There will be a hot game of ball between the Redmond and Bend teams at Redmond next Sunday. Last Sunday Redmond crossed bats with the Prineville aggregation and held the county seat team down to a close score—8 to 6 in favor of Prineville. The Bend boys are expecting a close game.

Howard Spinning has set out over 8,000 grafts on his farm east of town. These consist of various kinds of fruit but mostly of apples. Among them are 1,500 Newtown Pippins, 1,500 Spitzenbergs, and a few other varieties such as Jonathans, Northern Spy, etc. If the grafts do well he should have fruit trees for the whole country.

Last Monday M. J. Kelley bought the north half of block 12 in the city of Bend. Mr. Kelley is the chief timber scout for the Shevlin company and is always sent to report on new tracts of timber which that company contemplates buying. His purchase of town lots would look as though he believes, as does Mr. Shevlin, that Bend will some day make a large city.

Elwood Roberts was in Bend Tuesday with another load of that fine hay from the Roberts Bros. ranch near Sisters. They have just had several tons baled by Ed. White and are now putting it on the market. They were so well pleased with Mr. White's baling that they insisted that he leave his machine on their ranch all ready for this season's crop. The C. O. D. Co. has changed its plans somewhat in regard to that 265-acre mill pond that can be made on the old Sisemore place. Instead of building one large dam, three smaller ones will be built. This will give sufficient storage for all logs that several mills can use, and will not flood so much ground. It will leave all that flat on which now stands the young orchard free from water, which in itself will make an excellent yard for a mill.
