have lands for sale or for rent, with a view to learning from them what their needs are and the details of the same.

"For the purpose of securing detailed and accurate information certain blanks are used which will be gladly sent to those who may be interested. For your information there is attached a copy of the 'Farm Laborers' blank, and if you need help of that description, the Division will be glad to have you fill it out and return it. Other blanks of special interest to farmers are those relating to the demand and opportunities for 'Domestics' and 'Settlers,' the latter being used by those having lands for sale or for rent. Should you desire either of these blanks the Division of Information will forward copies on request.

"The division will be pleased to have you aid it by letting the farmers of your township know of its existence, its object, what information it wishes to secure, and inviting them to write to it of their needs. Should you be willing to aid the Division a supply of the different blanks will be sent to you for distribution among those who may have use for the same.

"In dealing with the alien we must include the unemployed citizen as well, for in the over-populated districts many who have become citizens are ignorant of the opportunities for bettering their condition elsewhere as the newly admitted aliens.

"The Division would thank you to give the subject-matter of this letter the widest publicity possible in your township, and would appreciate your cooperation with it in its work to the fullest extent possible along the lines above indicated."

It is seen by the above that if a farmer or any other employer desires to obtain help he can secure the proper blanks from the township correspondent, fill them out and mail to the Department of Commerce and Labor, which department will do all it can to secure the desired labor. The department will undoubtedly be able to do a wonderful amount of good by supplying labor to farmers and others who are sometimes so hard pressed to secure help.

Mr. Ellis will have, in a few days, a supply of the blanks referred to in the letter to be used in making application to the department.

LADIES ARE PROGRESSIVE.

Library Club Takes up Civic Improvement—Will Present Minstrel Show.

The Ladies' Library Club of Bend has launched out into a broader field of work. At the club's last meeting, held with Mrs. F. F. Smith Tuesday afternoon, a committee was appointed to await upon the mayor and petition him to set aside a day for a general clean-

Mayor's Proclamation.

By request of the Ladies' Library Club and others interested in the appearance and growth of our city, I, as mayor of the city of Bend and by virtue of the authority vested in me as such officer, do hereby appoint and designate Wednesday, the 25th day of March, 1908, as a legal holiday, set apart for the purpose of cleaning up the city. Rubbish in all streets, alleys, yards and vacant lots must be cleaned up and notice given to the chairman of the street committee, J. N. Hunter, who will furnish team to haul same away.

H. P. J. McDONALD, Mayor.

ing up of the town. There are vacant lots, alleys and most of the streets that need to be cleared of the rubbish that has accumulated during the winter and the ladies concluded that it is time this work is done. A few days previous to our last Fourth of July celebration the different property owners raked up the rubbish on their lots and then the townsite company donated a team and the services of a man to haul the rubbish away. The improved appearance of the town resulting therefrom was remarkable. It is time to repeat that work.

The club has also kindly offered to assist the men in fixing up the rooms of the Bend Commercial Club. This latter club desires curtains put up at the windows and a few other improvements made in the room. The ladies will do what they can to help, and it is needless to say that their help will be gladly received.

The ladies' club also decided to present a home talent minstrel show. Several of the members have seen this scheme worked in other places and it always results in much amusement and entertainment for those who attend, besides adding a neat sum to the treasury of those who promote it. The plan is to have the young people take part in a program of music, jokes, songs, etc., etc., and to present the "show" about June 1.

The next meeting of the club will be with Mrs. A. M. Lara a week from next Tuesday afternoon.

Redmond Items.

REDMOND, March 15.—Quite a question this week so far as your reporter is concerned is how to make a readable letter out of almost no news and still not drift into the "yellow."

Miss Muma left Thursday for her home in Buffalo, New York. She will make the main part of the trip after a two week's visit in Washington.

There is still some sickness around. Our folks being afflicted at present, Mrs. Park, both senior and junior, having had bad colds and Mr. and Mrs. Trisler being laid up at present.

Mrs. Bauer still continues to improve although but slowly. She had quite a severe set back but is coming along nicely, now.

Mrs. Muma is down with a threatened attack of tonsillitis.

Work on the new school house will soon begin, most of the lumber and shingles being now on the ground.

B. J. Heninger and Yours Truly took a near view of Haystack Hill from the east on Tuesday returning the same day.

Tuesday evening we found that two new families had already arrived in town that week. Mr. Myers of Loveland, Colorado, who bought the Welch place, being one of them. We do not know how many there have been since then.

Mr. Atkinson is among those who are pulling trees.

Frank Morrill is one of those who have begun their second set of improvements, an addition to the house now being built.

Neighbors DeLorimer and Robey have been working on a sawbrush machine, which we understand is now in working order.

E. C. PARK.

A Narrow Escape

Many people have a narrow escape from pneumonia and consumption as a result of a cold that hangs on. Foley's Honey and Tar cures coughs and colds no matter how deep seated, and prevents pneumonia and consumption. Refuse substitutes.—C. W. Merrill, Druggist.

SILVER LAKE MURDER

Julius Wallende the Victim of Foul Play.

DISAPPEARED DECEMBER 27

Reward of \$250 Offered for Arrest and Conviction of the Murderer—Body Found with Fractured Skull.

Citizens of Silver Lake are much aroused over a murder that has been committed not far from that place. The dead body of Julius Wallende was found in the bed of a creek near town last Friday. The head had been mutilated and the skull fractured. The young man was a rancher and disappeared from his cabin on the evening of December 27, and it was feared at the time that there had been foul play in connection with his disappearance.

