Numerous Showers Benefit Hay Crop.

Haying is in full progress in Crooked river valley and the Journal estimates that 10,000 tons of hay will be harvested within a radius of 10 miles of Prineville. The H. S. Cram place, four miles east of the county seat, will cut 1,100 tons. A large amount of this hay was caught in the field by recent showers after having been cut, but the common opinion is that the rains will be of more benefit to the second crop than they have done damage to the first cutting.

War Against Consumption
All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results.—C. W. Merrill, Druggist.
