

**TO RESUME WORK ON WELL.**

(Continued from page 1.)

Klamath government project. This will be the principal work done this year on the Klamath project.

The Masonic lodge at Burns has purchased a lot and will erect a fine building thereon.

There is some talk of building an electric railway between Klamath Falls and Lakeview.

The Odd Fellows will organize a lodge at Silver Lake soon, with a membership of between 30 and 40.

According to the Hood River News the apple crop at that place will be up to the average this year.

The Burns Times-Herald believes the new experiment farm, to be established by the state, will be located near Burns.

Two tons of liquor were found recently in a cellar at Merrill, in Klamath county, and as a result the proprietor and his clerk have been put under \$3000 bonds to appear for trial.

Little Glen Bennett picked up a piece of rock a few days ago which contained some fine opals, both crystal clear and amber colored. He picked it up where it had been thrown from the town ditch.—Laidlaw Chronicle.

Dr. T. B. Ford of Pendleton, a brother of County Superintendent Ford, has been appointed by Governor Benson to head the Oregon delegation to the peace conference which meets at Chicago May 3 and 4.—Journal.

The Ontario Optimist states that several engineering parties will be put in the field to complete the surveys and estimates of the proposed Malheur government irrigation project. Secretary Ballinger desires to have this work completed when he visits the project in June.

R. H. Bayley, county commissioner, was out viewing roads a few days ago. He tells us that a very much better grade can be had at Trail Crossing than the present one. A very much easier grade can be had on the north side and that the climb on the south can be materially lessened.—Chronicle.

**Making a Study of Forest Products.**

PORTLAND, May 3.—The Forest Service is making a thorough study of the utilization of the products of the forest, and of the lumber and wood-using industries and markets

**Rev. I. W. Williamson's Letter.**

Rev. I. W. Williamson, Huntington, W. Va., writes: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble and am free to say that it will do all that you claim for it." Foley's Kidney Remedy has restored health and strength to thousands of weak, run down people. Contains no harmful drugs and is pleasant to take.—Bend Drug Co.

of this district. In time a report will be had from every considerable wood manufacturing establishment in both states. Each market is studied with reference to the species found, the use of the woods, the source of supply, the distribution of the manufactured wood products, prices and general market conditions. These statistics should be of decided value to all wood users and should promote the wisest and most economical utilization of forest products.

**ADDITIONAL LOCALS.**

G. W. Shriner of Seattle, Wash., accompanied by his step-son, H. R. Palmer, arrived in Bend the first of the week and will locate on a homestead in the vicinity of the W. P. Vaudevert ranch on the upper river. Mr. Shriner is well pleased with the Bend country and has great faith in its future.

Owing to the temporary friction between the city council and the water company in regard to bridging or removing the ditch in the alley in the rear of the Batten cottage, no water had been turned in to the open ditches this spring. This matter has been amicably settled, however, and water was turned in yesterday afternoon.

G. P. Putnam of New York is in Bend to spend several weeks. Mr. Putnam has spent about a year on the Pacific coast, representing Putnam & Sons, Publishers, of which his father is the head. Mr. Putnam has also done considerable writing for different magazines. He wrote articles for the Outlook while the U. S. fleet was along the Pacific coast, and has written more or less for the Travel Magazine. Mr. Putnam is a close friend of Paul Johnson, who spent some time in Bend last summer, and whom Mr. Putnam met in San Francisco.

Russell Catlin and C. C. Settlemier of Salem reached Bend Sunday evening, having come overland in an automobile. They drove the machine from Salem to Portland, then took the boat to The Dalles, where they again put the auto into service and came on to Bend. These gentlemen come to take up residence on the Pilot Butte ranch, in which they are interested. They are building houses on their respective tracts, and are beginning other development work. It is understood that Mr. Catlin will bring his family here about the middle of June.

C. S. Hudson and Dr. U. C. Coe have purchased all the stock held by John Steidl in the First National Bank of Bend. Mr. Steidl has been straightening up some of his numerous business matters in Bend and decided to let go of his bank stock. He feels that he is entitled to a vacation after his trying labors of the past two years, and is planning to take quite an outing during the summer. He and his family plan to drive over the mountains to the coast some time during the summer, spend a few weeks there and then go back to St. Paul and northern Minnesota for a visit with relatives and old time friends. From there they will go south to the gulf, will come west to Los Angeles over the Santa Fe and north along the coast. It will make a delightful outing and a fine vacation.

The Bulletin strives to please.

