I have other things that will interest you, so do not forget to step in.

THE BIG STORE

THAT'S LARA'S--AT BEND.

You Are Too Wealthy To Wear Poor Clothes

Did you ever stop to think that it's false economy to go poorly dressed—that a shabby, slovenly appearance may keep you from securing a good position; that it leaves a poor opinion concerning you in the minds of the men who "do things" today—who accomplish results—who make good—the sort of men you want to associate with.

Now, this doesn't mean floppy, studish dressing—It means that the wise man will be neatly and tastily dressed—JUST WELL DRESSED.

And in this I can help you. Select the fabric you prefer from my large list of samples; I will take your measure; and a fit is guaranteed.

One of my well-fitting, made-to-order suits will cost you no more than a shabby, hand-me-down.

E. A. SMITH
BEND

If you are one of the two people necessary to a real estate transaction, let a "For Sale" ad. introduce you to the other one.

The "prices of things" as they appear in the ads. today, make reading that is personally important to you.

LOCAL BITS.

Ben McCaffery of Redmond was a Bend caller Monday.

Hot water always can be had for bathing at the Pilot Butte Hotel.

A. M. Lara left Thursday morning on a business trip to Portland.

L. L. Fox is clerking for S. C. Caldwell since the departure of C. L. Whitted.

Hans Johnson has been confined to the house the past week with an attack of appendicitis.

Miss Maude Vandeventer spent the latter part of last week visiting with friends in Prineville.

R. T. Johnson and wife were callers in Bend Thursday from their Powell Buttes ranch.

Mrs. Nick Smith offered final proof on her homestead before Commissioner Ellis last Friday.

Looking for the best that's going? Seek no further; you are right by trying the Eagle Cigar.

Good eighty of irrigated land six miles east of Bend for sale cheap. For particulars call at this office.

The Whatsoevers will meet at the home of Mrs. C. M. Redfield Friday afternoon. Work and business.

Hugh O'Kane returned the latter part of the week from his Portland trip, Mrs. O'Kane remaining for a longer visit, however.

Dan R. Smith and wife spent several days in Bend the latter part of the week, when Mr. Smith offered proof on his homestead.

Word reached Bend last Thursday that Frank Hammond, a brother of Mrs. Phillip Francis, had died, that morning, in the hospital at Hood River.

There will be 17 instruments in the band for the celebration. The boys are practicing diligently and will treat the visitors to some fine music on that day.

A few days ago someone removed the barbed wire from the posts of a fence on Dr. Burrows' ditch land northeast of town, appropriating the wire to his own use, presumably.

G. P. Putnam and C. S. Hudson drove up to the George Jones homestead Saturday evening and spent Sunday fishing in the Deschutes in that vicinity. They report very good luck.

S. C. Caldwell is having a new storage cellar built at the rear of his store. It has stone walls, and the roof will be covered with sawdust. It will make a fine, cool place in which to store butter, etc.

W. R. Lawson and family left yesterday on an over-land trip to Baker City, and will spend the summer attending to business matters and visiting friends and relatives in the eastern part of the state.

Miss Iva Booth was treated to a shower this afternoon by her girl friends, who are numerous, in anticipation of the coming wedding of Miss Booth, which will take place the latter part of the month.—Prineville Review.

C. N. Marten, traveling salesman for the D. I. & P. Co., has been in Bend during the week accompanied by John H. Washington, of Elma, Wash., and O. A. Samuelsen, of Coeur d'Alene, Ida., who are prospective land buyers.

The band boys were so well pleased with the excellent manner in which "Dad" West presided at the cooking of the trout at their recent picnic that they tendered him a unanimous vote of thanks at their last regular meeting.

F. O. Downing, E. R. Heilig and N. D. Stearns are in from Portland for an outing on the upper Deschutes, and spent the first of the week at Crane Prairie with "Dad" West as guide. Mr. Downing is a member of the D. I. & P. Co.

Do you smoke? Do it now and here—then you will be right—by smoking the Eagle.

Those baths at the Pilot Butte Hotel are something fine—two large tubs. 11f

It's Luck to Smoke Puck

The Better than 5c Cigar

The Cigar in the Green Box

The Pilot Butte Livery & Feed Barn will be run in connection with the hotel. A new shed with a number of stalls will be furnished to freighters and emigrants. Hay and grain for sale. 11f

The new uniforms for the band will arrive in a few days, already having reached Shaniko. The color of the goods is cadet gray and the suits are trimmed in black. The band is certain to make a fine appearance during the celebration.

Prof. Throne has secured Martin E. Homme, of Glendale, Or., to assist in the band, and he will arrive to make Bend his home within the next week or 10 days. He plays bb bass and has a \$150 horn, and will be quite an addition to the local organization.

Miss Nona Richardson expects to leave next Saturday to spend several weeks in Washington. She will attend the exposition at Seattle and then will visit at Walla Walla. She will go via Prineville where she will be joined by Miss Katie Dunsmore and the two will take in the exposition together.

The band boys say there will be two hours of solid fun and laughter on Friday evening, July 2, and the occasion for all this fun will be their "nigger minstrel." It's a dandy, so they say. The cast comprises 18 characters, and everyone of them is working hard to have his part properly learned. Remember the date and be sure and attend if you enjoy a good hearty laugh.

Harry Hill has just completed a fine new ice box, or refrigerator, for his popular meat market. It is enclosed within double walls, with a large ice box above. The temperature within it is very low, and the atmosphere is free from moisture. It is a great improvement, one that has been long needed in Bend, and will help materially in giving the best of meat to the patrons of Mr. Hill's market.

Strayed.

From our place May 1, a bay mare branded 12 on left shoulder. Anyone seeing same notify OLGA HASSELBERG, Laidlaw, Or.

Planing Mill and Feed Roller.

I now have my planing mill and feed roller in running order and am prepared to do work in these lines. I solicit your patronage.

HENRY LINSTER.

The First National Bank OF BEND BEND, OREGON

Dr. U. C. COE, President E. A. SATHNER, Vice President
O. S. HUDSON, Cashier
Capital fully paid \$25,000
Stockholders' liability \$25,000

Our Money is Safe. Is Yours?

We keep our money in a steel chest, incased in a steel fire and burglar proof safe, which is kept in our fire proof, stone vault—all doors protected by key, combinations and triple time lock.

Should burglars break in and take all our money, the Bank would not lose a dollar. Why? Because we carry Burglar Insurance, covering loss either by daylight hold-up or theft by night.

We belong to the American Bankers Association, the thief's greatest enemy. In case of burglary they immediately send Pinkerton Detectives, at their own expense to run down the thieves.

Our active officers and employees are all under heavy Bond thereby affording depositors security against dishonesty.

The United States Government has supervision of this Bank at all times; requires us to publish in The Bulletin five times each year, sworn statements of our condition; a special National Bank examiner examines the Bank twice each year, carefully and thoroughly.

The Policy of the Bank is carefully directed by our Board of Directors, who are all local, well known business men, who hold regular meetings and keep in close touch with the Bank and its progress.

Our Motto: Not HOW BIG But HOW GOOD

DIRECTORS:

U. C. COE E. A. SATHNER C. S. HUDSON
