REAL SERVICE TO YOU!

IF, BY SOME PERSISTENCY in giving advice, this newspaper can convince every merchant of the wisdom of telling YOU all of his store news that is important—of using enough space in which to do it, and of telling as much of his store-news in every issue as you would be interested in knowing—and—

If, at the risk of over-iteration, this newspaper should convince you that this same store-news is of real, live, palpitating importance to YOU, as fully worthy of your attention as politics, base ball, or crowned heads, or elopements, murders, riots, fashions or functions of the rich—and—

If it should follow that the merchants should prosper in exact ratio to their energy in advertising and that YOU should thrive in proportion to your intelligence in SPENDING YOUR INCOME—then this newspaper will feel that it has accomplished so real a public service that this city will be a still better place in which to live and to do business!
