Miss Maude Vandeventer spent the latter part of last week at the home on Little river.

The band has kindly consented to furnish music for the educational meeting Saturday evening.

J. D. Honeyman returned to Bend Saturday evening after spending the winter in Portland.

Henry Linster has his planing mill about finished. A few days will complete the work thereon.

It is expected that several from Prineville will be in attendance at the educational meeting Saturday evening.

G. W. Reynolds, a farmer in the old river bed section, was transacting business in Bend Monday and Tuesday.

There will be a special drill meeting of the fire department Thursday evening. All firemen are requested to be present.

Mr. and Mrs. E. W. Richardson expect a married daughter to arrive from Walla Walla, Wash., next Saturday for a visit at the parental home.

Mrs. M. A. Martin, who has spent the fall and winter with her daughter, Mrs. Carlyle Triplett, left Tuesday morning for her home in Lenore, N. C.

Monday the Lytle Townsite Company sold to Jas. Reed an acre tract which lies directly west of the F. M. Ray place and north of the Henry Hedges tract.

Quite extensive arrangements are being made for the educational meeting to be held in Lara hall next Saturday evening. There should be a large attendance.

It should be distinctly borne in mind that dancing will begin sharply at 8 o'clock Monday evening and close at 1 o'clock. The band, for various good reasons, insists on this.

M. J. Kelley's new house has progressed far enough so that Mr. Kelley and his family moved in last Saturday. A. A. Anthony is now putting on the finishing touches.

Mrs. C. A. Jones left Tuesday for her year's visit with her daughter, Mrs. A. L. Goodwillie, in Chicago, and incidentally to get acquainted with that little granddaughter.

Mrs. A. D. Morrill and children will leave soon for a three months' visit with her mother at Easton, Wash. Mr. Morrill will remain here to attend to the farm work at the Buttes.

Doctor Ferrell was a professional caller in this vicinity several times recently. The doctor, while a new man among us, is very well liked and is having excellent success.—Laidlaw Chronicle.

The Pilot Butte Livery & Feed Barn will be run in connection with the hotel. A new shed with a number of stalls will be furnished to freighters and emigrants. Hay and grain for sale. *itf*

I am now agent for the DeLaval cream separator, and have one of these machines in stock. Step in and examine it. They are a great convenience and money saver for the dairyman. E. A. SATHER. 211f

The Bend Concert Band invites everyone to attend its concert Sunday afternoon at 3 o'clock on the streets of Bend. The band will play some new music and those who attend the concert are assured a musical treat.

Hans Hansen, a farmer in the old river bed section, was transacting business in Bend Thursday and subscribed for The Bulletin, taking away with him a pair of those patent tension shears which we are giving away to all new subscribers.

W. R. Wilkinson is driving a fine and dandy span of young Clyde colts these days. The colts were bought of Robt. Noland when they were sucking colts and are now not quite two years old. They are perfectly matched and will make fine large animals. Mr. Wilkinson is justly proud of them.

The Bend Water, Light & Power Company has ordered a new pump for its plant, the new machine having a capacity of 9,600 gallons an hour. The larger of the old pumps has a capacity of 5,000 gallons, and the two pumps will give a total pumping power of 14,600 gallons an hour, sufficient for all needs.

Hunter & Staats this week sold two lots to John Kellum, a recent comer to Bend. The lots are lots 1 and 2, block 19, city of Bend, and lie directly west of Attorney Benson's place. Mr. Kellum was accompanied to Bend by his wife and young daughter, and will make this his home. He is a baker by trade.

The local Woodmen will soon present a serio-comedy drama, in six acts, entitled "Carl Johnson, Woodman." This has been produced with great success by M. W. A. camps all over the United States and local Woodmen are promising those who attend a very pleasant evening. Music will be furnished by the band. See posters for fuller particulars.

Remember there is to be a dance in Lara's hall next Monday evening. Music by the band. Ice cream and cake will be served at 25c per couple. Tickets \$1.00.

A new postoffice will soon be established to be known as the "Powell Butte" office. Moses Niswonger has received the appointment of postmaster with Mrs. Niswonger as assistant, and the office will be opened as soon as his bond is received and approved by the department. The bond has already been forwarded. It is expected the office will be opened about the 25th.

R. A. Puett and family will leave for California the latter part of May. Both Mr. and Mrs. Puett's health has not been of the best, and they make the change in the hope of being benefitted. They have a large number of acquaintances there. Mr. Puett says he likes this country fine and will not sell any of his property here, as he expects to return some time.

A. B. Baines arrived home from Portland Sunday evening having been called by the illness of the entire family, all having succumbed to the la grippe. The sick ones are recovering, however, and Mr. Baines will leave Thursday to return to his business at the Oregon metropolis. He has gone into the meatmarket business at 428 Washington street. Mrs. Baines and the children will move to Portland the first of next month.

A number of the scholars in the high school and grammar grades, after congregating at the school house last Friday noon, decided to play hookey and go fishing. This they did without the permission of either teacher or parents, and now they are paying for it with a well deserved punishment. Ask them about it and they will perhaps tell you. They are all old enough to be ashamed of such pranks, and undoubtedly they all are, now that the fun of the escapade has worn off.

While surveying about one mile east of W. J. McGillivray's house last week, J. S. Parmenter discovered a wind cave. A strong current of cold air blows out from a small opening in the cave and makes a roaring noise that can be heard at a distance of 40 or 50 feet. It was this roar that led to the cave's discovery. There are numerous wind caves in this section, but it is said that this is the only one from which the wind blows out. The current of air draws in all the others.

The play, "A Case of Suspension," given by some of the young people of Bend last Wednesday evening, was a very pleasant affair, and furnished amusement to an audience that taxed the capacity of Lara hall. The actors took their parts well, and presented in a pleasing manner a humorous picture of college life. One of the best features of the evening was the music by the band, which was greatly enjoyed as was also the cornet duct by Prof. Throne and Creed Triplett. During the play the college girls were serenaded by a quartet which consisted of Messrs. Tom Triplett, J. E. Sawhill, Prof. Throne and Prince Staats, and those present report that the singing by this quartet was fine, indeed. It was a very pleasant evening, and the young people deserve the thanks of the community.

Why a National Bank?

The Government of the United States, is in a sense, a silent partner in every National Bank.

It inquires into the character and financial standing of all applicants before granting a charter for a new Bank.

Sends a special Examiner twice a year to make a thorough examination of all assets, and to advise with the officers and directors.

Requires five sworn statements, showing the exact condition of the Bank at different times each year, which must be published in your home paper.

In fact we are required to live up to the high standard exacted by the Government in all its departments.

MONEY DEPOSITED WITH your home Bank does double service. We loan it to your friends, neighbors and customers and they spend it with your business men.
