

A Magnificent Horse.

The attention of all persons interested in the improvement of horses throughout this district of the county is called to the fine percheron stallion Luther, the property of the Pickett Island Percheron Horse Company of Laidlaw, Oregon.

This horse will be at Laidlaw from Saturday noon to Tuesday noon of each week and at Bend Wednesdays, Thursdays and Fridays, during the season of 1920—up to July 24th or later.

The closest scrutiny and examination will satisfy the most exacting of judges that this horse possesses all the qualities and approaches nearest to perfection than any one of his many competitors for public favor, throughout the entire county.

In confirmation he is perfect in temper and disposition all that a good horse should be—perfectly docile. Kind and gentle, with splendid action, the requisite weight and just the right age, being four years old making him one of the most desirable horses in the state.

Luther has been placed in good hands for the season. Mr. John Fryer, who has assumed charge of him, is no novice in the care of such animals, and all persons are assured of good management and care, and that the service of this horse will be devoted to the best interests of breeders.

Luther is a spirited horse, comes with the best recommendations and should give the season satisfaction. He was first prize at every show in which he was entered, but he also won the gold medal given by the Percheron Society of America, and also a cup for a grand sire in which he stood evenly at the head given by the same society.

This horse is the first prize winner that has been sold in the west at \$10,000 a piece, and when services are offered to the public at such reasonable terms.

Admission to good horses are invited to come and examine Luther. They will find him all that is desirable, and that is best guaranteed. The Percheron Information Book has been sent.

These Patent Tension Shears FREE!

To BULLETIN Subscribers.

This latest and most useful household invention will be sent FREE, postage prepaid, to every new, cash-in-advance year's subscription to The Bulletin. If you are already a subscriber, send us \$1.50 on your own subscription and \$1.50 for a year's subscription for your neighbor or someone who is not now getting The Bulletin, and get a pair of these shears free.

If your subscription is about to expire you cannot afford to miss this opportunity to secure a pair of shears whose cutting edge will never wear dull, and which will cut anything from wet tissue paper to a heavy horse blanket. A pair of these shears are given free to every new cash-in-advance subscriber.

The Tension Spring attachment does away with resharpening entirely and enables the user to set the tension on the rivet so that any kind of material may be cut with perfect ease without tiring the hand. The Tension Spring takes up all wear on the rivet, making the shears practically indestructible. A simple turn of the little thumb-screw, shows in the engraving, tightens up the blades as closely as may be desired. Any woman who has had the exasperating experience of trying to use a dull pair of shears can readily appreciate the value of the new invention WHICH KEEPS THIS PAIR OF SHEARS ALWAYS SHARP and in perfect cutting condition. No matter how many pairs of shears or scissors you may have around the house, you need this pair with the Tension Spring, and when you get and use it you will use it in preference to any other you may have. These shears are perfectly finished and heavily plated.

WE GUARANTEE

the quality of the material and workmanship in this pair of shears to be first class, that the Tension Spring device doubles the usefulness of the shears, and does away with the need of resharpening. Furthermore, a Guarantee Certificate, by the manufacturer, accompanies every pair, assuring that if this pair of shears BREAKS in any way, becomes defective within SEVEN YEARS from date of purchase, it will be replaced with a NEW pair without cost.
