The "Anarchists" gave a very pleasant dance last evening in Lara hall.

Miss Nona Richardson, Miss Dunsmore and Miss Sarah Wormstaff were guests of the Misses Vandevent at their ranch home last Saturday and Sunday.

W. H. Vye of Bemidji and J. A. Vye of St. Paul, Minn., are taking a trip through the West and incidentally dropped into Bend to look over the country. W. H. Vye is a lumberman of Bemidji, and is well acquainted with Mr. and Mrs. Lakin, Mr. and Mrs. Muncey, and several other Bemidji people who were formerly residents of Bend. He is quite well pleased with this section and says it is certain to have a prosperous future, due largely to its timber and agricultural resources. J. A. Vye is secretary of the agricultural school of the university of Minnesota. The gentlemen expect to remain in these parts several weeks.

The Hotel Bend had a most fortunate escape from a disastrous fire last Sunday morning. It has been the custom to keep a wall lamp lit during the night and placed above the wash sink in the rear of the hall, behind the stairway. Sunday morning it was found that the lamp had fallen into the sink and was broken, while a wide strip of the wall paper had been entirely burned extending nearly to the ceiling. In several places the fire had gotten considerable headway and had scorched the pine boards behind the wall paper quite badly. Nothing is known as to what started the fire or what put it out but it is supposed to have gone out of its own accord. The night man says the accident happened some time between midnight and 4 o'clock in the morning.

This latest and most useful Household Invention will be sent FREE, postage prepaid, to every new, cash-in-advance year's subscription to The Bulletin. If you are already a subscriber, send us \$1.50 on your own subscription and \$1.50 for a year's subscription for your neighbor or someone who is not now getting The Bulletin, and get a pair of these shears free.

If your subscription is about to expire you cannot afford to miss this opportunity to secure a pair of Shears whose cutting edge will never wear dull, and which will cut anything from wet tissue paper to a heavy horse blanket. A pair of these shears are given free to every new cash-in-advance subscriber.

The Tension Spring attachment does away with resharpening entirely and enables the user to set the tension on the rivet so that any kind of material may be cut with perfect ease without tiring the hand. The Tension Spring takes up all wear on the rivet, making the shears practically indestructible. A simple turn of the little thumb-screw, shown in the engraving, tightens up the blades as closely as may be desired. Any woman who has had the exasperating experience of trying to use a dull pair of shears can readily appreciate the value of the new invention WHICH KEEPS THIS PAIR OF SHEARS ALWAYS SHARP and in perfect cutting condition. No matter how many pairs of shears or scissors you may have around the house, you need this pair with the Tension Spring, and when you get and use it once, you will use it in preference to any other you may have. These shears are perfectly finished and heavily nickel-plated.

WE GUARANTEE

the quality of the material and workmanship in this pair of shears to be first class, that the Tension Spring device doubles the usefulness of the shears and does away with the need of resharpening. Furthermore, a Guarantee Certificate, by the manufacturers, accompanies every pair, agreeing "that if this pair of shears BREAKS or in any way becomes defective within FIVE YEARS from date of purchase it will be replaced with a NEW pair without cost."
