MOUNTAIN IS MOVING.

Men Combat Landslide on Southern Pacific in Nevada.

Reno, Nev., Aug. 18.—For the past three days scores of section men in the employ of the Southern Pacific company on the Palisade division in Nevada have been at work trying to prevent the caving of the big tunnel of that company near Palisade. The tunnel is 300 feet or more in length and cost more than \$150,000 to complete. Last year the Western Pacific started a tunnel 50 feet to the south of the Southern Pacific. This was recently completed, and now it is known that the blasting has practically shaken the entire mountain, which is now slowly sliding into the Humboldt river. Big timbers in the Southern Pacific tunnel are being slowly crushed like so much matchwood, and unless a means of combatting the slide is determined upon it may necessitate the company abandoning the tunnel.

A thousand men and twice as many horses and mules were placed at work along the Western Pacific railroad in this state yesterday, and from now on the line will be rushed to completion. For nearly a year operations have been practically at a standstill in this state. The grade has been completed from Salt Lake to a point near Elko, while from this end the grading has reached a comparatively short distance. Work westward will continue now until completed. Trains will probably be running into Winnemucca early this fall.

NEEDS CASH FOR BIG NAVY.

Britain Will Raise Loan of \$600,000,000 for Ships.

London, Aug. 18.—The British government, according to the Daily Telegraph, contemplates raising a large loan in view of the growing naval competition abroad. It is stated that financiers of the highest standing have undertaken to get \$500,000,000 on nominal terms to meet the necessities of the fleet for the next few years without disorganizing the annual budgets or casting a heavy burden upon the present generation. If such a plan is attempted, it will be because it is possible to forecast the future requirements of the navy until a general shipbuilding program has been crystallized and the setting aside of this fund would be a declaration, translated in terms of cash, of the country's intention to maintain a two-power standard at all costs.

NEWS ITEMS FROM WASHINGTON, D. C.

NEEDS LARGER NAVY.

Vessels Out of Commission Must Be Prepared for Emergency.

Washington, Aug. 22.—With the best portion of the American navy in Australian waters on its cruise around the world, and with demands for gunboats in Cuban waters, at San Domingo, Venezuela, Central America and various other places where American interests may need protection, the Navy department has been put to it to secure enough ships to fill urgent needs. Some vessels which have been long out of commission and others which had been relegated to innocuous desuetude because of their antique build and equipment have been ordered into commission, and it is probable that the next congress will be asked to provide for some additional gunboats which can on occasion be utilized for police duty.

The gunboat Ranger, an old iron and wood barkentine, will be placed in commission at Cavite. The Frolic, a mere steam yacht used during the Spanish war, will also be placed in commission and accompany the Ranger to New York. The Wheeling will be placed in commission at the Puget sound navy yard.

BALDWIN WILL LOSE MONEY.

Airship Does Not Come Up to Required Contract Speed.

Washington, Aug. 18.—The airship board of the signal corps today calculated that Thomas S. Baldwin's dirigible balloon traveled at the rate of 19.61 miles an hour during the official trial yesterday at Fort Myer. This speed is subject to correction. Unless General Allen, chief signal officer, allows Baldwin further speed trials, the latter will now receive but \$5,573 for his military dirigible balloon. This is much less than the actual cost of delivering the airship to the government by Captain Baldwin. He estimates the total expense of building the ship at \$8,000.

Captain Baldwin was allowed three speed trials and now will have an opportunity to make three trials four endurance. An average in yesterday's speed trial will have to be maintained.

Enlarge Bremerton Yard.

Washington, Aug. 21.—Naval department officials have decided that Puget sound navy yard shall be made the principal naval station on the Pacific coast and are formulating plans for its enlargement. It already has been decided to recommend at the next session of congress that another drydock be authorized, making three in all, and that when this is under way, a fourth will be asked. It is the intention of the department to equip this yard so it can handle all repair work on the larger vessels on the Pacific and Oriental stations. Detailed plans are now being worked out.

Attack Immigration Law.

Washington, Aug. 21.—The Oceanic and Mercantile Steamship companies have appealed to the Supreme court of the United States the cases which were decided against them in the Federal court of New York and in which are involved the question whether the collector of customs is justified in refusing clearance papers to vessels which refuse to pay penalties imposed upon them for bringing undesirable aliens into this country. This brings into consideration the constitutionality of the present immigration law insofar as it deals with this point.

