

# THERE'S A REASON

When you go into a store for the first time  
**There's a Reason**

When you go back again the next day for something else  
**There's a Reason**

When you make that store your regular place to trade  
**There's a Reason**

When you tell your neighbors to trade at that store  
**There's a Reason**

When you and your neighbor do the most of your trading at that same store  
**There's a Reason**

And the "REASON" is summed up in just one word—**SATISFACTION**. You are satisfied with the goods, with the prices, with the treatment you receive and with the management of the store in general.

"THE BIG STORE ON THE CORNER" has given this feeling of "satisfaction" to hundreds of customers since the doors were opened a little over a year ago. And this because I have had the

**RIGHT GOODS  
AT  
RIGHT PRICES  
ALWAYS**

My goods are all marked in plain figures and I have one price to all and that price is strictly cash. A store doing a credit business cannot collect all of their accounts. Those who DO pay their bills must help pay for those who do not. **BUY FOR CASH AT A CASH STORE.**

**There's a Reason**

## Special Thurs., Fri. and Saturday Only

**Men's Gloves**

39c quality for	=	25c
50c quality for	=	35c
\$1.00 quality for	=	75c
\$1.25 quality for	=	\$1.00
\$1.75 quality for	=	1.35

These prices are made to move these goods quickly. My Spring and Summer line of Men's Furnishings will arrive this week and I need the room for new goods.  
**That's the Reason**

Bend.

### LOCAL BITS.

Miss Inga Sather returned home last week after a visit of several weeks in Portland.

After spending several weeks in Bend, A. M. Drake left Saturday morning for Portland.

Just received—300 samples of spring and summer suitings. Finest line ever shown in Bend. Style, price and fit guaranteed.—E. A. SMITH.

Henry Shumaker, after working at the Ten Bar ranch for several weeks, moved back to Gist last Saturday.

W. B. Wilson left last Thursday morning for Portland, and later will go to take charge of the ranch in the Burns country of which he was foreman last season.

The D. I. & P. Co. advertises in this issue for 15 men and teams for construction work east of town. A crew has been at work there all winter building laterals. The crew has been composed mostly of farmers who now wish to return to their farm work, and the new men are wanted so as to keep the work going during the summer.

Elwood and Milt Roberts have purchased six lots in the Deschutes townsite, and will build a house thereon in the near future. They intend to sell their ranch in the vicinity of Gist, and will move to Bend as soon as they can dispose of that property. They state that they have always liked it at Bend and will be glad to get back. And Bend people will be glad to have them with us again.

A. O. Walker was a caller in Bend Saturday from his ranch in the old river bed section. He reports that the farmers out there are busy with their spring plowing, and that considerable new land is being cleared and will be put into crop this spring. Mr. Walker has 35 acres of fall wheat—forty fold variety—and he says it is as fine looking wheat as he ever saw, a good stand and healthy appearing.

When Carl Hunter went out to the barn to milk Friday morning, he found a fine, large doe lying by the gate leading into the barnyard. The animal got up and ran off west across the flat south of the D. I. & P. Co. office, swam the river in the vicinity of the Kever place and disappeared over the butte west of town. Three or four hunters finally took after it but were not successful in the chase. The animal had been wounded in some manner—probably by some hunter—and it appeared to have been shot in the jaw. There was quite a pool of blood where it had lain down by the fence during the night.

Apropos of the long walk by Ralph Patterson, reported in a recent issue of The Bulletin, it will be well to chronicle the accomplishment of another pedestrian who comes forward claiming championship honors, this time the feat having been accomplished by Mr. Oscar Myers, who is staying with Philip Francis. One day last week Mr. Myers walked from the Francis homestead to three or four miles south of the Cort Allen ranch on Little river, and then returned to Mr. Francis' in time for supper, walking every foot of the distance. Let's see, that's pretty close to a 40-mile walk in one day. There is no doubt that Mr. Myers is in the championship class.

**A Religious Author's Statement.**  
Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy."—Bend Drug Co.

Oliver Johnson is building quite a good sized barn on his place in town.

J. D. Davidson got away Sunday morning for a business trip to Portland.

Some of the farmers in the vicinity of Bend have finished their spring plowing.

Roscoe Howard returned to Bend Saturday evening from a business trip to Portland.

Found—Flat key that looks like postoffice key. Pay for this ad. and take the key.

Found—Rug about 2½x5 feet in size. Owner can have same by calling at this office and paying for this notice.

Mrs. Roscoe Howard and Mrs. C. A. Jones entertained the Library Club at the former's home yesterday afternoon.

Hunter & Staats are completing preliminary arrangements and will soon begin the clearing of the Deschutes townsite.

Mrs. L. Ellickson arrived in Bend Sunday evening to join her husband, who has bought ditch land east of town.

Fifteen teams and drivers wanted for scraper work. Wages \$4.75 per day for man and team. Apply at D. I. & P. ditch camps east of Bend.

The Whatsoevers will meet with Mrs. Lucas at the Pilot Butte Inn next Friday at 2 o'clock, for work. All members are requested to be present.

The band boys cleared about \$13 at their dance Saturday night. They are still receiving quite a number of compliments on their playing.

Dr. J. T. Guerin, who has been visiting his brother, R. F. Guerin, on the Haswell-Guerin ranch, has decided to locate in Bend and engage in the practice of his profession. Dr. Guerin is an experienced physician and surgeon. For some time he was physician for the Ohio penitentiary, which is said to be the largest prison in the world. He has also been assistant chief surgeon of the Columbus, Sandusky & Hocking Railway Company and for nine years was surgeon for the Northern Pacific Railway Company at its coal mines in Washington. He has likewise been chief surgeon for the Seattle & San Francisco Railway and Navigation Company. Five years ago the doctor spent considerable time in Europe in postgraduate study, working in several large hospitals there. Dr. Guerin will soon be joined by Mrs. Guerin and baby, and they will begin housekeeping in Bend.

How can any person risk taking some unknown cough remedy when Foley's Honey and Tar costs them no more? It is a safe remedy, contains no harmful drugs, and cures the most obstinate coughs and colds. Why experiment with your health? Insist upon having the genuine Foley's Honey and Tar.—Bend Drug Co.

New subscribers every week.

Wm. Reynolds and R. H. Stoll, who moved from LaGrande onto ditch land near Bend last December, have taken the old logging engine belonging to Henry Linster and have attached a donkey engine to it. The new contrivance will be used to pull junipers with and promises to do first class work. Mr. Reynolds claims he can develop 120 horsepower and even more with the engine, if desired, which ought to snare out the junipers in pretty rapid fashion.
