BEND

LOCAL BITS.

County Treasurer King of Prineville was a Bend visitor last Monday.

The Whatsoevers will meet next Friday afternoon with Mrs. A. C. Lucas.

Quite a lot of lumber is being hauled out of and through Bend these days onto farms east of town.

Mrs. L. H. McCann is in from the homestead spending the week with her daughter, Mrs. R. Spencer.

Rev. Moore, after preaching in Bend Sunday, left Monday evening for Silver Lake where he will hold protracted meetings.

"Billy" Robinson has left for Lakeview where he will take charge of the livery stable on the corner and just back of the First National Bank.

F. W. Silvertooth and son John of Antelope were in Bend Saturday night, enroute to Silver Lake, where they are interested in a general merchandise business.

Rev. Walton Skipworth, district superintendent of The Dalles district, M. E. church, will preach at Bend the evening of February 4. All are invited to hear this very able man.

I am now agent for the DeLaval cream separator, and have one of these machines in stock. Step in and examine it. They are a great convenience and money saver for the dairyman. E. A. SATHER. 2115

The Ladies Aid of the M. E. church will meet with Mrs. S. C. Caldwell the first Wednesday in February. It being their regular business meeting a full attendance is desired. Next Wednesday at 2:30 p. m.

Redmondites are planning a grand masquerade ball for the evening of February 27. Tickets, including supper at Hotel Redmond, will be \$1.50. Prizes will be awarded for the best sustained character by both lady and gentleman.

P. W. Benjamin, now of Flushing, Mich., but formerly a rancher in the Pleasant Ridge neighborhood, writes to The Bulletin renewing his subscription and says: "I think a great deal of the Bend country and my friends there. I hope to be back there some time."

Prof. J. Alton Thompson of Laidlaw was a Bend visitor Saturday last. The professor reports that there are quite a number of people at his old home in Michigan who are interested in this section, and he is preparing to send them more or less literature descriptive of this region. The Bulletin acknowledges a pleasant call.

The Whatsoevers will give an entertainment in Lara hall on the evening of February 15. Quite an extended program is planned, but the principal event will be a humorous sketch entitled "Six Cups of Chocolate" and will be presented by six girls. Refreshments will also be served. More complete announcements will be made later.

Byram Bros. are busy making improvements on their ditch land eight miles east of town. They have built a house 12x24 feet and are making other necessary improvements around the place. They plan to have some of their land under cultivation next summer. Messrs. Byram are late comers, having arrived in these parts last December.

A Religious Author's Statement.

For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed some frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy.—C. W. Merrill, druggist.

MASS MEETING.

A meeting called by the school board for the purpose of discussing the organization of a union high school district will be held at 8 p. m., on Friday evening, January 29, in Lara hall. It is desired that all taxpayers, school patrons and others who may be interested in the Deschutes region shall attend.

L. Fox will leave Bend in a few days for southern Missouri and later La Grande, and will return in the spring with his family. Mr. Fox intended to build but the scarcity of lumber may force him to rent. He says he has visited Twin Falls and all the other irrigation projects in the Northwest and believes that the Bend country has advantages over all of them.

Miss Jessie Hartley, teacher of the fifth grade, was struck on the head by a hard snowball, thrown by a high school boy, last Friday noon and rendered unconscious. She was unable to hold school the afternoon of the accident, or this week and her condition is poor. A substitute teacher has been furnished for her class.—Prineville Journal. Miss Hartley visited in Bend with Miss Hazel Caldwell during the Christmas vacation.

Ralph Patterson met with quite a misfortune last Friday in the burning of the cabin where he made headquarters for his trapping operations. When he returned in the afternoon from making a round of his traps he found only a pile of smoldering ruins where the cabin had stood, and everything that he had inside was destroyed. The fire burned one otter and nine martin skins for him, besides an extra fine rifle. The building was the house on Neil Smith's homestead. It is supposed that a coal dropped out of the stove and started the fire.

The sound of the saw and hammer is music in our ears these days. Teams have been hauling lumber, and now the carpenters are at work. Brosterhous Bros. are putting up the new postoffice, the lumber is on the ground for Lara's addition to his warehouse, T. W. Triplett is pushing his new dwelling to completion, J. H. Wenandy will have enough lumber hauled so that the carpenters can begin on his new stable next Monday, and S. C. Caldwell has been making improvements in his storage rooms this week. And at the same time, the new residences of F. F. Smith and J. H. Kelley are nearing completion. Who says that Bend is not growing?

Simple Remedy for La Grippe.

Racking la grippe coughs that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar. The sore and inflamed lungs are healed and strengthened, and a dangerous condition is quickly averted. Take only Foley's Honey and Tar in the yellow package.—C. W. Merrill, druggist.

Vandever's Bear Stories.

L. D. Hoy returned from Seattle Tuesday evening. He had been snow bound on the Deschutes at Bill Vandever's place for a week, and during that time he says Van filled him up with bear stories that would have filled the heart of Roosevelt with envy.—Silver Lake Leader.

Tumalo Items.

TUMALO, Jan. 21.—John Edwards was in Tumalo yesterday. He had just had an exciting chase after a bob cat but only got a coyote, the cat getting into a crevice of rocks south of here.

F. P. Smith of Gist passed through here Friday going to Bend, returning through here today.

Chas. Wimer went to Bend today with a beef.

J. H. Wenandy's teams passed through here today hauling lumber to Bend for Mr. Wenandy's new barn.

Mike Morrison of Bend ate dinner in Tumalo one day last week.

George McCallister and Mr. Winkle of Gist passed through here Wednesday hunting horses.

I. E. Wimer, wife, son and mother were in Tumalo today visiting with G. W. Wimer's family. Mr. Wimer stated that he and his brother-in-law, Mr. Spaugb, will clear 100 acres of new land this spring.

Geo. W. Wimer & Sons have some fine pigs which they are selling at \$2.50 apiece. For further particulars write them at Tumalo, Or.

Everyone is busy now that the snow is gone and the ground is dried off so one can work. All are getting ready for the spring work, and from all indications there will be a large acreage put in this year and from the great amount of moisture that has fallen a crop is looked for this year that will make some of the old knockers sit up and take notice. We are sorry to say we have a few left in this country who have not been thoroughly waked up by the prolific crops that have been raised.

Many little lives have been saved by Foley's Honey and Tar, for coughs, colds, croup and whooping cough. It is the only safe remedy for infants and children as it contains no opiates or other narcotic drugs, and children like Foley's Honey and Tar. Careful mothers keep a bottle in the house. Refuse substitutes.—C. W. Merrill, druggist.

THAT BARN WARMING.

Dance in Wenandy Stable Will Be Pleasing Event.

The dance to be given by the "Bend Anarchists" upon the completion of Wenandy's new stable, will be a regular old-fashioned barn warming of the jolly rollicking sort, with costumes typical of the occasion.

Delegations are expected from Laidlaw, Sisters, Redmond and all the surrounding country. Prineville even is to be represented. Sixty-five to 90 couples can easily be accommodated in the large loft of the barn, but barring very bad weather prospects indicate that the dimensions of the loft are none too large. The price of admission will be \$1.50 per couple, which will include refreshments of a substantial sort, and a treat to real good dance music.

Nearly all the lumber for the building is now on the ground and if no hitch occurs in the work of construction all will easily be in readiness by the 22nd of next month.