CATCH JAP SEALERS.

Two Vessels With Crews of 59 Captured by Revenue Cutter.

Washington, Aug. 20.—Dispatches received today by the Department of Justice and the revenue cutter officials of the Treasury department state that two Japanese poaching vessels with total crews of 59 men have been captured by the revenue cutter Bear, near St. Paul's island, the chief island of the seal group in Behring sea. The dispatch received at the Department of Justice came from Assistant United States Attorney Raht at Valdez, who informed the department that the steamer Dora had just put in there.

The captain brought word of the capture, with the statement that the Hinzler Maru, the larger of the two vessels, was painted white in imitation of the revenue cutter Manning, which is at San Francisco, and that in further imitation of the United States vessel the Hinzler Maru carried forward yards of paper mache. The boat had a crew of 32 men and the Zeiki a crew of 27.

The captain of the cutter Bear in his dispatch to the revenue cutter service, says that the captured men will be taken to Unga, Alaska, and turned over to a United States commissioner. He says he has sufficient evidence to convict the men and it is therefore, assumed here that the vessel captured contained seal skins.

Extend Cable to Cordova.

Washington, Aug. 22.—Brigadier General Allen, chief signal officer of the army, today received information that the Washington-Alaska military and telegraph system had been extended to Cordova, Alaska, by the construction of a branch from the existing cable on the north side of Montague island to Cordova. The work was completed by the cable ship Burnside and the office of Cordova was called and opened for business on August 12. General Allen says the branch will be of great convenience, not only to the army, but also to commercial interests in Alaska.

TROOPS SCATTER MOB.

Police of Springfield Also Foil Attempt to Cut Wires.

Springfield, Ill., Aug. 17.—Two deaths from injuries received in previous mob fights, the attempted cutting of the fire alarm wires, the exoneration of Private J. B. Klein, company A, First Illinois Infantry, by a court of inquiry for the killing of Earl Nelson at Kankakee Saturday, and the pursuit of a mob by guardsmen were the chief developments in the race war in Springfield yesterday.

The attempt to cut the telephone and fire alarm wires leading to the city hall was not successful. A policeman saw three men on top of an outbuilding trying to reach the lines overhead. He turned in an alarm to the headquarters of General Wells, commanding a provisional brigade, and the latter dispatched a wagonload of soldiers to the scene. They arrived before the trio had done any damage. The would-be wirecutters fled, leaving their nippers behind.

A genuine scare was caused at the headquarters in the arsenal last night after a squad had been sent to disperse a crowd at Allen and Spring streets. Five minutes later a report reached Lieutenant Colonel Eddy that shots had been fired in the threatened district. He immediately sent a full platoon to the place to reinforce the squad. When the additional soldiers appeared the crowd broke and ran. The soldiers pursued them for several blocks and the district, which is near the scene of Saturday night's lynching, was in an uproar for a few minutes.

The arsenal was crowded last night with negro refugees from Springfield and surrounding towns. About 200 men, women and children sought shelter in the building and slept on the floor or in chairs.

Alarms were more numerous last evening than on former nights. In no single case, however, up to a late hour, was there any circumstance which compelled the use of force. A fire early in the evening at East Mason and Fourth streets brought out the largest crowd, but it was composed mostly of curiosity seekers and was handled easily. Three barns were destroyed by the fire, which is supposed to have been started by mischievous boys.

Governor Deneen explained last night that the disposition of troops at the capitol was not because of any apprehension of danger to that edifice, but because the grounds offered excellent camping facilities and were a strategic point from which Colonel Sanborn could control the situation west of Seventh street.

The state's attorney of Kankakee county called on the governor in the afternoon in an effort to have arrested the soldier who stabbed Earl Nelson with a bayonet in the First Regiment train at Kankakee last night. The governor referred him to the military authorities.

HE CLAIMS VICTORY.

Castro Crows Over Holland, Although No Blood Shed.

