

**PLAN STATE CARE
OF WATER RIGHTS**

(Continued from page 1.)

the person furnishing the bond will pay all damages that may accrue by the delayed enforcement of the Board's determination.

Upon the final determination of the water rights of any stream, a water right certificate shall be issued in the name of the person, corporation or association, descriptive of the rights to which each is entitled, and the same shall be filed for record in the office of the county clerk. Unless the determination reached by the Board of Control and filed with the circuit court is contested, the court, at the expiration of 30 days, shall affirm the action of the Board of Control.

If a contest is brought and the judgment of the circuit court is unsatisfactory to either party, the right of appeal to the supreme court is granted. Pending a final determination of controversies in the courts, the division of water from the stream involved shall be made in accordance with the order of the Board. Any time within one year following a determination of the rights on any stream, any person interested may apply to the circuit court for a rehearing but at the expiration of that time the determination of the water rights as fixed by the Board of Control, as confirmed or modified, shall be final.

Extra Charge for Power.

A definite procedure is outlined for initiating rights to surplus waters by application to the state on prescribed forms. Where such may interfere with determined rights, it is referred to the Board, which has power to limit or refuse the same, subject to appeal to the courts. A schedule of fees is provided for initiating rights. For power, a payment of 25 cents per horsepower up to 100 shall accompany the application; above 100 the fee is reduced to 10 cents and five cents for each horsepower to be developed in excess of 1,000. A fee of \$5 shall accompany each application for water used for mining purposes, in addition to the uniform fee of \$3 for examining the application.

Provision is made for storage and protecting stored water as it passes down natural stream channels to the place of use. Water is made appurtenant to land, subject to transfer under certain restrictions, with review and record by the Board. Rights to the use of water for power development are limited to 40 years from the date of application, subject to renewal under certain restrictions.

Make Water Power Pay Revenue.

For the purpose of securing state revenue from the water powers of the state, Representative Bonebrake, of Benton county, has introduced a bill declaring that all unappropriated waters belong to the state and shall be appropriated to private use only upon application to the State Engineer and the payment of an annual fee of \$3 per horsepower. A horsepower is defined to be 550 pounds of water per second of time falling one foot. The allowance of the application and the payment of the fee makes the appropriator the owner of the waterpower for a 25-year period, with a preference right to re-appropriate at the end of that time in accordance with laws that may then be in force.

Inklings From Gist.

GIST, Jan. 25.—C. L. Gist went to the Cloverdale country Sunday on business. Bert Hodson is the happiest man in Crook county. Twin girls arrived at his home on the 18th inst. Both mother and babes doing well.

Who said Chamberlain would not be elected to the United States senate?

Mr. and Mrs. Charles Carson spent Sunday at Gist.

Mr. and Mrs. Hardy Allen were visiting at Mr. Scoggin's Sunday.

Sixty-three have signed the petition for a rural delivery from Laidlaw to Gist.

There is no case on record of a cough, cold or la grippe developing into pneumonia after Foley's Honey and Tar has been taken, as it cures the most obstinate, deep seated coughs and colds. Why take anything else?—C. W. Merrill, druggist.

DEATH OF D. GREENHALGH.

Answered the Great Summons on Last Saturday.

PLEASANT RIDGE, Jan. 27.—One of the saddest deaths to occur in our neighborhood was that of Daniel Greenhalgh, who answered the great summons on Saturday, the 23rd. About a year ago Mr. Greenhalgh went to The Dalles on business and while there contracted a severe cold which at last resulted in his death. He leaves a beloved wife and two sons grown to manhood to mourn his taking away. Funeral services were held Tuesday afternoon at the home, Rev. Lilly officiating. Interment was made in the Redmond cemetery at Forked Horn Butte.

Daniel Greenhalgh was born in Manchester, England, in 1840. He came to America in 1861 and after working at various occupations in several of the Eastern states, went to California by way of Cape Horn and engaged in gold mining. Later he went to Wyoming and engaged in the cattle business for five years, and then removed to Iowa and later to South Dakota where he farmed and where he was county treasurer for three terms. Leaving there about 13 years later he went to Pullman, Wash., and engaged in wheat farming for 10 years. In the fall of 1904 he came to Crook county and bought 200 acres of sagebrush land and started to build a beautiful home, in which occupation he was interrupted by the call of death.

The last few weeks of Mr. Greenhalgh's life were spent in intense suffering. While his mind was strong and active, his body daily grew weaker until the death angel claimed him and took him to the great beyond. Mr. Greenhalgh had always been a man of strong character, a kind father and an indulgent husband, and his death will be regretted by all who knew him. He met death bravely, stating to his friends that it would be a blessing to leave this life which he always so cherished and take up the life beyond the river. He also stated to his friends he was ready to go.

The family have the sympathy of the entire community in their said bereavement.

The family wishes to express their sincere thanks to their friends for the many kindnesses shown them during their hour of care and grief.

OTHER PLEASANT RIDGE ITEMS.

Quite a large number of our people have been attending the revival meetings at Redmond. All are much pleased with the interest manifested.

