## COURT HOUSE IS NOW FINISHED

Accepted by County Court at the Adjourned Session.

### ONE OF THE BEST IN OREGON

Contractors Have Done Extra Good Work, and Finished Before the Time Limit Expired—Some Interesting Figures of Cost.

The new court house at Prineville is now completed and has been accepted by the county court. Contrary to what is often the case, the contractors have done exceptionally good work and to do this have voluntarily gone to a greater expense than the specifications called for. The new court house is one of the very best in the state.

Contractor Shipp enjoys the unique distinction of having fully completed his contract before the time limit had expired. The county was thereby enabled to save a large amount of expense and inconvenience in holding the May, 1909, term of the circuit court. Judge Bradshaw expressed himself as being delighted with the building and its conveniences.

Following are some facts and figures that will interest Crook county tax payers:

Paid W. D. Pugh for plans and specifications	\$ 1,700 00

In addition to the above Contractor Shipp has, without any cost whatever to the county, furnished the following items of labor and materials, none of which were called for by the specifications:

Painting roof an extra coat of lead and oil paint	55 00
Checking all finish to imitate oak	75 00

The following extra work and materials were furnished without additional cost to the county, by J. A. Bernardi of the firm of Bernardi & Dunsford:

Cost of lowering boiler, excavating, stone work and cement floor	44 00
Covering smoke stack with asbestos	7 00
Leaving outlets in steam mains for future use	9 00

Necessary furniture for the several offices is expected to be in position by the middle of June, but no payments thereon will become due until next year's taxes are collected.

The Crook county high school has been given permission to use the old court house for the ensuing year to accommodate the normal department just established. The cost of moving the building to the school lot and fitting the same for school use will be paid out of the high school fund.

## A FIELD OF GRAIN IN THE FERTILE BEND COUNTRY.

### STAGE DRIVER FOUND DEAD.

Body of D. J. Tipton Found in Field Near Antelope.

The body of D. J. Tipton was found in the field of Judd Bennett, near Antelope, on May 16. Tipton was a stage driver and had driven the Prineville-Rosland stage at different times.

Although a thorough investigation was made, the cause of the death could not be ascertained. Indications pointed to the fact that the man had been dead some two weeks. Two pairs of trousers and a loaded gun were found some 10 feet distant.

The authorities did not attempt to remove the remains but interred them where they were found.

"Dick" Tipton, as he was commonly known, was about 30 years old. He had driven the stage from Prineville to Shaniko during the spring, and afterward was transferred to the Shaniko-John Day line. Later he worked for Fred A. Young, an Antelope sheepman.

When last seen alive Tipton was in Shaniko and was said to have been intoxicated.

### Ericksons Have Appealed.

Mr. and Mrs. C. H. Erickson furnished a \$2,000 bond each and were released last week. The bond was set at the above amount by the court, but a bond was secured for the two in which the bondsmen qualified to the amount of \$12,500, of which \$9,000 was furnished by people in the eastern part of the county, and the balance at Bend and vicinity. The Ericksons have appealed their case.

### Will Build a Railroad.

The Tacoma Ledger of May 14 has the following note regarding the formation of a construction company, which will build a railroad into Central Oregon:

"The Pacific & Oregon Construction company, a \$50,000 corporation, filed articles of incorporation with the county auditor yesterday through L. S. Boutell, H. R. Dougherty and A. E. Law, who are named as trustees. The capital stock is divided into shares at \$100 each. The company is a subsidiary of the Pacific & Oregon Railway & Navigation company recently incorporated by the same men. While all details concerning the plans of the two concerns are carefully guarded from public knowledge, it is known that the incorporators are backed by an English syndicate and will shortly begin the construction of a line of railroad in Central Oregon. Several Tacoma and Seattle contractors are now preparing figures for the work."

### A TAME GAME.

Bend an Easy Victor Over Redmond in Last Sunday's Contest.

The ball game Sunday between Bend and Redmond was rather a tame affair. Up to the sixth inning it was a walk-away for the local team, but at that time the Redmond boys gingered up a little and the Bend players made a few poor plays, the result of which was that the visitors ran in four scores in that inning, making the score 7 to 8 at the close of the sixth. The balance of the game was close enough to be interesting, ending with a score of 10 to 8 in Bend's favor. There were no spectacular plays by either team.

Staats pitched the first three innings for Bend, with Kulp in the box the balance of the game, Rennels and Immelee threw for the visitors. Following is the score by innings:

	1	2	3	4	5	6	7	8	9
Bend	4	0	0	0	0	2	0	0	4
Redmond	0	1	2	0	0	4	0	0	1

These rigs will leave the Bend Drug Store at 8 o'clock so if you want to attend, you had better be there promptly at the appointed hour. The charge for the round trip will be: Adults, \$1.00; children from 12 to 15, 75 cents; under 12, 50 cents.

### Bend Boys Defeated.

A team of Bend youths went to Prineville last Sunday to play ball and were "done up" to the tune of 16 to 0. The boys claim the umpire's decisions were rank and that Prineville "ran in" a number of players who were older than the stipulated age limit. A return game will be played at Bend next Monday.

### Royal Neighbors Surprise Woodmen.

While the Woodmen were in session last evening they were suddenly surprised by the Royal Neighbors, who came trooping into the hall carrying with them the essentials for one of the finest "feeds" ever eaten, as the Woodmen describe it this morning. Forty plates were laid and an hour or two was spent in a most delightful social manner.
