## FRUIT FARM FOR \$25,000 AND A TOWN LOT FREE. AT BEAUTIFUL LAKEVIEW.

The opening of the old Oregon Military Road Land Grant through lower Lake and Harney counties is throwing upon the market the best and cheapest lands in Oregon. It is the opportunity of a lifetime for Oregon people. There are 11,997 farms for sale, in tracts of 10, 20, 40, 80, 160, 320 and 640 acres, the small tracts suitable for fruits and farming, the large tracts for grazing. Read the following extract from a letter from George Conn, the first United States Land Office Receiver at Lakeview:

"Lakeview, Oregon, June 17, 1908.—Oregon Valley Land Co.—Gentlemen: In 1865 I came to Lake County, and am, therefore, one of the oldest pioneers. The road was established through the best portion of Southern Oregon, and even in 1865 I recall that the grant was, in many places, literally covered with wild plums, and, with rare exceptions, these natural fruits have borne fruits every year since, not to speak of the planted and cultivated fruits, which possess a remarkable flavor and have thriven quite as successfully. Of late years perhaps, the range, especially along the Military Road, has been grazed too closely; still, if fenced, it reproduces very rapidly, and constitutes a country which, even if used as in the past, chiefly for stock, enables those who follow that business to become independent in a short time. Of course, at that early date, and until about 1885, the natural grasses were over knee-deep and covered the great bulk of the grant, and if protected, this same condition would return. Yours truly, George Conn."

Don't miss the opportunity to become owner of a piece of good Oregon land. You won't have to spend a lifetime grubbing stumps.

## You May Choose For Yourself

### EITHER

# 'Hard Times' or 'Good Times'

(FOR IT HAS COME TO BE A PERSONAL PROBLEM WITH EACH BUSINESS MAN)

The "hard times" are over, generally speaking. They are not over for those people who are content to have them continue.

With the advent of Fall activities in business will come to each merchant, to each man who is conducting a business, the opportunity to say a long good-bye to "hard times," or to cling to them a little longer.

It is to be, largely, a test of courage—the making of this choice. A test of advertising courage—mainly.

The stronger business man will choose good times as a matter of course—and will proceed to make the choice effective by a campaign of real advertising. There will be better, bigger, more effective advertising done this fall than ever before.

The afraid-merchant will wonder "where the money is coming from to pay the bills." He will, in some cases, decide that he must not "take the risk." That will be HIS DECISION FOR "HARD TIMES" in preference to "good times," so far as he, personally, is concerned.

Prosperity is now a personal question.

YOURS is a personal question with YOU.

This is both true and important.
