Inasmuch as Monday, Sept. 6, is Labor Day, school will not open on that date, but will be postponed until the day following—the 7th.

S. R. Kelley, who has been at Bend for the past few years, left Friday for Portland where he will remain indefinitely.

M. F. Hawthorne was in town last Thursday on his way to Rosland, returning from helping build the bridge at Lower Bridge.

J. T. Newberry and wife left the latter part of last week for their former home at Forest Grove, Or., and will spend the winter there.

Mrs. M. F. Hawthorne, after spending a week in Bend with her daughter, Mrs. Marion Carter, returned to her home at Rosland last Friday.

George Gates was in town Monday on his way to his homestead on the upper river. Mr. Gates had been working for Mr. Kellum for a few weeks.

M. M. Davenport was in from the Davenport-Stanley ranch Thursday. He reports that he is having great difficulty in securing enough help to properly run the ranch.

John Ferguson will spend the next few weeks on his ditch land west of Prineville. He will clear off the sagebrush and plans to put in a crop next year, preparatory to making final proof.

J. H. Wenandy has been doing a lively business with his stage line during the past week or two. From five to 10 passengers arrive nearly every day, and he has been carrying besides a large amount of express.

J. H. Wenandy now has his fine new automobile in commission and already Bend people are beginning to patronize it. It is a handsome machine, being a 30-horsepower Chalmers-Detroit and will carry five passengers. Monday Mr. Wenandy sent it out to Shaniko with a number of passengers.

The two railroad surveying crews made quite an imposing spectacle as they pulled out to work Monday morning when an enthusiastic kodakist took a shot at the outfit before the Hotel Bend. J. H. Wenandy had one four-horse and two two-horse teams and one saddle horse with the Milliken crew, while with the Wakefield crew he had one four-horse and one two-horse team.

Complaint has been made to The Bulletin that there should be more road signs put up around Bend. It is reported that a man who has lived in Central Oregon for years but who had not been in Bend for many months, had considerable difficulty last week in finding his way here, due largely to this lack of signs.

Frank Orcutt and mother, Mrs. Richard King and Miss Sharpless left in Wenandy's automobile for the railroad Monday morning. Mr. Orcutt and mother will probably stop at Hood River for a time, Mrs. King will go to Web Lake, Wis., and Miss Sharpless returned to her home at Seattle after making proof on ditch land which she owns in this section.

N. M. Eastwood of The Dalles was in Bend Wednesday looking over this section. Mr. Eastwood is acting in the capacity of agent for the D. I. & P. Co. and the Wenandy stage line and has been instrumental in sending a large number of people into this section. He came in to better acquaint himself with it, and was more than pleased with what he saw.

The bridge crew under County Commissioner Bayley made a record for themselves in building the new bridge across the Deschutes at Lower Bridge. They tore out the old bridge and built the new one consisting of 17 bents and being 340 feet long, in just seven days, which is a pretty good record. The crew consisted of five men. By the way, certain ones of the crew report that the bridge was accepted for the county by Jim West and wife.
