R. E. and G. H. Grimes have taken charge of a large ranch east of Bend owned by parties at Salem, and will proceed to put it under cultivation. Ed Brosterhaus is now putting up a house for them measuring 24x28 with 9-foot posts, and a temporary barn has already been built. Messrs. Grimes bought the horses formerly owned by the Three Sisters Ranch Company.

A. C. Lucas has leased the Pilot Butte Inn to C. B. Turner, who will take possession on the 16th. The Inn has been one of the most popular hostleries in Central Oregon and has always enjoyed a good patronage. Mr. Turner has had much experience in hotel work, and The Bulletin bespeaks for him a like profitable business. Mr. Lucas and family will remain at Bend.

Dr. A. A. Burris writes from Lebanon to The Bulletin as follows: "Enclosed you will find P. O. money order for \$2.00. Please credit same on my subscription. I can't think of trying to get along without The Bulletin. I have greater faith in Bend's future than ever and expect to move onto my place just east of Bend next spring and help what I can in the development of that country."

Mrs. C. A. Jones went out to the Johnston ranch Monday to take depositions in the final proofs of six parties who own tracts of land in that large holding. The parties who made proofs were Mrs. Ada R. Johnston, Miss Helen Johnston, Mrs. Johnston's mother, Mrs. Mary Rowlee, J. A. Boyd, Mrs. Jessie M. Boyd, and Samuel Johnston. Later Mrs. Johnston will move into Bend and occupy her residence here during the winter.

The people who are served by the Tumalo and Gist postoffices are quite dissatisfied with one feature of their mail service. They would prefer to have the mail leave Laidlaw on Saturday instead of on Monday, as at present. Under the present plan their county papers are obliged to lay over at Laidlaw from two to three days, whereas, if the mail went out on Saturday, there would be practically no lay-over and the subscribers in the Gist and Tumalo districts would get their papers much more promptly. The department should order the mail to be carried on Saturday instead of Monday.

Various reports have been sent to the Portland papers regarding the case of smallpox at Bend, and these reports have related a much

worse condition of affairs than actually exists. The patient is getting along very well and is having only a very light attack of the disease. He is now on the road to recovery and when the quarantine has expired he will be in his usual good health. No new cases have developed, and none are expected to. School is in session, people are coming in and leaving town, and business in all lines is progressing in the usual manner. There is no cause for alarm, and at Bend there is no alarm.

George B. Pulliam, a farmer living in the vicinity of Tumalo, died last Tuesday morning at about 1 o'clock at the Hotel Bend, where he had been brought in order that he might be given better medical attention. Mr. Pulliam had been ill for a week or 10 days and was threatened with typhoid fever. He had lost much blood from hemorrhages from the nose and lungs, and was in such a weakened condition that his system could not withstand the strain, and he passed away as above stated, leaving a wife and three children to mourn his loss. Mr. Pulliam was highly respected by all who knew him, and his taking away is a real loss to the community in which he resided. The remains were taken to Wasco, the family's former home, for interment.

A PLEASANT AFTERNOON.

Mrs. A. M. Lara Entertains in Honor of Miss Marian Myers.

One of the pleasantest social events of the season was that tendered the ladies of Bend this afternoon by Mrs. A. M. Lara at her pleasant home. Guests to the number of forty-five gathered at 2 o'clock to spend the afternoon in various ways, the aim and purpose of which were the having of a good time, and, of course, they were not disappointed.

Each lady was given a needle with a red thread and a piece of cloth and requested to "work" on the cloth an image of a cat. This task naturally aroused the ambitions of the ladies and all were anxious to demonstrate their ability with the needle. Much pleasant chattering and merriment were evident while the ladies were so engaged.

Later refreshments were served and the ladies—in the absence of their "better halves"—were paired off into partners. This was done in a unique manner. Paper "cats" had been cut in two and the parts

were distributed among the guests. The ladies who had the two parts of the severed animal that matched were partners, and the one who held the larger half was required to serve the other.

The hostess was assisted in serving refreshments by the Misses Lee West, Pearl Hightower, Helen Johnston and Dorothy Schoolcraft and during the afternoon she was assisted by Mrs. F. F. Smith and Mrs. E. D. Wilson.

This pleasant event was given in honor of Miss Marian Myers, who will leave soon for her home in San Francisco.

PROGRESS OF THE SURVEYS

(Continued from page 1.)

Young's are headed this way. They ran a line up Trout creek, and then surveyed a line up Sage Brush spring to the flat. Parties in Madras from Youngs the first of the week report that the surveyors were running a line up Porter Spring canyon.

A JEWELER'S EXPERIENCE.

C. R. Kluger, The Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed.—C. W. Merrill, druggist."
