I would like to hit you that way!" The donkey blinked one eye open, batted back one ear and looked as bewildered as Lis master. There they stood watching until we were

two blocks away and lost in the crowd, doubtless pitying the foreign OREGON senorina who evidently had fits.

If remonstrated with the Italian nothing more to be said. The foreigners have started a society for prevention of cruelty to animals which is doing good work, but the Capital, Surplus and Undivided natives can't comprehend why anyone should fuss so.

On arrival at Naples we were dumped bag and baggage onto the warf in the early morning, but no cabs in sight. For 15 minutes we exhausted our Italian and French trying to get one of the excited porters to go and find one. They only jabbered and gesticulated, but never moved a step. Finally a man told Miss Wood in German that none would come. The cab men were on a strike because the authorities insisted upon attaching meters to the cabs to prevent the constant overcharges and inposi-

tions on visitors. Finally a man harnessed our larger baggage over his shoulders and taking the other genuine Foley's Honey and Tar.-C. W. pieces in our hands we filed off to Merrill, Druggist.

#### New Library Building.

Work was begun on the new library building last week, and is progressing very nicely. The buildassures you that "an animal has no ing will be 25 feet by 40 feet in soul," evidently deeming there is size, and will make the library a comfortable home. There is no doubt that when the carpenters get through with it and the ladies of the library association take charge. it will be made one of the prettiest places in town.-Examiner.

Jack Rabbits Increasing. There is a noticeable increase in the number of jack rabbits in this part of Crook county this year. Not so very long ago these rabbits were such a pest in Eastern Oregou that grain crops and gardens were destroyed by them. From present indications it looks as though we were to have a recurrence of the pleague.-Journal.

**Consumptives Made Comfortable** Foley's Honey and Tar has cured many cases of incipient consumption and even in the advanced stages affords comfort and relief. Refuse any but the
