The ball game at Redmond Sunday ended in a defeat for Bend, the Redmond boys walloping it to the Bend aggregation to the tune of 12 to 3. The first half of the game it was nip and tuck but Redmond finally took the lead. There were no spectacular plays excepting when the Redmond shortstop caught a hot liner, then quickly doubled to second and then to first, putting out three men.

The presentation of "The Deestrick Skule" by local talent Wednesday evening was a great success. A large audience was in attendance and everyone seemed to enjoy heartily the endeavors of the actors to please them. The various parts were taken with ability, and everything passed off smoothly from the rise of the curtain until it dropped at the close. The net receipts from the play amount to \$40.55.

The Ladies Library Club has set aside \$50 with which to pay the librarian's salary for the next five months. They have also authorized the expenditure of \$10 for new books. At a meeting of the club held Thursday a vote of thanks was extended to all who attended the play, for their patronage and support and especially to those who helped in the play. The ladies state that they would be much pleased to have everyone visit the library and draw books, thus getting a return for the patronage they have accorded the library movement.

The party of men from Iowa who came in to look at ditch land were very well pleased with what they saw. Two of them bought land and the others will return in a short time and also invest. They were looking not only for land but were ready to consider other good investments. Edw. Johnson, cashier of the Farmers Savings Bank at Sexton, Iowa, who was one of the party, told The Bulletin that if they were satisfied with matters here some 25 or 30 families from his home section would locate here. And Mr. Johnson was well satisfied. The result will be an Iowa colony in the vicinity.

W. H. Staats has had great good luck with that setting of eggs which he had sent in from California. Out of 68 eggs he secured 48 chicks that are strong and lively. Considering that the eggs were shipped over 1200 miles, the last end of the trip being over a stage line, that is a very good showing indeed. The chicks are from the poultry yards of J. P. White at Calistoga, California, and are from the celebrated Napp strain of White Leghorns. When these chicks reach the laying age Mr. Staats will probably be winning all prizes for the best egg producers in the county. At least, that is what he is figuring on doing.

Mr. Earl J. Wright and Miss Fannie Osborn were married Wednesday at high noon at the home of the bride's parents at Culver, Judge Culver officiating. After the ceremony the guests sat down to a sumptuous wedding dinner, to which all did justice. The bride and groom left the same afternoon for Portland and later will probably take a trip into California, after which Mr. and Mrs. Wright will return to Bend. The young couple are both well known here and have numerous friends, Earl being the popular manager of the Hotel Bend. The bride has resided in Bend about two years and has won many friends for herself by her true womanly qualities. The Bulletin extends congratulations.

Dr. Clarence True Wilson on Women Suffrage.

The question is not whether the women have a right to vote, but it is whether we have a right to compel them all to vote at the dictation of a very small minority of their own number. It is certain the vast majority of our women do not wish the ballot. The laws for the protection of women are improving steadily with the years and every interest of hers is as well safe-guarded as that of any man. If you wish to protect the rights of women, ask yourself today, does my wife want to vote, does my sister, does my mother claim it to be her privilege? If they do not, what right have I to compel them to do it by my ballot?

But it is said we need the ballot of woman to aid us in government. But is it expedient? Will society be improved by the granting of the ballot to women? Will the better element of women come to the front as political workers and fill our offices, or will the worse? Which is the better element of women? The quiet and assuming queens of our homes, our mothers, sisters, wives and sweethearts, or will politics be controlled by the clubwomen? This is not an untried experiment. Four states have given the ballot to woman unconditionally, and after 30 years of woman's voting, politics has not arrived at the moral standard of our own state, in Wyoming, Colorado, Idaho or Utah. But you say, "There are not as many women as men in Wyoming." Yes, but in Utah women are so plentiful that seven or eight of them club together and keep one husband between them, and with this numerous company they have not closed the saloons, or closed the brothels, or prevented gambling dens, or purified politics. Indeed, there are not four states in our Union where politics is so corrupt as in the four states where women vote. It is a sad picture where a man, for the sake of office, sells his integrity, but it is a sadder, and a common sight, in the states where women vote, to see women sell their virtue for offices.

CAN GIVE SPECIFIC INCIDENTS.
I can give specific incidents with names, places and dates, where women, desiring to be assistant county clerks, etc., are sent from the candidates' office to the political boss to there offer her all at the shrine of man, who, but for politics, would not be allowed to enter her home. In every woman's suffrage state, the proverb has had a double emphasis that "Politics make strange companions."

If you wish to prevent such conditions in Oregon, vote "No" on the woman suffrage amendment on June 1st.

Serious Results Feared
You may well fear serious results from a cough or cold, as pneumonia and consumption start with a cold. Foley's Honey and Tar cures the most obstinate coughs or colds and prevents serious results. Refuse substitutes.—C. W. Merrill, Druggist.

For State Senator.
* To the people of the 17th Senatorial district of Oregon:

Respect for your intelligence and desire to serve your best interests, impels me to declare my platform. I believe the Statement No. 1 plan is the only practical way to accomplish the election of U. S. senators by the people, and is therefore the gateway to all other national reforms.

The people of Oregon are entirely competent to elect their representative in the U. S. Senate. Oregon livestock breeders, Oregon fruit growers are world famous. Oregon's resources are unsurpassed. Let us make Oregon the greatest state for good roads, good schools, pure foods, honest weights and measures, honest political methods by intelligent, systematic co-operation. Let us advance every interest. Push for Oregon. Pull for Oregon.

G. SPRINGER,
Democratic candidate for State Senator

TO REPUBLICAN VOTERS

AN OVERWHELMING majority of Oregon's voters by registration have formally declared that they believe in the principles of the Republican Party. Let them now show that they are honest by voting in accordance with their declarations. The Oregon election comes before the Republican National Convention. Let every Republican voter in the Second Congressional District uphold the honor of the Republican Party in Oregon and strengthen the influence of Oregon's delegation in the National Convention by voting for H. M. CARR for United States Senator and W. R. ELLIS for Representative in Congress. If either of these Republican nominees fail of election the primary election system will be discredited and a return of boss rule will be invited. The good name of Oregon's voters will be smirched and Oregon's delegation to the National Convention will be placed in a humiliating position. For the effect it will have on the November election it is imperative that the Republican nominees in the June election shall be elected by an overwhelming majority. As a believer in the principles of the Republican party it is your duty to be at the polls June 1st, and vote for CARR and ELLIS.