Willemstad, Aug. 17.—It seems that the authorities refused to permit the Dutch cruiser Gelderland to enter the port of La Guayra, and this act was regarded at the capital in the light of a defeat for The Netherlands men-of-war. It was celebrated with a reception by President Castro, at which there was music and dancing, and, when the president made his way through the streets of the city, he was given an ovation.

An official of the customs house at La Guayra, who had communication with the Gelderland has been dismissed.

The Netherlands vessel went into La Guayra August 1 and, when she returned here, her commander said that all communication with the port had been refused. The port authorities declined to accept an official communication to the German minister, who is in charge of the interests of the Netherlands in Curacao.

The population of Curacao has petitioned the governor of the colony to declare free the importation and exportation of arms and ammunition.

Gold Amalgam Stolen.

Reno, Nev., Aug. 17.—A sack of amalgam shipped by express to the Carson mint from Manhattan, a few days ago has disappeared. About a week ago two sacks containing gold amalgam worth several thousand dollars, were shipped from Manhattan. Only one arrived at the mint. Where the other is is a mystery. Detectives have found that the shipment, instead of going via Mound House, came to Reno and was forwarded. They believe one of the sacks was stolen while they were being transferred in Reno.

Bars Up Against Curacao.

Willemstad, Aug. 17.—Letters from Venezuela say that all cargoes and passengers coming from Curacao will be refused at Venezuelan ports, but vessels from the island will be admitted without consular despatch.

RIOTING CONTINUES

Two More Deaths Recorded at Springfield, Illinois.

HARD TO MAINTAIN ANY ORDER

Frequent Shots From Ambush at the Troops Serve to Keep Whole Town in Uproar.

Springfield, Ill., Aug. 18.—Following the addition of two victims to the death list, sporadic outbursts of lawlessness in various parts of the city and increased symptoms generally that the mob spirit still rules Springfield, Governor Deneen last night issued six proclamations offering rewards amounting to \$1,200 for the arrest and conviction of the riot leaders. The deaths now number five, but since one death was due only indirectly to the disturbance, no account has been taken of it.

The two new victims were J. W. Scott and a three-weeks old negro baby, the daughter of Mr. and Mrs. Lawrence Payne, of Springfield. The baby succumbed to exposure when its parents started to walk from Springfield to Pittsfield in an effort to avoid persecution. Scott died in a hospital from wounds received Friday night.

Scattered sections of the city were in an uproar at different times during the early part of the night. Harvard park was again the storm center. Twice patrols were fired upon in that vicinity, but in neither case was any one injured. This is the section to which troops were called Sunday night by similar occurrences. Over in the western end of town in the vicinity of the state house and arsenal there were several cases of revolver firing by rowdies.

The marauders traveled in groups of two or three, obeying the orders of the militia patrols to keep moving, but as soon as they were well past the groups of soldiers they drew their revolvers and fired into the air and fled down side streets, escaping in the darkness.

Two arrests, apparently not connected with the rioting, added excitement and served to frighten timid residents. As a consequence calls for troops were frequent and the militia had a hard night.

A picket from Company L, Fifth infantry, fired five shots at a negro who attempted to break the sentry line at Eighth and Jefferson streets early today. The negro escaped.

Thomas Richardson, a brother of the negro accused of attacking Mrs. Mabel Hallam, fled to Mississippi last night after he had been attacked by white men in Harvard park. Tom Richardson was a teamster, and when attacked he jumped from his wagon, leaving the horses standing in the street, went to the railroad station, and boarded a train for the South.

YELLOW PERIL IS REAL.

Canadian Statesman Says America Has Cause to Fear.

Montreal, Aug. 18.—T. Hamer Greenwood, the most prominent Canadian in the British parliament, and a member of the executive committee of the Liberal party of Great Britain, who is visiting Canada, predicts a conflict between Japan and America. He says: "Japan is preparing to restrict the overflow of her people into countries where they are not wanted, but it does not require a prophet to foresee that the feeling between these swarthy John Bulls of the Pacific and the white races of America may soon grow acute and may mean war. Just now Japan is having a struggle to make both ends meet in national finance and has cut down her naval and military program by large amounts."

"I have no doubt myself, however, that when she gets over the enormous losses of the late war with Russia, there will be trouble. If she can stir up and force an alliance with half awakened China the yellow peril will be a reality."