Mrs. Iva Stedman, who has been spending the winter with her sister, Mrs. Elsie R. Riley, over on the Deschutes, is now spending a few days with her niece, Mrs. R. E. Sherwood.

Rev. Lamb and Rev. File filled the pulpit at Pleasant Ridge Sunday afternoon in the absence of Rev. Lowther, and also went to Cline Falls in the evening. These young men are a great assistance to Rev. Lowther when he has to go to Gist.

ADDITIONAL LOCALS.

The Bend band will give a dance Saturday night in Lara hall. Don't forget it.

E. B. DeYoe of Portland is again in Bend employed in auditing the books of the D. I. & P. Co. and the C. O. D. Co.

Mr. and Mrs. A. M. Lara arrived home from Portland Monday evening after having spent four tiresome days on the way.

How are you coming with your costumes for that masquerade ball to be given on the evening of Feb. 12. Remember there will be prizes for the best sustained characters.

G. Abrahamson of Holdrege, Neb., and E. G. Titus of Portland, are in Bend this week looking over the country with a view to investing. Mr. Abrahamson states that there will probably be several coming from Holdrege to this section next summer.

The Bulletin is in receipt of a report of the work of the county high school, with the request that the report be published. The length of the article prohibits its publication. The report indicates that the school is in good condition, and shows it to be doing good work.

The North Irrigation Company, one of the subsidiary companies of

the Arnold Irrigation Company, recently adopted resolutions favoring the enactment of an irrigation law patterned after the Wyoming measure. Copies of the resolutions have been sent to Crook county legislators and to Governor Chamberlain.

The Kozzman boys report that a bob-cat has taken up its abode in their camp on Horse Ridge and whenever they are absent makes its headquarters there. Upon their approach it has been seen leaving the camp several times. They are looking after horses on the range in that section and have established camp on the ridge.

Mike Morrison had a brief but exciting runaway Saturday morning. He and Carlye Triplett had hitched up the Brown & Niswonger team preparatory to going to Sisters. Mike got into the rig and took up the lines, when the team started on the dead run without any provocation whatever. They took off across some plowed ground, finally running over a large log, which threw Mike out. He struck on the top of his head and received a bad gash in the scalp about two or three inches long. The hack, as it struck the log, flopped over, one of the wheels striking Mike and bruising him quite painfully. A wheel of the hack was put out of business, the dashboard torn off, and the tongue dislocated. The harness was also pretty badly torn up.

Timber Claim for Sale.

Eight miles from Bend and two miles from a sawmill. For particulars address H. Fruechtenicht, 332 Glisan St., Portland, Or.

Read The Bulletin and be happy.

**OUR SPECIAL FREE
PREMIUM OFFER**

If you will send \$1.50 for a year's subscription to THE BEND BULLETIN cash with order, we will give you, absolutely free, a full paid-up year's subscription to--

**FARM AND FIRESIDE
AND
FOUR SUPERB PICTURES**

THE BULLETIN is offering these pictures as an inducement to secure new subscribers. They are fine reproductions of noted paintings, and are printed in the original colors.

One of these is a picture, 9x13 1/2 inches, of the martyred Lincoln; one is a superb picture of Washington that has never before been published; one is a new picture of Christ—an Easter picture—entitled "Follow Me." This picture is a wonderful one. None other of Christ is so appealing. You certainly will want one of these pictures if you ever see it.

HERE IS OUR PICTURE OFFER:

- With all cash-in-advance subscriptions received from now to Jan. 15, FOUR handsome pictures.
- With all subscriptions received between Jan. 15 and Feb. 15, THREE pictures.
- With all subscriptions received between Feb. 15 to March 15, TWO pictures.
- With all subscriptions received between March 15 and April 15, ONE picture—that of Christ.
- And with the four pictures, you get a year's subscription to THE BEND BULLETIN and Farm and Fireside.

What Is Farm and Fireside?

It is not enough that Farm and Fireside has stood in the front rank of farm papers for the last thirty years; it is not enough that it has barred all questionable advertisements from its columns and guarantees every advertisement it accepts; Farm and Fireside has got to do more than that, and it is going to do a lot more than that; it is going to give to the farmer and his family the very best of practical and helpful material that money can buy. If it is about nothing more important than a post driver, it's going to be told by a man who can make a post driver better than he can do any one other thing. We are going to carry this utility idea through the whole farm and into the kitchen door, where the farmer's wife needs labor-saving helps and practical suggestions just as much as the men folks.

Around this practical working proposition, carried out on a totally new plane, we shall forge material of interest and entertainment, which farm papers heretofore have put into the "can't afford" class.

Farm and Fireside has twelve to fifteen departments covering every phase of farm and home life. Among them are Live Stock and Dairy, Gardening, Poultry, Fruit Growing, Cooking, Fashions, Young People, etc. It prints 20 to 32 pages each issue. We can afford the best, simply because we believe the farmer will pay for the best, now that we have demonstrated our ability to give it to him.

You will find Farm and Fireside better than it has ever been thought possible to make a farm and family paper.

Here is a pointer for you-- Two weeks ago The Bulletin gave its readers

37 Columns

of reading matter; the week before, 35 columns. What other paper in the county gives even half as much?