Silver Lake citizens offer a reward of \$250 for the arrest and conviction of the murderer, and have petitioned the governor, in behalf of the state, and Judge Daly, in behalf of Lake county, to offer additional rewards. It is believed that if a detective could be hired and put upon the case the guilty man could be apprehended in a short time.

Inklings at Gist.

GIST, March 16.—Everybody busy here.

Frank Zumwalt and wife spent Sunday at Gist.

Clyde Gist is talking of going to Portland in the near future. I wonder why?

John Wilt, road supervisor of Black Butte, has a gang of men working on the new road in the Cloverdale country. This road is very much needed in that locality.

Miller & Zumwalt of Sisters have sold out their saloon there, Stevens & Allingham being the purchasers.

Johnnie More and brother Alfred are clearing quite a tract of land for Osborn Edwards.

Prentiss Van Tassel went to the Haystack country today on business.

There will be a basket social at the Plainview school house at Gist on Friday eve, the 27th, for the purpose of raising funds to buy an organ.

Sauport Fields of near Prineville is in this neighborhood doing some improving on his claim.

Mr. and Mrs. Cade are in this vicinity. Mrs. Cade, being a school teacher of experience, is here in the interest of school as her professional help was solicited in the Cloverdale district.

Quite a number of new people in here of late, some looking over the country, others staying for a short time, and some for the summer. Just watch Gist. It will boom for we have a splendid country and people are finding it out.

Laidlaw Items.

George L. Simmons and C. W. Allen have gone to Portland where Mr. Simmons is to take the receivership of the Columbia Southern Irrigation Co.

J. C. Tullar and W. P. Myers were in Prineville the first of the week on business.

J. L. Couch has commenced the erection of a new house on his ditch land.

J. R. Benham has purchased the stump pulling outfit of C. W. Allen and is pulling all his homestead trees under the Swalley ditch.

Mrs. C. T. Pinkham and children left for Fossil last week where they will look after Mrs. Pinkham's mother's farm. Mr. Pinkham follows later.

Mr. M. Aubrey is reported very low with lung fever.

F. N. Wallace has received orders to take up the ditch work under the receivership of Mr. Simmons. Mr. Mudd hands over the company's books to Mr. Wallace this week.

Edna and Lloyd Root have returned to school since their school has closed.

Mrs. E. M. Ives and daughter of Spokane arrived last week, to take up their residence on Mrs. Ives' homestead and are building this week.

Rosland News.

ROSLAND, March 19.—J. F. Howard is again in charge of the stage station between Rosland and Silver Lake.

J. L. Poole moved his family from the stage station to Crescent last Monday.

Lee Caldwell will leave for the Hightower-Smith Co. mill the latter part of this week or the first of next week.

Have You Registered?

If not, why not? It is your duty as a citizen to take enough interest in the election of county and state officers to register in time so that you can cast your ballot at the primaries and have a part in nominating good men to the different offices. Do not delay, but register at once.

Registration in the Bend and Deschutes precincts is going forward altogether too slowly. A. H. Grant is registration clerk for these two precincts, and will attend to this matter if you will but step into the Bend news stand and ask him. Registration to date is as follows:

BEND PRECINCT.	
Republicans	54
Democrats	3
Socialists	1
Total	58
DESCHUTES PRECINCT.	
Republicans	16
Democrats	13
Prohibitionists	1
Independent	1
Total	31

LOCAL OPTION DISCUSSED.

Large Audience Listens to Arguments by Dr. Hudson.

A church full of people gathered last Sunday evening in the Bend Church to hear the address of Dr. H. B. Hudson in favor of local option prohibition. Dr. Hudson is Oregon field secretary of the International Reform Bureau and is making a three weeks' canvass of Crook county in behalf of local option. His address Sunday night was a strong presentation of prohibition argument, and he held the close attention of his audience throughout the evening.

At the close of Dr. Hudson's address Rev. Housel, pastor of the M. E. church at Prineville, explained a Law and Order League was being organized over the county whose business would be to fight for local option during the present campaign and to look after such matters as would naturally need the attention of such an organization. The league desired that \$500 be raised to meet the expenses of the campaign. Of this amount Prineville had pledged \$250, and Rev. Housel asked that Bend raise \$50 for the cause. A collection was then taken which amounted, with sums pledged, to \$52.50. L. D. Wiest was elected president of a local law and order league.

Decisions on Contest Cases

Attorney Benson has received word that the land office officials at The Dalles have rendered a decision in the contest case of J. B. Palmer vs. Jacob N. Quiberg in favor of Mr. Quiberg. This is the case that was so stubbornly fought before Commissioner Ellis about a month ago, having been the longest drawn out contest ever held before that officer. A decision has also been rendered in the contest of Lola D. Erickson vs. Cora B. Chapman (now Mrs. Nick Smith), the decision this time being in favor of Mrs. Erickson. Mrs. Erickson was defeated on a former hearing but later was granted a re-hearing on the grounds that she had obtained additional evidence upholding her reasons for bringing the contest. The result of the second hearing is that Mrs. Erickson won at the local land office. It is understood that Mrs. Smith will appeal the case. Attorney Benson handled the cases for both Mr. Quiberg and Mrs. Erickson; Attorney Myers of Laidlaw for Mr. Palmer and Mrs. Smith.

Thousands Perish

Thousands perish every year from consumption resulting from a cold. Foley's Honey and Tar cures the most obstinate hacking coughs and expels the cold from your system and prevents consumption and pneumonia. It has cured many cases of incipient consumption.—C. W. Merrill, Druggist.