**Reliable Seeds**

So much has already been said on the importance of buying your seeds from a reliable dealer that to repeat it is only waste of words. **DAKS** Seeds have proved their worth—our increasing business is proof indeed that merit alone has made the Chas. H. Lilly Co. foremost seedsmen on the Pacific Coast. Send for catalog, 120 page, illustrated, descriptive

**OFFICIAL CHARTER OF The First National Bank OF BEND.**

No. 493  
Treasury Department, Office of Comptroller of the Currency, Washington, D. C., March 17, 1909

WHEREAS, By satisfactory evidence presented to the undersigned, it has been made to appear that "The First National Bank of Bend," in the town of Bend, in the county of Crook, and state of Oregon, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of banking;

NOW THEREFORE I, Lawrence O. Murray, Comptroller of the Currency, do hereby certify that "The First National Bank of Bend," in the town of Bend, in the county of Crook, and state of Oregon, is authorized to commence the business of banking as provided in Section Fifty-one hundred and sixty-one of the Revised Statutes of the United States.

IN TESTIMONY WHEREOF, witness my hand and seal of office this seventeenth day of March, 1909.

LAWRENCE O. MURRAY,  
Comptroller of the Currency.

**NOTICE FOR PUBLICATION**  
Department of the Interior,  
U. S. Land Office at The Dalles, Oregon.

March 25th, 1909.  
Notice is hereby given that Arthur G. Ely, of Bend, Oregon, who, on April 15th, 1904, made Homestead Entry (Serial No. 52141) No. 1259, for the SW 1/4 Sec. 10, Tp. 18 S., R. 12 E., W. M., has filed notice of intention to make Final Five-year proof, to establish claim to the land above described, before H. C. Ellis, United States Commissioner, at his office at Bend, Oregon, on the 11th day of May, 1909.

Claimant names as witnesses: Fred A. Hurdell, Edward P. Brouthers, Lavere O. Reed and Lourop H. McCarty, all of Bend, Oregon. 47-465

**NOTICE FOR PUBLICATION.**  
United States Land Office,  
The Dalles, Oregon, April 1, 1909.

Notice is hereby given that the Northern Pacific Railway Company, whose post office address is St. Paul, Minnesota, has this 1st day of March, 1909, filed in this office its application to select under the provisions of the Act of Congress, approved July 1, 1862 (16 Stat. 297, 300) as amended by the Act of Congress, approved May 17, 1908, the NE 1/4 of SE 1/4 section 26, Tp. 22 N., R. 11 E., W. M.

Any and all persons claiming adversely the lands described, or desiring to object because of the mineral character of the land, or for any other reason, to the disposal to applicant should file their affidavits of protest in this office, on or before the 26th day of May, 1909.

C. W. MOORE, Register.

**These Patent Tension Shears FREE! To BULLETIN Subscribers.**

This latest and most useful Household Invention will be sent FREE, postage prepaid, to every new, cash-in-advance year's subscription to The Bulletin. If you are already a subscriber, send us \$1.50 on your own subscription and \$1.50 for a year's subscription for your neighbor or someone who is not now getting The Bulletin, and get a pair of these shears free.

If your subscription is about to expire you cannot afford to miss this opportunity to secure a pair of Shears whose cutting edge will never wear dull, and which will cut anything from wet tissue paper to a heavy horse blanket. A pair of these shears are given free to every new cash-in-advance subscriber.

The Tension Spring attachment does away with resharpening entirely and enables the user to set the tension on the rivet so that any kind of material may be cut with perfect ease without tiring the hand. The Tension Spring takes up all wear on the rivet, making the shears practically indestructible. A simple turn of the little thumb-screw, shown in the engraving, tightens up the blades as closely as may be desired. Any woman who has had the exasperating experience of trying to use a dull pair of shears can readily appreciate the value of the new invention WHICH KEEPS THIS PAIR OF SHEARS ALWAYS SHARP and in perfect cutting condition. No matter how many pairs of shears or scissors you may have around the house, you need this pair with the Tension Spring, and when you get and use it once, you will use it in preference to any other you may have. These shears are perfectly finished and heavily nickel-plated.

**WE GUARANTEE**

the quality of the material and workmanship in this pair of shears to be first class, that the Tension Spring device doubles the usefulness of the shears and does away with the need of resharpening. Furthermore, a Guarantee Certificate, by the manufacturers, accompanies every pair, agreeing "that if this pair of shears BREAKS or in any way becomes defective within FIVE YEARS from date of purchase it will be replaced with a NEW pair without cost."
