THE DAIRYMAN.

States that aid their dairymen's associations are as follows: Wisconsin, \$1,000; Minnesota, \$1,500; Illinois, \$1,500; Ohio, \$850; Michigan, \$500; Indiana, \$500.

Dairy Work.

The department of agriculture reports for the last year the following: Nine men have been sent out to assist southern dairymen in improving their methods. The records of sixteen herds show an average increase of \$1.75 in the monthly production of each cow, due to improved methods.

Pasteurized cream churned sweet without starter has been shown to produce remarkably fine butter that kept for weeks after removal from storage. A simple and rapid method for determining the amount of moisture in butter was worked out.

Butter and cheese laboratories have been established at Albert Lea in cooperation with the Minnesota station.

Nine hundred and sixteen dairies supplying milk to Washington were inspected and rated, with an average score of only forty-five out of a possible 100.

Monthly reports from 500 to 600 consumers indicate lax methods in many cases, involving a loss to the dairy country of probably \$5,000,000 a year.

Ohio Dairy Meeting.
The Ohio dairymen's convention will be held at Columbus, O., on Feb. 12, 13 and 14. It is announced that two beautiful pure bred Jersey heifer calves will be given as premiums. The highest score in market milk will be rewarded with a calf from the Alta Jersey herd of D. H. Olds of Springfield, O. The best dairy butter will carry off for its exhibitor a fine calf from the herd of C. A. Pontius of Canton.

Demand For Dairy Cows.
The demand for dairy cows will not be supplied for some years. The west and southwest are taking them by the carload, while Mexico and Japan are sending their representatives here for our best pure breeds and the grades of the different dairy breeds, says W. P. Hersey, president of the Iowa Dairy association.

SAVED HIS BOY'S LIFE.

"My three-year-old boy was badly afflicted, had a high fever and was in a awful condition. I gave him two doses of Foley's Oriso Laxative and the next morning the fever was gone and he was entirely well. Foley's Oriso Laxative saved his life." A. Wolkush, Casimer, Wis.—C. W. Merrill, Druggist.

This Newspaper Aims to
Render

REAL SERVICE TO..... **YOU!**

IF, BY SOME PERSISTENCY in giving advice, this newspaper can convince every merchant of the wisdom of telling YOU all of his store news that is important—of using enough space in which to do it, and of telling as much of his store-news in every issue as you would be interested in knowing—and—

If, at the risk of over-iteration, this newspaper should convince you that this same store-news is of real, live, palpitating importance to YOU, as fully worthy of your attention as politics, base ball, or crowned heads, or elopements, murders, riots, fashions or functions of the rich—and—

If it should follow that the merchants should prosper in exact ratio to their energy in advertising and that YOU should thrive in proportion to your intelligence in SPENDING YOUR INCOME—then this newspaper will feel that it has accomplished so real a public service that this city will be a still better place in which to live and to do business!
