Bend Men Are Contemplating Purchase of \$4,000 Percheron Stallion—Winner of Many Prizes at High-Class Shows.

G. O. Ireland, of the firm of Fawcett & Ireland of Corvallis, is in Bend this week showing a handsome black Percheron stallion which he has for sale. A company of local men are contemplating the purchase of the big fellow, but the transaction has not progressed far enough to warrant giving details.

Potache, 40,064, as he is known on the books of the American registration, is six years old, weighs about 2,000, and was imported from France, where he had been pensioned by the French government, a pension of \$300 having been paid his owners on the condition that he be kept in France for breeding purposes. This pension had to be returned to the government by the importers when they purchased him.

Potache is certainly a prize winner as the following data will prove. He took first prizes at both the Government Show and the Royal Stock show in France; first prize in class and first prize and collection at American Royal Livestock Show at Kansas City in 1904; two medals and four prizes, including two first Missouri prizes, at the St. Louis World's Fair in 1904; also first prize and collection at the St. Louis Fair; first prize and also sweepstakes at Corvallis Stock Show of 1908; grand champion at Oregon state fair, 1908, also winner of first prize at same; first premium for get of sire showing four best colts, and also senior champion at Oregon state fair, 1908; prize winner at International Stock Show at Chicago; first premium for get of sire showing four best

colts at Pacific Northwest Show, 1908.

Mr. Ireland recently sold Bolivar, a big black Belgian, to H. A. Myers & Company at Redmond, mention of which appeared in last week's Bulletin. He desires to leave Potache at Bend, and says the farmers hereabouts would never regret his purchase as it would result in a great improvement of the horses in this section. Mr. Ireland holds Potache at \$4,000, and if he is not sold here he will take him south to the horse country around Silver Lake where he feels confident he can dispose of him. A cut of Potache is herewith shown.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system.—Bend Drug Co.

What Is Farm and Fireside?

It is not enough that Farm and Fireside has stood in the front rank of farm papers for the last thirty years; it is not enough that it has barred all questionable advertisements from its columns and guarantees every advertisement it accepts; Farm and Fireside has got to do more than that, and it is going to do a lot more than that; it is going to give to the farmer and his family the very best of practical and helpful material that money can buy. If it is about nothing more important than a post driver, it's going to be told by a man who can make a post driver better than he can do any one other thing. We are going to carry this utility idea through the whole farm and into the kitchen door, where the farmer's wife needs labor-saving helps and practical suggestions just as much as the men folks.

Around this practical working proposition, carried out on a totally new plane, we shall forge material of interest and entertainment, which farm papers heretofore have put into the "can't afford" class.

Farm and Fireside has twelve to fifteen departments covering every phase of farm and home life. Among them are Live Stock and Dairy, Gardening, Poultry, Fruit Growing, Cooking, Fashions, Young People, etc. It prints 20 to 32 pages each issue. We can afford the best, simply because we believe the farmer will pay for the best, now that we have demonstrated our ability to give it to him.

You will find Farm and Fireside better than it has ever been thought possible to make a farm and family paper.

Here is a pointer for you-- Two weeks ago The Bulletin gave its readers

37 Columns

of reading matter; the week before, 35 columns. What other paper in the county gives even half as much?
