The Bulletin acknowledges a pleasant call from Elmer Wormstaff last Saturday. Mr. Wormstaff, with two brothers and their families, came to the Bend country several weeks ago, and bought land east of town in section 2-18-12. He says they are getting along very well with their work, and will have a more or less crop next season. At present he has 30 acres cleared and about 10 plowed.

Remember the "Six cups of Chocolate" in Lara hall on the evening of the 15th. There will be "grab bags" with something fine in each one of them; and also there will be a postoffice with a love letter and valentine for each person present. The Whatsoevers, under whose auspices this pleasant event will be given, desire that their friends remember them by making little articles for the grab bags, and by writing letters for the postoffice.

There are a few chances left on the beautiful fur rug on exhibition in the window of "The Big Store on the Corner"—twenty numbers below 50c and only six above \$1.00. The rug contains 15 beautiful skins, is 7 feet 6 inches wide and 8 feet 2 inches long, lined throughout. It is a magnificent floor rug and some one is going to get it at a very small cost. Somebody is going to be lucky. The rug will be raffled as soon as all the tickets are sold. Are you going to be the lucky one to carry it home?

Thanks Again.
 The Bend Bulletin up in Crook county is one of our best exchanges. It evidently intends keeping abreast of the times, as it has recently added a new press, which from the handsome appearance of The Bulletin must be a little daisy.—Lakeview Examiner.

CONTEST NOTICE.

Department of the Interior,
 U. S. Land Office, Lakeview, Oregon,
 January 21, 1909.

A sufficient contest affidavit having been filed in this office by W. L. Robertson, contestant, against homestead entry No. 2329 (Serial No. 076), made Feb. 27, 1903, for S 1/2 SW 1/4, NW 1/4 NE 1/4, NW 1/4 NE 1/4, Sec. 33, Tp. 22 S., R. 18 E. by Frank A. Abbott, contestant, in which it is alleged that said entryman has abandoned all his right, title and interest under said entry, in this, that he has not since June 1906, or any time since said date, complied with the homestead laws of the United States, with reference to either residence, cultivation or improvement, but on the contrary, has as above stated, abandoned said entry, and wholly neglected to reside, cultivate or improve lands covered by said entry. That said entryman died on or about the 4th day of June, 1908, leaving no known heirs, and that said alleged absence from said land was not due to his employment in the Army, Navy or Marine Corps of the United States as a private soldier, officer, seaman or marine during the war with Spain or during any other war in which the United States may be engaged.

Said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on March 13, 1909, before W. D. West, U. S. Commissioner at Silver Lake, Oregon, and that said hearing will be held at 10 o'clock a. m. on March 27, 1909, before the Register and Receiver at the United States Land Office in Lakeview, Oregon.

The said contestant having, in a proper affidavit filed January 29, 1909, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.

THE ENDLESS CHAIN

With the coming of spring, squirrels, gophers and sage rats regularly appear, to devastate the fields of growing grain. Early in the season, when their natural food is scarce, their numbers may be greatly diminished by a systematic warfare upon them. Every female killed before the young are born, reduces the number of pests at least ten later on. "Woodlark" Squirrel Poison is the most reliable and destructive agent yet devised for their extermination. It is an absolutely certain instrument of death for squirrels. Every kernel is warranted to kill. Climatic changes, dew, frost, or the moisture of the earth do not affect its strength. It requires no mixing or preparation, and is always ready for use. No other is so good. Dealers will refund the purchase price, if not as claimed.

FARM AND FIRESIDE AND FOUR SUPERB PICTURES

THE BULLETIN is offering these pictures as an inducement to secure new subscribers. They are fine reproductions of noted paintings, and are printed in the original colors.

One of these is a picture, 9x13 1-2 inches, of the martyred Lincoln; one is a superb picture of Washington that has never before been published; one is a new picture of Christ—an Easter picture—entitled "Follow Me." This picture is a wonderful one. None other of Christ is so appealing. You certainly will want one of these pictures if you ever see it.

HERE IS OUR PICTURE OFFER:

With all cash-in-advance subscriptions received from now to Jan. 15, FOUR handsome pictures.
 With all subscriptions received between Jan. 15 and Feb. 15, THREE pictures.
 With all subscriptions received between Feb. 15 to March 15, TWO pictures.
 With all subscriptions received between March 15 and April 15, ONE picture—that of Christ.
 And with the four pictures, you get a year's subscription to THE BEND BULLETIN and Farm and Fireside.

What Is Farm and Fireside?

It is not enough that Farm and Fireside has stood in the front rank of farm papers for the last thirty years; it is not enough that it has barred all questionable advertisements from its columns and guarantees every advertisement it accepts; Farm and Fireside has got to do more than that, and it is going to do a lot more than that; it is going to give to the farmer and his family the very best of practical and helpful material that money can buy. If it is about nothing more important than a post driver, it's going to be told by a man who can make a post driver better than he can do any other thing. We are going to carry this utility idea through the whole farm and into the kitchen door, where the farmer's wife needs labor-saving helps and practical suggestions just as much as the men folks.

Around this practical working proposition, carried out on a totally new plane, we shall forge material of interest and entertainment, which farm papers heretofore have put into the "can't afford" class. Farm and Fireside has twelve to fifteen departments covering every phase of farm and home life. Among them are Live Stock and Dairy, Gardening, Poultry, Fruit Growing, Cooking, Fashions, Young People, etc. It prints 20 to 32 pages each issue. We can afford the best, simply because we believe the farmer will pay for the best, now that we have demonstrated our ability to give it to him.

You will find Farm and Fireside better than it has ever been thought possible to make a farm and family paper.

Here is a pointer for you-- Two weeks ago The Bulletin gave its readers

37 Columns

of reading matter; the week before, 35 columns. What other paper in the county gives even half as much?
