## VOTE FOR DR. COE.

On the first page of this issue appears a statement by Dr. U. C. Coe, who is a candidate for state representative from the Twenty-first Representative District, in regard to the issues that are before the voters. While Dr. Coe does not confine himself to one issue, he does pick out the one of the greatest importance to Central Oregon and explains fully his position thereon.

It is admitted by every thinking man that Oregon is badly in need of a new water law, one that embodies the best features of the best water laws of other states. An attempt will be made at the next legislature to pass such a law and it behooves the Twenty-first district to have a representative there who understands conditions in this section of the state and who will work diligently for the adoption of a proper law.

Dr. Coe recognizes the great importance this question bears to the welfare and development of the whole of Oregon and if he goes to the legislature his efforts will be expended in behalf of securing a suitable water law for the state and one that will help greatly in the development of Central Oregon. This is a matter that should be attended to at once for the longer it is postponed the greater will be the trouble in the end. A new law must be passed sooner or later and the best time for it will be at the next legislature. Therefore, it behooves the voters of this district to send a man to Salem who will look after their interests in this matter. Such a man is Dr. Coe, who, by natural ability and training, would exert a strong influence in the legislature.

Vote for Dr. Coe.

The voters of the state are now receiving a pamphlet of 126 pages containing all measures referred to the people by the Legislative Assembly, referendum ordered by petition of the people, and proposed by initiative petition. These measures should be carefully studied by every voter. Among them are several that are of great importance, such as the act to increase the annual appropriation for the state university to \$125,000 a year, a constitutional amendment providing for the exemption of much property that is now taxed and the placing of taxation on land values—a step in the direction of the single tax; a constitutional amendment establishing the recall; a bill for a law establishing Statement No. 1; a bill for the protection of salmon and sturgeon in the Columbia and Sandy rivers; and several other measures. The voter should study these various measures so that he can vote intelligently thereon at the general election. There is a strong movement over the state to discredit direct legislation by the people as provided by the initiative and referendum and if the voters fail to treat in an intelligent manner the various measures that will be submitted to them at the general election, the opponents of the initiative and referendum will cite it as a reason for abolishing the measure. As this law now stands it may be susceptible of abuse but its weak points can be remedied. The system of direct legislation is a great safeguard against corrupt politics and in favor of good government, and any step toward abolishing it would be a long step in the wrong direction. The old political ring that ruled Oregon so long and so corruptly has no love for the initiative and referendum and is doing all in its power to discredit it. Therefore, it behooves the people to study carefully the various measures pro-

## A Narrow Escape

Many people have a narrow escape from pneumonia and consumption as a result of a cold that hangs on. Foley's Honey and Tar cures coughs and colds no matter how deep seated and prevents pneumonia and consumption. Refuse substitutes.—C. W. Merrill, Druggist.

Gophers, Sage Rats and Prairie Dogs annually devastate our fields of growing grain. Their number may be greatly diminished by a systematic warfare upon them. Every female killed before the young are born, reduces the number of pests at least ten fold.

"Woodlark" Squirrel Poison is the most reliable and destructive agent yet devised for their extermination. It is absolutely certain in its action and every kernel is warranted to kill. Climatic changes or moisture of the earth do not destroy its strength. It requires no mixing or preparation, and is always ready for use. No other is so good. Dealers will refund the purchase price, if not as claimed.

posed, and prove at the general election that they can pass upon them intelligently.

F. E. Dayton has entered the race for the republican nomination for assessor, and his announcement appears in this issue. Mr. Dayton has been deputy assessor under Assessor Lafollette and if nominated and elected would make a competent official.

## Thousands Perish

Thousands perish every year from consumption resulting from a cold. Foley's Honey and Tar cures the most obstinate hacking coughs and expels the cold from your system and prevents consumption and pneumonia. It has cured many cases of incipient consumption.—C. W. Merrill, Druggist.

## I Wonder.

I wonder when my love comes back  
From far across the sea,  
He'll put his arms around my neck  
And sing a song to me.

I wonder when we're growing old,  
And the hills are hard to climb,  
He'll take me gently by the hand,  
As in days of Auld Lang Syne.

I wonder when we're through this life,  
And angels hover near,  
We'll meet our friends of long ago,  
To bid us have good cheer.

—F. A. KENNARD.

## AMONG THE CANDIDATES

Politics in Oregon had become a scandal in the eyes of the nation. It had been a game of subtlety and craft, a menacing system to our state and country. Salem was a veritable city of spoils and legislative sessions a period of bold activity for political yeggmen. But times have changed and today Oregon stands foremost in the list of states that would do away forever with the old sodden days—the corrupt and shameful system. As the seven-billed city was not built in a day so this tightly tentacled system cannot be eradicated in a day or a year. Able men and honest voters must complete this purification of the politics of our state.

Prominent in Oregon as a champion of pure politics and an advocate of the eradication of the dangerous system, is Honorable H. M. Cake of Portland. Mr. Cake is seeking the republican nomination for United States senator and is doing so in a way that appeals strongly to the people of Oregon.

Fortunately for those of us who possess little admiration for a wearer of the senatorial toga who has achieved his exalted position by chicanery or politics, Mr. Cake is nothing of a politician. He represents the other type; the reserved, conservative and able lawyer, who believes in the active policies of Roosevelt and has unlimited hope for our state of Oregon.

Though his record is not a political one, Mr. Cake has probably done more towards the development of Oregon, than any other private citizen. It was he who inaugurated the plans of development and advancement that are being so successfully accomplished by the Portland Commercial Club and the Oregon Development League.

Mr. Cake for several years was president of the Portland Commercial Club and in that position brought it to its present state of efficiency.

Oregon at this time has sore need of proper representation in congress. No one will deny that our growth and development has been retarded by want of proper representation at the nation's capitol.

Mr. Cake is an ardent admirer of President Roosevelt, believes in his policies and is convinced that it is to the nation's best interests that they be continued.

Martin, contestant, against Homestead Entry No. 154, made August 19, 1904, for SW 1/4 of NW 1/4, Section 18, Tp. 31 N., R. 12 E., W. 4 S., by John Birmingham, contestant, in which it is alleged that said Birmingham has wholly abandoned said land; that he has never lived on said land and that he has never cultivated said land and that he has been absent from said land for more than 12 months last past, and that said alleged absence from said land was not due to his employment in the army, navy or marine corps of the United States as a private soldier, officer, seaman or marine during the war with Spain, or during any other war in which the United States may be engaged.

Said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on April 29, 1908, before H. C. Ellis, U. S.
